Habets, Philip Halstead, 2018-10-31 Forgiveness is at the heart of the Christian Gospel It goes hand in hand with love mercy and grace the fundamental theological virtues However forgiveness is easier to define than it is to embody This unique collection of essays brings together theologians ethicists and ministry practitioners into a constructive dialog which explores the complex and crucial concept of forgiveness what it is where it is to be found and how it might be practiced These essays reflect the perspectives of those from various traditions who nonetheless take the Christian Scriptures seriously believe that forgiveness is central to living out the Gospel and are creative in the ways in which forgiveness can be practiced Forgiveness is an art and not simply a science as such it requires trust skill and hope alongside love mercy and grace if it is to be embodied This volume offers a unique window into the art of forgiveness and the faithful and innovative ways in which it is to be understood embodied and cultivated **Portraits of God** Allan Coppedge, 2009-09-20 What is God like Answering this is

the great quest of human existence Because God is so different from us we struggle to describe him While doctrinal statements about God certainly have their place in Christian understanding the Bible more often uses God's actions and roles to help us know him better Indeed some of the most helpful insights in Scripture arise when God is compared to something else a rock an eagle or a tower And many human metaphors metaphors taken from the world of actions and relationships bring us even closer to understanding of God In Portraits of God Allan Coppedge suggests we look carefully at God as our Father Redeemer King Judge Priest and Creator These portraits taken together give us an understanding of the Holy One for which no single category is adequate These images work their way through the whole of Scripture They are the doorway allowing us into the mysteries of God's very being In Portraits of God Coppedge offers a comprehensive survey picturing a

God who wants to be known personally and who has profoundly communicated himself Coppedge finds the inexhaustible nature of God to be one of holiness reflected in and best described by the language of diverse roles Approaching God in this way transforms us as churches and individuals to reflect God's own holy character This is a book for students pastors and churchgoers alike Anyone desiring to know more deeply and wholly the Christian God revealed in the Bible will find in Portraits of God a treasure of scholarship and truth

Portraits of Jesus Robert Imperato, 2022-09-01 This is an introduction to the New Testament portrayals of Jesus of Nazareth Analysis of editorial emphases by each author gives access to the ways Jesus is characterized This is an introductory guide to the ways Jesus is depicted in the New Testament Both college students and the general reader will find here a variety of New Testament understandings of Jesus that are rooted in critical reading of the four Gospels and Pauline letters Underlining these

particular portrayals is the historical Jesus a prophet mighty in word and deed who challenged the people running the Temple state This new addition gives attention to his historical context and adds to a realistic understanding of this most studied book and person This work presumes neither religious faith nor lack of faith its aim is to inform and to give the readers portraits as synthetic balance to the vital work of analysis Ideally this book should be read with a copy of the New Testament at hand to answer questions and to test the assertions of reader and author Contemplations Moral and Divine, etc. With a portrait Matthew Hale,1704 **A Portrait of Jesus** T. A. Prickett,2010-08-03 The impulse to publish these sermons came to me after I had successfully published my book For Our Age of Anxiety based on the Sermon on the Mount All of these sermons were first written and preached while I was pastor of the Seven Hills Baptist Church in Owensboro Kentucky where I served for thirty four years As I considered the idea of publishing a follow up book of sermons from the remaining chapters of Matthew I went to my files and began the process of selecting the sermons to be included After I had selected these sermons I began to see that they could be put together under the theme of a portrait of Jesus This book features sermons that focus on the early days of the ministry of Jesus particularly as they related to the ministry of John the Baptist They also shed some light on the temptations of Jesus in the desert on the call of those who would be his first disciples and what is involved in being a disciple of Jesus then and now Some of the sermons are based on the miracles of Jesus thus revealing the compassion of Jesus These sermons also deal with the idea of the Kingdom of God showing some of the principles and characteristics of the Kingdom The last two sermons are about the person of Jesus It is my hope that these sermons will indeed help the reader to draw his or her own mental and spiritual portrait of Jesus *Forgiveness and Resentment in the Aftermath of Mass Atrocity* Idit Alphonso,2023-12-04 The author s starting point is the interweaving of forgiveness and resentment in the works of Jewish writers after the Holocaust most especially Hannah Arendt and Jean Améry to make sense of the catastrophe and to point to a way forward for both victims and perpetrators The insights of these two writers and of several Jewish novelists and poets including Bruno Schulz Paul Celan and Aharon Appelfeld are used to develop accounts of forgiveness and resentment in other cases of mass atrocity around the world The author offers a critical rereading of primary sources that aim to separate resentment from nonviolent resistance and forgiveness from reconciliation Forgiveness and resentment are not as they might first appear mutually exclusive Together with Arendt Améry and Walter Benjamin it is argued that it is through the interaction between them that victims of mass atrocity become agents of personal and cultural change Together forgiveness and resentment interrupt the present reframe the past and shape the future They can reduce the chasm that separates memory and trust by fashioning new connections between identity and alterity which can open paths to truly ethical coexistence for victims and perpetrators and their descendants A Course of Sermons on Faith and Practice, etc. [With a portrait.] George CLAYTON (Congregational Minister.),1839 *Sermons on Doctrinal and Practical Subjects. [With a Portrait.]* James Whyte (of Salem, New York.),1831 **"Born Again": A Portrait and Analysis**

of the Doctrine of Regeneration within Evangelical Protestantism Stephen J. Hamilton, 2017-04-03 Stephen J Hamilton attempts to create a portrait of born again Christianity by providing a general introduction to the doctrine of regeneration including its development in modernity as well as short exegeses of relevant scriptural texts followed by a close reading of four theologians Philipp Jakob Spener Jonathan Edwards Friedrich D E Schleiermacher and Charles G Finney who all associate the doctrine of regeneration with an experience of presence in the individual believer In light of these analyses he then traces a general theological structure of the born again understanding of regeneration including a catalogue of theological issues over which there is significant disagreement in order to create a topography of born again theologies In the final section he applies these results to contemporary conversion narratives of non theologians It is in such conversion narratives the author argues that theologians can discover an implicit lived theology that reveals how doctrines are perceived and put into practice among Christians Accordingly this is to be understood as the result of the creative reciprocity between often tacit theological convictions and the experiences of the Christian life The final chapter as a coda to the entire work offers some concluding reflections on the present cultural and political situation in the USA pertaining to born again Christianity and argues against any oversimplifications of the relationship between born again theologies culture and politics
