Krueger, 2005-02-17 This study challenges the view that all courtly literature promoted the social status of women Unlike previous books which focused on knights it starts from the perspective of the woman reader listener Using reader response theory feminist criticism and recent historical studies it suggests that romances taught gender roles often inviting readers to criticise and resist them **Topographies of Gender in Middle High German Arthurian Romance** Alexandra Sterling-Hellenbrand, 2014-05-01 This book explores the metaphor of topography as a mechanism for the inscription of gender roles in Arthurian romance **The Case for Women in Medieval Culture** Alcuin Blamires, 1998-08-27 Misogyny is of course not the whole story of medieval discourse on women medieval culture also envisaged a case for women But hitherto studies of profeminine attitudes in that periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer This book sets out to demonstrate something different that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women on which the more familiar authors drew and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century The Case for Women surveys extant writings formally defending women in the Middle Ages breaks new ground by identifying a source for profeminine argument in biblical apocrypha offers a series of explorations of the background and circulation of central arguments on behalf of women and seeks to situate relevant texts by Christine de Pizan Chaucer Abelard and Hrotsvitha in relation to these arguments Topics covered range from the privileges of women and pro Eve polemic to the social and moral strengths attributed to women and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women The contribution made by these emphases which are not to be confused with feminism in a modern sense to medieval constructions of gender is throughout critically assessed and the book concludes by asking how far defenders were controlled by or able to query assumptions about what was natural and therefore imagined inflexible in gender theory Women and Marriage in German Medieval Romance D. H. Green, 2009-04-02 D H Green shows how German romances found ways to debate and challenge the conventional antifeminism of the medieval period **Medieval Misogyny and the Invention of Western Romantic Love** R. Howard Bloch, 2009-02-15 Until now the advent of Western romantic love has been seen as a liberation from or antidote to ten centuries of misogyny In this major contribution to gender studies R Howard Bloch demonstrates how similar the ubiquitous antifeminism of medieval times and the romantic idealization of woman actually are Through analyses of a broad range of patristic and medieval texts Bloch explores the

Christian construction of gender in which the flesh is feminized the feminine is aestheticized and aesthetics are condemned in theological terms Tracing the underlying theme of virginity from the Church Fathers to the courtly poets Bloch establishes the continuity between early Christian antifeminism and the idealization of woman that emerged in the twelfth and thirteenth centuries In conclusion he explains the likely social economic and legal causes for the seeming inversion of the terms of misogyny into those of an idealizing tradition of love that exists alongside its earlier avatar until the current era This startling study will be of great value to students of medieval literature as well as to historians of culture and gender *Studies on the Spanish Sentimental Romance, 1440-1550* Joseph J. Gwara, E. Michael Gerli, 1997 The genre of sentimental romance re examined and redefined The Lady and the Virgin Penny Schine Gold, 2010-01-15 Penny Schine Gold provides a bold analysis of key literary and artistic images of women in the Middle Ages and the relationship between these images and the actual experience of women She argues that the complex interactions between men and women as expressed in both image and experience reflect a common pattern of ambivalence and contradiction Thus women are seen as both helpful and harmful powerful and submissive and the actuality of women's experience encompasses women in control and controlled autonomous and dependent Vividly recreating the rich texture of medieval life Gold effectively and eloquently goes beyond a simple equation of social context and representation In the process she challenges equally simple judgments of historical periods as being either good or bad for women The Lady and the Virgin presents its findings in a form that should attract students as well as their instructors The careful and controlled use of so many different kinds of sources offers us a valuable medieval case study in the inner relationship between the segments of society and its ethos or value system Joel T Rosenthal The History Teacher Something of a tour de force in an interdisciplinary approach to history Jo Ann McNamara Speculum A well written extremely well researched book The Lady and the Virgin is useful readable and well informed R Howard Bloch Modern Philology **Satiric Advice on Women and Marriage** Warren S. Smith, 2010-02-24 Advice on sex and marriage in the literature of antiquity and the middle ages typically stressed the negative from stereotypes of nagging wives and cheating husbands to nightmarish visions of women empowered through marriage Satiric Advice on Women and Marriage brings together the leading scholars of this fascinating body of literature Their essays examine a variety of ancient and early medieval writers cautionary and often eccentric marital satire beginning with Plautus in the third century B C E through Chaucer the only non Latin author studied The volume demonstrates the continuity in the Latin tradition which taps into the fear of marriage and intimacy shared by ancient ascetics Lucretius satirists Juvenal comic novelists Apuleius and by subsequent Christian writers starting with Tertullian and Jerome who freely used these ancient sources for their own purposes including propaganda for recruiting a celibate clergy and the promotion of detachment and asceticism as Christian ideals Warren S Smith is Professor of Classical Languages at the University of New Mexico **A Feminist Companion to the Apocalypse of John** Amy-Jill Levine, Maria Mayo Robbins, 2010-07-05 An examination of New Testament Apocalyptic

