Real Kids Creating Meaning In Everyday Life:

Real Kids Susan Engel, 2005-10-03 Decades of work in psychology labs have vastly enhanced our knowledge about how children perceive think and reason But it has also encouraged a distorted view of children argues psychologist Susan Engel in this provocative and passionate book a view that has affected every parent who has tried to debate with a six year old By focusing on the thinking processes prized by adults too many expert opinions have rendered children as little adults What has been lost is what is truly unique and mysterious the childlike quality of a child s mind Engel draws on keen observations and descriptive research to take us into the nearly forgotten untidy phantasmagorical world of children s inner lives She reminds us that children fuse thought and emotion play and reality they swing wildly between different ways of interpreting and acting in the world But just as a gawky child may grow into a beauty illogical and sometimes maddening childishness can foreshadow great adult ability Engel argues that the scientist in a crib view encourages parents and teachers to expect more logical reasoning and emotional self control from children than they possess She provides a concise and valuable overview of what modern developmental psychologists have learned about children s developing powers of perception and capacity for reasoning but also suggests new ways of studying children that better capture the truth about their young minds Real

Kids Susan Engel, 2009-07-01 Engel argues that the scientist in a crib view held by many parents and teachers encourages them to expect more logical reasoning and emotional self control from children than they possess She provides an overview of what modern developmental psychologists have learned about children s developing powers of perception and capacity for reasoning **Child Development, Third Edition** Douglas Davies, 2010-07-23 This widely used practitioner resource and course text provides an engaging overview of developmental theory and research with a focus on what practitioners need to
