Roman Imperialism Readings And Sources:

Roman Imperialism. Readings and sources Craige B. Champion,2005 [Roman Imperialism](#) Craige Brian Champion,2003 **Roman Imperialism** Paul J. Burton,2019-05-13 Rome engaged in military and diplomatic expansionistic state behavior which we now describe as imperialism since well before the appearance of ancient sources describing this activity Over the course of at least 800 years the Romans established and maintained a Mediterranean wide empire from Spain to Syria and sometimes farther east and from the North Sea to North Africa How and why they did this is a perennial source of scholarly controversy Earlier debates over whether Rome was an aggressive or defensive imperial state have progressed to theoretically informed discussions of the extent to which system level or discursive pressures shaped the Roman Empire Roman imperialism studies now encompass such ancillary subfields as Roman frontier studies and Romanization **The Roman Empire** Neville Morley,2010-06-04 Over a millennium after the end of its unrivalled dominance the spectre of Rome figures highly in western culture This book explores what the empire meant to its subjects The idea of Rome has long outlived the physical empire that gave it form and now holds sway over vastly more people and a far greater geographical area than the Romans ever ruled It continues to shape our understanding of the nature of imperialism and influence the workings of the world It is through the lens of Rome that we answer questions such as How do empires grow How are empires ruled Do empires exploit their subjects or civilise them Rejecting the simplistic narrative of military triumph followed by decline and fall the books analyses the origins of Roman imperialism its wide ranging impact on the regions it conquered and its continuing influence in debates about modern imperialism **A Companion to Roman Imperialism** ,2012-11-09 The Roman empire extended over three continents and all its lands came to share a common culture bequeathing a legacy vigorous even today A Companion to Roman Imperialism written by a distinguished body of scholars explores the extraordinary phenomenon of Rome s rise to empire to reveal the impact which this had on her subject peoples and on the Romans themselves The Companion analyses how Rome s internal affairs and international relations reacted on each other sometimes with violent results why some lands were annexed but others ignored or given up and the ways in which Rome s population and power lite evolved as former subjects east and west themselves became Romans and made their powerful contributions to Roman history and culture Contributors are Eric Adler Richard Alston Lea Beness Paul Burton Brian Campbell Arthur Eckstein Peter Edwell Tom Hillard Richard Hingley Benjamin Isaac Jos Luis L pez Castro J Majbom Madsen Susan Mattern Sophie Mills David Potter Jonathan Prag Steven Rutledge Maurice Sartre John Serrati Tom Stevenson Martin Stone and James Thorne **The Art of the Roman Empire** Jaś Elsner,2018-04-27 The passage from Imperial Rome to the era of late antiquity when the Roman Empire underwent a religious conversion to Christianity saw some of the most significant and innovative developments in Western culture This stimulating book investigates the role of the visual arts the great diversity of paintings statues luxury arts and masonry as both reflections and agents of those

changes Jas Elsner's ground breaking account discusses both Roman and early Christian art in relation to such issues as power death society acculturation and religion By examining questions of reception viewing and the culture of spectacle alongside the more traditional art historical themes of imperial patronage and stylistic change he presents a fresh and challenging interpretation of an extraordinarily rich cultural crucible in which many fundamental developments of later European art had their origins This second edition includes a new discussion of the Eurasian context of Roman art an updated bibliography and new full colour illustrations

