Misgivings Poems:

Misgivings Richard Howard, 1979 *Misgivings* C. K. Williams, 2014-09-09 An intense refractory memoir by a major poet *Misgivings* is C K Williams's searing recollection of his family's extreme dynamics and of his parents' deaths after years of struggle bitterness and inner conflict Like Kafka's self-revealing *Letter to His Father* *Misgivings* is full of doubt both philosophical and personal but as a work of art it is sure and true Williams's father was an ordinary businessman angry demanding addicted to the tension he created with the people he loved a man who could read the Greek myths aloud to his son yet vowed never to apologize to anybody His mother was a housewife a woman with a great capacity for pleasure who was stoical about the family's dire early poverty yet remained affected by it even when they became well off Together these two formed what Williams calls the conspiracy that made me who I am His account of their life together and their deaths his father's with suicidal despair and his mother's with calm resignation is a literary form of the reconciliation the family achieved at the end of his parents' lives And as literary form it is novel a series of brilliant short takes a double helix of experience and recollection Few contemporary writers have understood their origins so acutely or so eloquently

Misgivings Richard Howard, 1979-05 *Misgivings* Charles Kenneth Williams, 2000 Williams's father was an ordinary businessman angry demanding addicted to the tension he created with the people he loved a man who could recite the Greek myths to his son yet vowed never to apologize to anybody Williams's mother was a housewife a woman with a great capacity for pleasure who was stoical about the family's dire early poverty yet remained affected by it even when they became well off Together these two formed what Williams calls the conspiracy that made me who I am His account of their life together and of their deaths his father's in a final abandonment of the will to live his mother's with calm resignation is a literary form of the reconciliation the family achieved at the end of his parents' lives composed as a series of short takes a double helix of experience and recollection **BOOK JACKET** **Tales, Poems, and Other Writings** Herman Melville, 2002-07-09 From short masterpieces like *Bartleby the Scrivener* and *Billy Budd* to more obscure even completely unknown works like the epic poem *Clarel* Melville's stories and poems rank among his greatest and most gripping work This unique anthology the first of its kind in fifty years gathers together all of Melville's tales as well as a judiciously edited array of his prose poems literary criticism letters lectures and poetry Though few realize it today poetry was Melville's abiding passion yet his poetry has never received the recognition it deserves until now Containing many writings available nowhere else and edited by leading Melville scholar John Bryant *Tales Poems and Other Writings* includes a comprehensive introductory essay and extensive in many cases groundbreaking editorial commentary It opens a window onto Melville's writing process he was a ceaseless reviser and experimenter and reveals his career long evolution as a writer as well as the full breadth of his literary achievement And it marks a new stage in our ability to appreciate not only the work of one of our greatest writers but the immense dedication that lay behind it John Bryant is a professor of English at Hofstra University He has published five books

and numerous articles on Melville and is the editor of the Penguin Classics edition of *Typee* and the Modern Library edition of *The Confidence Man*. He has been the general editor of the Melville Society one of the oldest and largest single author societies in America since 1990. Moods and Misgivings M Doris Connelly, 2012-04-01 **Duanaire Dáibid Uí Bruadair: Containing poems down to the year 1666** David O'Bruadair, 1910 Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around. Collected poems pretend to be complete but usually are not. Selected poems are altogether unpretentious and reader friendly. But they can be problematic. Who decides what poems are important for inclusion in a volume of selected poems? When the selection occurs during the author's lifetime, may one assume that the author was involved? What motivates the choice of one poem over another? How do readers' preferences influence this choice? How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection? The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now. They offer new insight into the uses both pedagogical and critical of selection. Because *Selected Poems* usually address a large general public, these essays have also been written for all those who wish to know more about how these slimmer, more attractive volumes are produced. **War and Words** Sara Munson Deats, Lagretta Tallent Lenker, Merry G. Perry, 2004-01-01 *War and Words* is a sweeping study of the profound, painful, and most significantly defining cultural moments. Working from Homer through to Hemingway and in all traditions, some of the nation's best scholars of literature illustrate how literature and language affect not only the present but also future generations by shaping history even as it represents it. This powerful collection affirms that the humanities remain a site of the most profound reflection on human experience and historical events that have for better and worse shaped world civilization. *The Poems of David O Bruadair* David O'Bruadair, 1910 **Duanaire Dháibhidh Uí Bhruadair: Containing poems down to the year 1666. [Ir. Tex. Soc., 11]** David O'Bruadair, 1910 *American Poets and Poetry* Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope, broad chronological coverage, and mix of biographical, critical, historical, political, and cultural entries make this the most useful and exciting poetry reference of its kind for students today. American poetry springs up out of all walks of life; its poems are maternal as well as paternal, stuff'd with the stuff that is coarse and stuff'd with the stuff that is fine. As Walt Whitman wrote, adding "Of every hue and caste am I of every rank and religion." Written for high school and undergraduate students, this two-volume encyclopedia covers U.S. poetry from the Colonial era to the present, offering full treatments of hundreds of key poets of the American canon. What sets this reference apart is that it also discusses events, movements, schools, and poetic approaches, placing poets in their social, historical, political, cultural, and critical contexts and showing how their works mirror the eras in which they were written. Readers will learn about surrealism, ekphrastic poetry, pastoral elegy, the Black Mountain poets, and language poetry. There are long and rich entries on modernism and postmodernism as well as

entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points Performing the Literary Interview John Rodden,2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia Performing the Literary Interview is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis **Frederick Douglass and Herman Melville** Robert S. Levine,Samuel Otter,2012-09-01 Frederick Douglass 1818 1895 and Herman Melville 1819 1891 addressed in their writings a range of issues that continue to resonate in American culture the reach and limits of democracy the nature of freedom the roles of race gender and sexuality and the place of the United States in the world Yet they are rarely discussed together perhaps because of their differences in race and social position Douglass escaped from slavery and tied his well received nonfiction writing to political activism becoming a figure of international prominence Melville was the grandson of Revolutionary War heroes and addressed urgent issues through fiction and poetry laboring in increasing obscurity In eighteen original essays the contributors to this collection explore the convergences and divergences of these two extraordinary literary lives Developing new perspectives on literature biography race gender and politics this volume ultimately raises questions that help rewrite the color line in nineteenth century studies Contributors Elizabeth Barnes College of William and Mary Hester Blum The Pennsylvania State University Russ Castronovo University of Wisconsin Madison John Ernest West Virginia University William Gleason Princeton University Gregory Jay University of Wisconsin Milwaukee Carolyn L Karcher Washington D C Rodrigo Lazo University of California Irvine Maurice S Lee Boston University Robert S Levine University of Maryland College Park Steven Mailloux University of California Irvine Dana D Nelson Vanderbilt University Samuel Otter University of California Berkeley John Stauffer Harvard University Sterling Stuckey

S. Eliot, Volume I** T. S. Eliot, 2018-12-04 The first volume of the first paperback edition of The Poems of T S Eliot This two volume critical edition of T S Eliot s poems establishes a new text of the Collected Poems 1909 1962 rectifying accidental omissions and errors that have crept in during the century since Eliot s astonishing debut The Love Song of J Alfred Prufrock In addition to the masterpieces The Poems of T S Eliot contains the poems of Eliot s youth which were rediscovered only decades later poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie Calling upon Eliot s critical writings as well as his drafts letters and other original materials Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem This first volume respects Eliot s decisions by opening with his Collected Poems 1909 1962 as he arranged and issued it shortly before his death This is followed by poems uncollected but either written for or suitable for publication and by a new reading text of the drafts of The Waste Land The second volume opens with the two books of verse of other kinds that Eliot issued Old Possum s Book of Practical Cats and Anabasis his translation of St John Perse s Anabase Each of these sections is accompanied by its own commentary Finally pertaining to the entire edition there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse

T.S. Eliot and the Failure to Connect G. Atkins, 2013-08-29 Here G Douglas Atkins offers a fresh new reading of the past century s most famous poem in English T S Eliot s The Waste Land 1922 Using a comparatist approach that is both intra textual and inter textual this book is a bold analysis of satire of modern forms of misunderstanding *Twentieth-Century Russian Poetry* Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia s shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin s second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandelstam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period

Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date *Bloom's how to Write about Herman Melville* Laurie A. Sterling, 2009 Although he spent much of his career in obscurity Herman Melville the author of classics such as Moby Dick Billy Budd and Bartleby the Scrivener has since become known as one of America's greatest writers How to Write about Herman Melville offers valuable paper topic suggestions clearly outlined strategies on how to write a strong essay and an insightful introduction by Harold Bloom on writing about Melville This new volume is designed to help students develop their analytical writing skills and critical comprehension of the author and his major works The Cambridge Companion to American Poets Mark Richardson, 2015-10-15 This Companion brings together essays on some fifty four American poets from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry The Oxford Handbook of Victorian Poetry Matthew Bevis, 2013-10 The Oxford Handbook of Victorian Poetry offers an authoritative collection of original essays and is an essential resource for those interested in Victorian poetry and poetics
