Koster, Ernst M. Conradie, 2019-12-12 The T these essays are critically engaged by respondents situated in other geographic regions minority communities non Christian traditions or non theological disciplines Structured in seven main parts the handbook explores 1 the need for collaboration with disciplines outside of Christian theology to address climate change 2 the need to find common moral ground for such collaboration 3 the difficulties posed by collaborating with other Christian traditions from within 4 the questions that emerge from such collaboration for understanding the story of God s work and 5 God s identity and character 6 the implications of such collaboration for ecclesial praxis and 7 concluding reflections examining whether this volume does justice to issues of race gender class other animals religious diversity geographical divides and carbon mitigation This rich ecumenical cross cultural conversation provides a comprehensive and in depth engagement with the theological and moral challenges raised by anthropogenic climate change *Women and Christianity* Cheryl A. Honeygosky, 2006 I m spiritual but not religious This is a phrase that is heard more and more lately The purpose of this book and of the symposium out of which it grew is to repair the perceived dichotomy between religion and spirituality The ten contributors here believe and argue that there is more to religion than structure rules and rituals and there is more to spirituality than individualism and disconnection According to editor and contributor Stephen Honeygosky religion too often presumes spirituality and spirituality just as often dismisses religion Each camp takes to the high ground of disconnection and mutual exclusion he says but they should be meeting on the plain where real conversation and communion foster compatibility and mutual growth In fact religion and spirituality need each other alone each is incomplete The book explores how the split between religion and spirituality occurred over the past few centuries and verifies how the situation is

clearly evident today especially with young adults Contributors include Richard Rohr OFM Demetrius Dumm OSB Camille DeBlasi Barbara Fland SNDdeN Carl Arico Anthony Bosco Roberta Campbell OSB Vernon Holtz OSB Arthur Schwartz and Stephen Honeygosky Book jacket *Ragbag Theologies* Miranda N. Pillay, Sarojini Nadar, Clint Le Bruyns, 2009-12-01 It is Denise Ackermann's work towards the humanity of all which prompted this particular collection of essays in her honour The idea of honouring Denise with a Festschrift for her 70th birthday was first discussed in 2005 among members of the Cape Town Chapter of the Circle of Concerned African Women Theologians who met at Denise's home at the time Editors
