Romanticism and Childhood

Ann Wierda Rowland,2012-05-24 How and why childhood became so important to such a wide range of Romantic writers has long been one of the central questions of literary historical studies Ann Wierda Rowland discovers new answers to this question in the rise of a vernacular literary tradition In the Romantic period the child came fully into its own as the object of increasing social concern and cultural investment at the same time modern literary culture consolidated itself along vernacular national lines Romanticism and Childhood is the first study to examine the intersections of these historical developments and the first study to demonstrate that a rhetoric of infancy and childhood the metaphors images figures and phrases repeatedly used to represent and conceptualize childhood enabled Romantic writers to construct a national literary history and culture capable of embracing a wider range of literary forms

Protestant missionary children's lives, c.1870-1950 Hugh Morrison,2024-03-05 Protestant missionary children were uniquely empire citizens through their experiences of living in empire and in religiously formed contexts This book examines their lives through the related lenses of parental institutional and child narratives To do so it draws on histories of childhood and of emotions using a range of sources including oral history It argues that missionary children were doubly shaped by parents concerns and institutional policy responses At the same time children saw their own lives as both ordinary and complicated Literary representations boosted adult narratives Empire provided a complex space in which these children

navigated their way between the expectations of two if not three different cultures The focus is on a range of settings and on the early twentieth century Therefore the book offers a complex and comparative picture of missionary children s lives