Chrétien de Troyes Douglas Kelly, 2002

The supplement to the 1976 original bibliography reflects the expanding scope of modern Chrétien studies, including items from around the world, with the assistance of an international team of scholars. The Supplement builds on and completes the Chrétien de Troyes Bibliography first published in 1976. Together, the two volumes constitute the fullest and most complete bibliographical source now available on this major medieval author. Chrétien de Troyes bequeathed a corpus of highly original and widely influential Arthurian romances. Indeed, his direct or indirect influence continued throughout the Middle Ages and beyond into modern times. The Bibliography permits students of medieval romance to quickly identify the areas in which Chrétien scholarship has been active. Items are listed under twenty-two topics, with numerous sub-sections under each topic and cross-references for items that treat more than one of the topics. The broad geographic and linguistic scope of modern Chrétien studies is evident in items not only from Western Europe and North America but also from the growing body of medieval scholarship in Eastern Europe, Asia, Africa, South America, and Australasia. To ensure accuracy and completeness, the editor has been assisted by scholars competent in the many languages in which Chrétien studies are now published, most notably in Japanese, Welsh,

Rumanian Hungarian and Polish as well as by other scholars and librarians who generously provided assistance and information in finding items difficult to access

Shakespeare's Late Style Russ McDonald, 2006-08-10 When Shakespeare gave up tragedy around 1607 and turned to the new form we call romance or tragicomedy he created a distinctive poetic idiom that often bewildered audiences and readers The plays of this period *Pericles Cymbeline The Winter's Tale The Tempest* as well as Shakespeare's part in the collaborations with John Fletcher *Henry VIII* and *The Two Noble Kinsmen* exhibit a challenging verse style verbally condensed metrically and syntactically sophisticated both conversational and highly wrought In *Shakespeare's Late Style* McDonald anatomizes the components of this late style illustrating in a series of topically organized chapters the contribution of such features as ellipsis grammatical suspension and various forms of repetition Resisting the sentimentality that frequently attends discussion of an artist's late period *Shakespeare's Late Style* shows how the poetry of the last plays reveals their creator's ambivalent attitude towards art language men and women the theatre and his own professional career

Arthurian Bibliography III: 1978-1992 Caroline Palmer, 1998 Details of all published Arthurian work post 1978 to 1992 If one wants to scoop up nearly everything on an Arthurian subject there is no substitute for the Arthurian Bibliography series ANGLIA In 1981 the first Arthurian Bibliography appeared an exhaustive alphabetical author listing of all critical material recorded in the standard Arthurian bibliographies up to 1978 This was followed in 1983 by the second volume giving full indexes by topic key word and individual work author to form a complete subject index of every topic in Arthurian literature Summaries and reviews were also indicated where they existed Arthurian Bibliography III updates this invaluable reference work for Arthurian scholars to 1992 Compiled from the BBSIA it conveniently contains both author listing and subject index in one volume

The Brink of All We Hate Felicity A. Nussbaum, 2014-07-15 Is it not monstrous that our Seducers should be our Accusers Will they not employ Fraud nay often Force to gain us What various Arts what Stratagems what Wiles will they use for our Destruction But that once accomplished every opprobrious Term with which our Language so plentifully abounds shall be bestowed on us even by the very Villains who have wronged us Laetitia Pilkington *Memoirs* 1748 In her scandalous *Memoirs* Laetitia Pilkington spoke out against the English satires of the Restoration and eighteenth century which employed every opprobrious term to chastise women In *The Brink of All We Hate* Felicity Nussbaum documents and groups those opprobrious terms in order to identify the conventions of the satires to demonstrate how those conventions create a myth to provide critical readings of poetic texts in the antifeminist tradition and to draw some conclusions about the basic nature of satire Nussbaum finds that the English tradition of antifeminist satire draws on a background that includes Hesiod Horace Ovid and Juvenal as well as the more modern French tradition of La Bruyere and Boileau and the late seventeenth century English pamphlets by Gould Fige and Ames The tradition was employed by the major figures of the golden age of satire Samuel Butler Dryden Swift Addison and Pope Examining the elements of the tradition of antifeminist satire and exploring its uses from the most routine to the most

artful by the various poets Nussbaum reveals a clearer context in which many poems of the Restoration and eighteenth century will be read anew
