Alternative Semantics Alex Hall,Gyula Klima,Timothy Kearns,2025-08-18 The nineteenth volume of the Proceedings of the Society for Medieval Logic and Metaphysics honors the work of our president and founder Gyula Klima This volume of

proceedings considers a host of issues relevant to key aspects of Klima's work from metaphysics to logic and epistemology. Contributions include a new formalization that captures Ockham's semantics as a mathematical presheaf, a response by the well-known Ockhamist Claude Panaccio to objections raised by Klima to his work on intentionality, a subtle and careful consideration of how genus and species are for Aquinas, real accidents of being, Gregory Doolan, and a close look at Aristotle on demonstration by Lucas Angioni. These papers add significant contributions to each of their major areas of exploration.

Trouble With Gender Alex Byrne, 2023-10-04. Sex used to rule. Now gender identity is on the throne. Sex survives as a cheap imitation of its former self, assigned at birth on a spectrum socially constructed and definitely not binary. Apparently quite a few of us fall outside the categories male and female. But gender identity is said to be universal: we all have one. Humanity used to be cleaved into two sexes, whereas now the crucial division depends on whether our gender identity aligns with our body. If it does, we are cisgender; if it does not, we are transgender. The dethroning of sex has meant the threat of execution for formerly noble words such as woman and man. In this provocative, bold, and humane book, the philosopher Alex Byrne pushes back against the new gender revolution. Drawing on evidence from biology, psychology, anthropology, and sexology, Byrne exposes the flaws in the revolutionary manifesto. The book applies the tools of philosophy accessibly and with flair to gender, sex, transsexuality, patriarchy, our many identities, and our true or authentic selves. The topics of *Trouble with Gender* are relevant to us all. This is a book for anyone who has wondered: Is sex binary? Why are men and women different? What is a woman, or simply, Where can I go to know more about these controversies? Revolutions devour their own children, and the gender revolution is no exception. *Trouble with Gender* joins the forefront of the counter-revolution, restoring sex to its rightful place at the centre of what it means to be human.

Marxism and Alienation Nicholas Churchich, 1990.