The Romans and Their World Brian Campbell, 2020-10-07 A concise and accessible account of one of the largest longest lasting and most influential empires in world history ancient Rome This one volume history of the Roman world begins with the early years of the republic and carries the story nearly a thousand years forward to 476 when Romulus Augustus the last Western Roman emperor was deposed Brian Campbell respected scholar and teacher presents a fascinating and wide ranging introduction to Rome drawing on an array of ancient sources and covering topics of interest to readers with little prior background in Roman history as well as those already familiar with the great civilization Campbell explores several themes including the fall of the republic the impact of colorful and diverse emperors on imperial politics the administrative structure of empire and the Roman army and how warfare affected the Roman world He also surveys cultural and social life including religion and the rise of Christianity Generously enhanced with maps and illustrations this book is a rich and inspiring account of a mighty civilization and the citizens who made it so A lucid survey of Roman history Adam Kirsch New Yorker One of the great joys of Campbell's unfailingly readable account is the readiness with which it returns to the Roman record drawing on ancient sources to give a lively and immediate feel for Roman life and culture Michael Kerrigan Scotsman Campbell masterfully discusses military affairs as expected from this scholar Excellent translations of ancient sources enliven the text Rare will be the scholar who also does not learn from Campbell P B Harvey Jr Choice

A Latino Reading of Race, Kinship, and the Empire Rodolfo Galvan Estrada III, 2023-01-16 This book provides a Latino reading of John's prologue with special attention to how the themes of race kinship and the empire are part of the gospel's racial rhetoric By drawing from the insights of Latinx texts and theology this book reveals how the prologue provides a lens to read the entire gospel with a keen awareness of Jesus's engagement with people groups from his own family to the Roman authorities The prologue participates in the gospel's racial rhetoric by shaping the reader's racial imagination even before a person enters the narrative By doing so Jesus's identity becomes constructed and defined through racial rhetoric since the opening verses of John's gospel

Imperialism, Power, and Identity David J. Mattingly, 2013-12-05 Despite what history has taught us about imperialism's destructive effects on colonial societies many classicists continue to emphasize disproportionately the civilizing and assimilative nature of the Roman Empire and to hold a generally favorable view of Rome's impact on its subject peoples *Imperialism Power and Identity* boldly challenges this view using insights from postcolonial studies of modern empires to offer a more nuanced understanding of

Roman imperialism Rejecting outdated notions about Romanization David Mattingly focuses instead on the concept of identity to reveal a Roman society made up of far flung populations whose experience of empire varied enormously He examines the nature of power in Rome and the means by which the Roman state exploited the natural mercantile and human resources within its frontiers Mattingly draws on his own archaeological work in Britain Jordan and North Africa and covers a broad range of topics including sexual relations and violence census taking and taxation mining and pollution land and labor and art and iconography He shows how the lives of those under Rome's dominion were challenged enhanced or destroyed by the empire's power and in doing so he redefines the meaning and significance of Rome in today's debates about globalization power and empire *Imperialism Power and Identity* advances a new agenda for classical studies one that views Roman rule from the perspective of the ruled and not just the rulers In a new preface Mattingly reflects on some of the reactions prompted by the initial publication of the book Roman Military Disasters Paul Chrystal,2015-11-30 Over some 1200 years the Romans proved adept at learning from military disaster and this was key to their eventual success and hegemony *Roman Military Disasters* covers the most pivotal and decisive defeats from the Celtic invasion of 390 BC to Alaric's sack of Rome in AD 410 Paul Chrystal details the politics and strategies leading to each conflict how and why the Romans were defeated the tactics employed the generals and the casualties However the unique and crucial element of the book is its focus on the aftermath and consequences of defeat and how the lessons learnt enabled the Romans usually to bounce back and win

Revisiting the European Union as Empire Hartmut Behr,Yannis A. Stivachtis,2015-06-26 The European Union's stalled expansion the Euro deficit and emerging crises of economic and political sovereignty in Greece Italy and Spain have significantly altered the image of the EU as a model of progressive civilization However despite recent events the EU maintains its international image as the paragon of European politics and global governance This book unites leading scholars on Europe and Empire to revisit the view of the European Union as an imperial power It offers a re appraisal of the EU as empire in response to geopolitical and economic developments since 2007 and asks if the policies practices and priorities of the Union exhibit characteristics of a modern empire This text will be of key interest to students and scholars of the EU European studies history sociology international relations and economics Julius Caesar and the Transformation of the Roman Republic Tom Stevenson,2014-10-30 *Julius Caesar and the Transformation of the Roman Republic* provides an accessible introduction to Caesar's life and public career It outlines the main phases of his career with reference to prominent social and political concepts of the time This approach helps to explain his aims ideals and motives as rooted in tradition and demonstrates that Caesar's rise to power owed much to broad historical processes of the late Republican period a view that contrasts with the long held idea that he sought to become Rome's king from an early age This is an essential undergraduate introduction to this fascinating figure and to his role in the transformation of Rome from republic to empire

