Popular Literature Poes Not So Soon Forgotten Lore:

Popular Literature J. Lasley Dameron, 1980 **The 1980 Bibliography of Gothic Studies**, 1983 *American Literature and Science* Robert Scholnick, 2021-10-21 Literature and science are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science s conflicting meanings as a central dimension of the nation s conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition *American Literature and Science* stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry

Grim Phantasms Michael L. Burdick, 2017-10-23 This title originally published in 1992 presents an assessment of Poe s short stories that treat horror and more specifically how he manipulated the conventions of that horror to register subtly on the fears and phobias of his reading audiences Short stories examined include *The Black Cat* *Hop Frog* and *Morella* This title also explores the theories of Stephen King and Benjamin Rush on the horror genre This title will be of great interest to students of American Literature

Poe and Our Times Benjamin Franklin Fisher, 1986 **A Road Course in Early American Literature** Thomas Hallock, 2021-02-23 *A Road Course in Early American Literature* Travel and Teaching from Atzl n to Amherst explores a two part question what does travel teach us about literature and how can reading guide us to a deeper understanding of place and identity Thomas Hallock charts a teacher s journey to answering these questions framing personal experiences around the continued need for a survey course covering early American literature up to the mid nineteenth century Hallock approaches literary study from the overlapping perspectives of pedagogue scholar unrepentant tourist husband father friend and son Building on Ralph Waldo Emerson s premise that there is creative reading as well as creative writing Hallock turns to the vibrant and accessible tradition of American travel writing employing the form of biblio memoir to bridge the impasse between public and academic discourse and reintroduce the dynamic field of early American literature to wider audiences Hallock s own road course begins and ends at the Lowcountry of Georgia and South Carolina following a circular structure of reflection He weaves his journey through a wide swath of American literatures and authors from Native American and African American oral traditions to Wheatley and Equiano

through Emerson Poe and Dickinson among others A series of longer place oriented narratives explore familiar and lesser known literary works from the sixteenth century invasion of Florida through the Mexican War of 1846 1848 and the American Civil War Shorter chapters bridge the book s central themes the mapping of cognitive and physical space our personal stake in reading the tensions that follow earlier acts of erasure and the impossibility of ever fully shutting out the past Exploring complex cultural histories and contemporary landscapes filled with ghosts and new voices this volume draws inspiration from a tradition of travel place oriented and literature based works ranging from William Carlos Williams s *In the American Grain* and Jack Kerouac s *On the Road* to Alice Walker s *In Search of Our Mother s Gardens* Wendy Lesser s *Why I Read The Serious Pleasure of Books* and Rebecca Mead s *My Life in Middlemarch* An accompanying bibliographic essay is periodically updated and available at Hallock s website www.roadcourse.us **Strange Nation** J.
