Readings In Russian Civilization Vol 2 Imperial Russia 1700 1917

Linda M. Mayhew

Readings In Russian Civilization Vol 2 Imperial Russia 1700 1917:

Readings in Russian Civilization, Volume 2: Imperial Russia, 1700-1917, 1969 *Readings in Russian Civilization, Volume 2* Thomas Riha, 1969-08-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California

Readings in Russian Civilization Volume II Thomas Riha, 2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California

Historiography of Imperial Russia: The Profession

and Writing of History in a Multinational State Thomas Sanders, 2015-02-12 This collection of the best new and recent work on historical consciousness and practice in late Imperial Russia assembles the building blocks for a fundamental reconceptualization of Russian history and history writing

War and Punishment Hein Goemans, 2012-01-06 What makes wars drag on and why do they end when they do Here H E Goemans brings theoretical rigor and empirical depth to a long standing question of securities studies He explores how various government leaders assess the cost of war in terms of domestic politics and their own postwar fates Goemans first develops the argument that two sides will wage war until both gain sufficient knowledge of the other's strengths and weaknesses so as to agree on the probable outcome of continued war Yet the incentives that motivate leaders to then terminate war Goemans maintains can vary greatly depending on the type of government they represent The author looks at democracies dictatorships and mixed regimes and compares the willingness among leaders to back out of wars or risk the costs of continued warfare Democracies according to Goemans will prefer to withdraw quickly from a war they are not winning in order to appease the populace Autocracies will do likewise so as not to be overthrown by their internal enemies Mixed regimes which are made up of several competing groups and which exclude a substantial proportion of the people from access to power will likely see little risk in continuing a losing war in the hope of turning the tide Goemans explores the conditions and the reasoning behind this gamble for resurrection as well as other strategies using rational choice theory statistical analysis and detailed case studies of Germany Britain France and Russia during World War I In so doing he offers a new perspective of the Great War that integrates domestic politics international politics and battlefield developments

A History of Russia Volume 1 Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss's accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful with both professors and students including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps that supplement and amplify the text fully updated bibliographies accompanying each chapter as well as a general bibliography of more comprehensive works a glossary and chronological and genealogical lists Moss's A History of Russia will appeal to academics students and general readers alike

Russian Conservatism Paul Robinson, 2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia's present as well as its past and will be influential in shaping Russia's future for better or for worse in the years to come

Managing "modernity" Rudra Sil, 2002 Compares industrial management in two late industrializers Japan and Russia as a basis for an original theory of institution building

Russian

Liberalism Paul Robinson,2023-09-15 Russian Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson s comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism s failure in that country Russian Liberalism offers an understanding of a significant aspect of contemporary international affairs After Putin s February 2022 invasion of Ukraine understanding Russian political thought is a matter of considerable importance

Russian Literary Journals, Dostoevsky, and Tolstoy in St. Petersburg, 1877 Linda M. Mayhew,2025-09-25 In 1877 the atmosphere in Russia was highly contentious Amid war with the Ottoman Empire the nation was also grappling with intense intellectual and political conflicts Various groups and individuals were fervently engaged in shaping the country s future navigating a landscape marked by strict censorship and deep ideological divides This game set in St Petersburg immerses students into the vibrant and combative world of Russian literary journals Students assume the roles of editors writers and social activists navigating the complex intersection of literature and politics The periodicals they produce are filled with subtle political commentaries regarding the monarchy education religion and women in society all designed to slip past the censors As writers such as Fyodor Mikhailovich Dostoevsky and Count Lev Nikolaevich Tolstoy compete to publish their work they must align with intellectual factions Populists Slavophiles or Westernizers and find allies to advance their literary and political ambitions Editors face the dual challenges of maintaining their publication goals and appeasing the censors deciding which articles and novels make it to print In this game writers present their work at Elena Shtakenshneider s literary salon sparking discussions on themes such as the relationship of art to society women s roles access to education the Russian Orthodox Church and paths to political reform In this charged environment the success of a journal can determine its influence on Russia s future The editor of a thriving journal may even earn an audience with Tsar Alexander II with the opportunity to advocate for a constitutional monarchy endorse the existing autocratic structures or propose sweeping political and social changes

Reviewing **Readings In Russian Civilization Vol 2 Imperial Russia 1700 1917**: Unlocking the Spellbinding Force of Linguistics
