36 Deadly Bubishi Points Rand Cardwell, 2019-03-26 Learn how to target the weaknesses of an attacker and effectively exploit them in order to defend yourself. The 36 Deadly Bubishi Points explains the pressure point techniques found in the Bubishi the ancient Bible of Karate and how recognizing them allows you to defend yourself against such attacks. This book closely examines these vital points and the science behind them and the author fills a gap in general understanding of how the 36 vital points found in the Bubishi can be targeted using pressure point fighting techniques. While much has been written about the vital points and their medicinal importance thanks to the popularity of practices such as acupuncture martial research on the subject has been lacking. Cardwell discusses the vital points from the perspective of an experienced martial artist including how the body's vital points are related to the 8 extraordinary vessels and 12 meridians which circulate energy throughout the body. Through detailed step by step instructions and over 96 photographs and illustrations The 36 Deadly Bubishi Points shows how this knowledge can be employed in self defense.
