

Reading Diagnostics Test

The Reading Section of the test consists of four reading selections. After each reading selection, you will be asked to answer several questions related to the selection. Read each question carefully and choose the ONE best answer based on the information contained in the selection you have just read. You may refer back to the selection to answer the questions. There are a total of 24 multiple-choice questions in the Reading Section, numbered 1 to 24.

Record your answer on your answer sheet in the space that corresponds to the question number. Completely fill in the space having the same letter as the answer you have chosen.

Do NOT make any stray marks on your answer sheet.

In the Reading Section, the order of information requested by the questions does not necessarily correspond to the order of information in a given selection. Certain words and phrases within some selections have been underlined for testing purposes only; underlined words do not reflect any emphasis intended by the writers.
