Real Baseball Heroes:

Reel Baseball Stephen C. Wood, J. David Pincus, 2003-01-16 Not only are movies and baseball two of America's favorite pastimes they are integral parts of our culture. Small wonder that the two frequently merge in Hollywood's use of baseball themes, jargon and icons. This work on baseball in the movies is organized into four sections examining different aspects of the cultural intersection between film and baseball. In the first three sections *Baseball in Baseball Films*, *Babe Ruth and the Silver Screen* and *Baseball in Non Baseball Films* essays by scholars in various disciplines cover such topics as symbols, the role of family, baseball as a facilitator of violence and the American mythos. The fourth section consists of interviews with directors such as Ron Shelton and Penny Marshall, actors Kevin Costner, James Belushi and baseball personnel broadcaster Vin Scully, coach Rod Dedeaux who have worked in baseball films. Most, Robert Rudd, 2006-05-02 Since the Progressive Era baseball has been promoted as an institution encapsulating the best of American values and capable of bridging the chasms of twentieth century American culture: urban versus rural, industry versus agriculture, individual versus community, immigrant versus native, white versus color. Among the more enthusiastic of the game's proponents have been American filmmakers and baseball films present perhaps the purest depiction of baseball's vision of an idealized America. This critical study treats baseball cinema as a film genre and explores the functions of baseball ideology as it is represented in that genre. It focuses on how Hollywood's presentation of baseball has served not only to promote dominant values but also to bridge cultural conflicts. Commentary on 85 films deals with issues of race, community, gambling, players, women and owners.  southern Georgia of 1950 Murphy Station is a community marked only by two country stores two Baptist churches and a
 graveyard Farming is the way of life and segregation is in full force Welcome to Deep Dixie David Donovan is a young white
 boy growing up in Murphy Station where even the best farmers are cash poor and those who work for them usually blacks
 are poorer still In adult conversation the main topics are weather crops and politics Within the last category it's agreed that
 the main threats facing America are two communism and integration So far as young Dave knows this isn't unusual but
 already there are changes afoot In this richly detailed memoir laced with both humor and tragedy we see how those changes
 affect Dave in subtle but ultimately profound ways Coming of age in a world with the axiom no boy a chicken no man a
 coward Dave has the sorts of boyhood adventures common to the rural South exploits with firearms encounters with angry
 animals challenges from friends and a growing interest in girls As he has these adventures he also works in the field
 alongside black farmhands some of whom teach him vital lessons about the realities of their lives lessons that begin to
 challenge the prejudices and preconceptions of his time and place By the late 1950s the civil rights movement has become a
 major force in the South yet as David enters high school in 1960 the customs of segregation still hold sway persisting even
 when he leaves for college In his first year away from home he witnesses the national trauma of the Kennedy assassination
 which blunts the promises of Camelot In Vietnam a few years later he sees those promises collapse entirely Returning in
 1970 to a Murphy Station much changed from what it was twenty years earlier David Donovan finds himself transformed as
 well Book Jacket **The American Dream of Tomato Baseball Club** Giovanni Tommasini, 2019-12 Those who play
 baseball are in my opinion in some ways special persons Baseball isn't just any sport it doesn't just form real athletes
 Baseball forms particular men Like Giovanni Tommasini A baseball player and today a writer He passed through that field
 with a particular shape called a diamond The green grass the red dirt put on a helmet hold the bat and you are about to enter
 the batter's box You against everybody on that little hill is the pitcher ready to challenge you all around him his teammates
 are ready to eliminate you if the pitcher fails to do so Giovanni Tommasini lived it on his skin he experienced what it means to
 slide on that red dirt to get to the base before the opponent's defenders could get you out An email a phone call and I met
 Giovanni After exchanging a word or two I immediately understood how much baseball is still part of his life Then when I
 read Tomato his first story I realized how special this Ligurian author is All the beauty and magic of this sport can be found in
 his writings getting inspiration from the birth of the team in the city of Sanremo up to the fabulous story of Alex Liddi The
 first real professional Italian Major League player From Sanremo Tommasini's are not just ordinary stories With his quotes

from great writers composers and poets he can make baseball a lesson of life Baseball not only as a team sport but like a real gym of life In every position from pitcher to catcher from shortstop to the outfield this sport has something to give Tommasini writes about the pitcher in Nine Spearheads The trajectory requested by the catcher a dock for the hitter the bat meeting the pitched ball the dreamed land on the new world Heroes We can be heroes just for one day and forever From there the decision to publish on my website Baseballmania because I believed right away what Giovanni was proposing me No one in Italy ever wrote about the baseball the way he did From the first stories to those Giovanni wrote later on something was born also from our exchange of ideas like the fantastic tale about the life of Agostino Liddi The origin of Alex Liddi Then everything happened in a short time because Tommasini s tales fly fast like the 90 miles fastball of a Major League pitcher Up to this book which collects like a single theme all the tales of this great Ligurian writer The first great baseball writer in Italy Those who played baseball are special persons When you will get to the end of this book you will understand why

Now Pitching, Bob Feller Bob Feller,2002-05 [Playing The Field](#) Charles C. Euchner,1994-09-01 Details how owners have shamelessly played cities against one another to get sweetheart deals for their stadiums Sports Illustrated Can a sports franchise blackmail a city into getting what it wants a new stadium say or favorable leasing terms by threatening to relocate In 1982 the owners of the Chicago White Sox pledged to keep the team in Chicago if the city approved a 5 million tax exempt bond to finance construction of luxury suites at Comiskey Park The city council approved it A few years later when Comiskey Park was in need of renovation the owners threatened to move the team to Florida unless a new stadium was built A site was chosen near the old stadium property condemned residents evicted and a new stadium built We had to make threats the owners said If we didn t have the threat of moving we wouldn t have gotten the deal Sports is not a dominant industry in any city this book points out yet it receives the kind of attention one might expect to be lavished on major producers and employers In Playing the Field Charles Euchner examines the relationships between Los Angeles and the Raiders Baltimore and the Colts and the Orioles and Chicago and the White Sox arguing that in the absence of public standards for equitable arbitration between cities and teams the sports industry has the ability to steer negotiations in a way that leaves cities vulnerable He reveals what lies behind this leverage and what that says about the urban political process
