Port Arthur A Place Of Misery:

Port Arthur, a Place of Misery Maggie Weidenhofer, 1981 **Caught on Screen** James Findlay, 2025-10-16 Caught on Screen traverses the history of convict representation for the first time Through archival research into their production and reception the book explores engaging case studies produced in Australia and internationally including the work of Douglas Sirk Alfred Hitchcock Peter Andrikidis and Jennifer Kent From innocent criminals to radical revolutionaries feisty feminists to manly pioneers egalitarian settlers to violent invaders it shows how the shape shifting convict emerged on screen as a potent historical symbol that intersected with and helped to direct major debates about nationalism the legacies of colonisation Indigenous dispossession and the origins and character of Australian society Provided by publisher **The Fatal Shore** Robert Hughes, 1988-02-12 NATIONAL BESTSELLER This incredible true history of the colonization of Australia explores how the convict transportation system created the country we know today One of the greatest non fiction books I've ever read Hughes brings us an entire world Los Angeles Times Digging deep into the dark history of England's infamous efforts to move 160 000 men and women thousands of miles to the other side of the world in the eighteenth and nineteenth centuries Hughes has crafted a groundbreaking definitive account of the settling of Australia Tracing the European presence in Australia from early explorations through the rise and fall of the penal colonies and featuring 16 pages of illustrations and 3 maps The Fatal Shore brings to life the history of the country we thought we knew *Dark Tourism and Crime* Derek Dalton, 2014-11-20 Dark tourism has become widespread and diverse It has passed into popular culture vernacular deployed in guide books as a short hand descriptor for sites that are associated with death suffering and trauma However whilst books have been devoted to dark tourism as a general topic no single text has sought to explore dark tourism in spaces where crime mass murder genocide State sanctioned torture and violence has occurred as an organising theme Dark Tourism and Crime explores the socio cultural contours of this unique type of tourism and explains why spaces places where crime has occurred fascinate and attract tourists The book is marked by an ethics of respect for the suffering a place has experienced and an imperative to learn something tangible about the history and legacy of that suffering Based on empirical ethnographic research it takes the reader from the remnants of Auschwitz concentration camp to the tranquil Australian island of Tasmania to explore precisely what things a dark tourist might encounter architecture art installations gardens memorials physical traces of crime and how these things invoke and evoke past crimes This volume furthers understanding of dark tourism and will be of interest to students researchers and academics of criminology tourism and cultural studies *A Swindler's Progress* Kirsten McKenzie, 2010-03-31 In May 1835 in a Sydney courtroom a slight balding man named John Dow stood charged with forgery The prisoner shocked the room by claiming he was Edward Viscount Lascelles eldest son of the powerful Earl of Harewood The Crown alleged he was a confidence trickster and serial impostor Was this really the heir to one of Britain's most spectacular fortunes Part Regency mystery part imperial history A Swindler's Progress is an engrossing

tale of adventure and deceit across two worlds British aristocrats and Australian felons bound together in an emerging age of opportunity and individualism where personal worth was battling power based on birth alone The first historian to unravel the mystery of John Dow and Edward Lascelles Kirsten McKenzie illuminates the darker side of this age of liberty when freedom could mean the freedom to lie both in the far flung outposts of empire and within the established bastions of British power The struggles of the Lascelles family for social and political power and the tragedy of their disgraced heir demonstrate that British elites were as fragile as their colonial counterparts In ways both personal and profound McKenzie recreates a world in which Britain and the empire were intertwined in the transformation of status and politics in the nineteenth century

culture gender and cultural studies as well as scholars of criminology and justice **Prison** Jacqueline Z. Wilson, 2008

Prison Cultural Memory and Dark Tourism discusses decommissioned Australian prisons currently or potentially functioning as tourist attractions In particular it addresses a fundamental question Do the interpretations and presentations of the sites include and fairly represent the personal stories and experiences associated with those prisons The author argues that the conventional understanding of most of Australia s historical prisons fosters a radical othering of inmates and with it the exclusion distortion and historical neglect of their narratives This book examines avenues via which neglected narratives may be glimpsed or inferred presenting a number of examples This remedies the imbalance in some degree and tests such avenues potential as resources for inclusive interpretations by public historians and curators The book also focuses on the influence of celebrity prisoners whose links to the penal system are exploited as promotional features by the sites and in some cases by the individuals themselves Their narratives provide broad if unwitting support for the system and for the othering of the more general inmate population The ramifications of the above with regard to aspects of Australian identity mean that certain facets of the Australian character traditionally held to be emblematic are affected These effects have subtle but tangible consequences for modern Australians collective memory and deleterious consequences for current popular attitudes to penal practice *Heritage Values in Site Management* Marta De la Torre, 2005 The four case studies included are Grosse Ile and the Irish National Memorial site in Canada the Chaco Culture National Historical Park in the USA the Port Arthur historic site in Australia and Hadrian s Wall *Dark Tourism and Rural Crime* Jenny Wise, 2024-10-08

Bringing a unique rural lens to the analysis of dark tourism in Australia this book covers a range of sites including convict museums sites of serial killings and colonial violence ghost tours and the emerging tourism of bushfire sites While some rural communities develop a dark tourism strategy to maintain economic viability others may distance themselves from what they perceive to be unethical tourism practices Jenny Wise examines the roles geographical locations play in dark tourist sites and how their histories are portrayed considering how the concept of the rural idyll or dystopia plays a part in Australia s national identity **Jeremy Bentham and Australia** Tim Causer, Margot Finn, Philip Schofield, 2022-04-28

Jeremy Bentham and Australia is a collection of scholarship inspired by Bentham s writings on Australia These writings are available for the first time in authoritative form in *Panopticon versus New South Wales* and other writings on Australia a volume in *The Collected Works of Jeremy Bentham* published by UCL Press In the present collection a distinguished group of authors reflect on Bentham s Australian writings making original contributions to existing debates and setting agendas for future ones In the first part of the collection the works are placed in their historical contexts while the second part provides a critical assessment of the historical accuracy and plausibility of Bentham s arguments against transportation from the British Isles In the third part attention turns to Bentham s claim that New South Wales had been illegally founded and to the imperial and colonial constitutional ramifications of that claim Here authors also discuss Bentham s work of 1831 in which he supports the

establishment of a free colony on the southern coast of Australia In the final part authors shed light on the history of Bentham s panopticon penitentiary scheme his views on the punishment and reform of criminals and what role if any religion had to play in that regard and discuss apparently panopticon inspired institutions built in the Australian colonies This collection will appeal to readers interested in Bentham s life and thought the history of transportation from the British Isles and of British penal policy more generally colonial and imperial history Indigenous history legal and constitutional history and religious history *Till Apples Grow on an Orange Tree* Cassandra Pybus,1998 More than just another trip back to the permissive past this unusually honest memoir is both feminist and funny as the author remembers her life in bohemian 60s Sydney and countercultural San Fransisco
