

THE REAL H. P. BLAVATSKY

A STUDY IN THEOSOPHY AND
A MEMOIR OF A GREAT SOUL

BY
WILLIAM KINGSLAND

The Author of this work was personally acquainted with Madame Blavatsky, and took an active part in the original Theosophical Movement. He discloses here the immense labour, the inflexible tenacity of purpose, the enormous sacrifices, and the great sufferings which H. P. Blavatsky exhibited and endured in carrying out the mission entrusted to her by "the Elder Brothers of the Race." All this is set out in contrast with the popular and vulgar misrepresentations and slanders with which the personality of this great Pioneer has been assailed, while at the same time the defects of that personality are freely acknowledged. It was the Great Soul behind that personality who was the Real H. P. Blavatsky; and what matters is not the personality but the teachings which she gave to the world, and which have found their justification in an enormous literature arising out of them, as well as in the hearts and lives of thousands.

Blavatsky** William Kingsland, 2017-04-09 The present biography was written by Wm Kingsland a student and close associate of H P Blavatsky founder of the Theosophical Society Blavatsky's theosophical teachings based on what she herself was taught by Eastern adepts paint a grand picture of who and what we are as human beings where we come from and what is our shared destiny These ideas are so inseparable from the way in which she viewed the world and herself that to attempt any biography of her one must also understand to some degree those teachings In this regard Kingsland's biography is second to none From the Preface In speaking of the Real H P Blavatsky I use the term first of all as correcting the false representations and misconceptions which have been so commonly and so lightly accepted by the world at large and secondly as signifying what in fact each of us possesses an inner Self a real Self as distinguished from the fluctuating changing personality a Self which in the majority of us is only very feebly active in or through the temporary personality This distinction between the higher and the lower Self is a fundamental one not merely in Theosophy but also in all Mysticism both philosophical and devotional Yet even when we have done this the fact remains that it is not the personality of H P Blavatsky that matters at all either in its outer or its inner aspects What really matters is the message which she gave to the world And perhaps the giver of that message can only be appreciated in proportion as the message itself is received Where it is not received where it runs counter to hard and fast conventions prejudices beliefs or dogmas one can hardly expect in the present state of society or the present characteristics of human nature that the moral law Judge not that ye be not judged will be respected any more in the case of H P Blavatsky than it is in other cases Nevertheless I may possibly hope in the following pages to do something towards correcting many of the misrepresentations and slanders to which the detractors of Theosophy have so freely lent themselves This work is therefore as much a study of Theosophy as a Memoir of H P Blavatsky William Kingsland **Real H.