Globalizing Roman Culture Richard Hingley,2005-02-08 Richard Hingley here asks the questions What is Romanization

Was Rome the first global culture Romanization has been represented as a simple progression from barbarism to civilization Roman forms in architecture coinage language and literature came to dominate the world from Britain to Syria Hingley argues for a more complex and nuanced view in which Roman models provided the means for provincial elites to articulate their own concerns Inhabitants of the Roman provinces were able to develop identities they never knew they had until Rome gave them the language to express them Hingley draws together the threads of diverse and separate study in one sophisticated theoretical framework that spans the whole Roman Empire Students of Rome and those with an interest in classical cultural studies will find this an invaluable mine of information

A Cultural History of Peace in Antiquity

Sheila L. Ager, 2022-02-24 A Cultural History of Peace presents an authoritative survey from ancient times to the present The set of six volumes covers over 2500 years of history charting the evolving nature and role of peace throughout history This volume A Cultural History of Peace in Antiquity explores peace in the period from 500 BC to 800 AD As with all the volumes in the illustrated Cultural History of Peace set this volume presents essays on the meaning of peace peace movements maintaining peace peace in relation to gender religion and war and representations of peace A Cultural History of Peace in Antiquity is the most authoritative and comprehensive survey available on peace in the classical era

Writing Imperial

History Bram L.H. ten Berge, 2023-08-08 Analyzes how Tacitus contributed to our current understanding of history and reveals the themes that permeated his writing

Juvenal's Global Awareness Osman Umurhan, 2017-07-28 In Juvenal's Global Awareness Osman Umurhan applies theories of globalization to an investigation of Juvenal's articulation and understanding of empire imperialism and identity Umurhan explains how the increased interconnectivity between different localities ethnic and political shapes Juvenal's view of Rome as in constant flux and motion Theoretical and sociological notions of deterritorialization time space compression and the rhizome inform the satirist's language of mobility and his construction of space and place within second century Rome and its empire The circulation of people goods and ideas generated by processes of globalization facilitates Juvenal's negotiation of threats and changes to Roman institutions that include a wide array of topics from representations of the army and food to discussions of cannibalism and language Umurhan's analysis stresses that Juvenalian satire itself is a rhizome in both function and form This study is designed for audiences interested in Juvenal empire and globalization under Rome

Leadership and Initiative in Late Republican and Early Imperial Rome, 2022-02-07 What does it mean to be a leader This collection of seventeen studies breaks new ground in our understanding of leadership in ancient Rome by re-evaluating the difference between those who began a political action and those who followed or reacted In a significant change of approach this volume shifts the focus from archetypal leaders to explore the potential for individuals of different ranks social statuses ages and genders to seize initiative In so doing the contributors provide new insight into the ways in which the ability to initiate communication invent solutions and prompt others to act resonated in critical moments of Roman history

Early Christ Groups and Greco-Roman Associations Richard

S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough's work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead **Taken at the Flood** Robin Waterfield, 2014 Addressing a marginalized era of Greek and Roman history Taken at the Flood offers a compelling narrative of Rome's conquest of Greece *An Introduction to Empire in the New Testament* Adam Winn, 2016-06-24 Explore how empire is a crucial foreground for reading and interpreting the New Testament In the last three decades significant attention has been given to the way in which New Testament texts engage and respond to the imperial world in which they were written The purpose of the present volume is to introduce students and non specialists to the growing subfield of New Testament studies known as empire studies Contributors seek to make readers aware of the significant work that has already been produced while also pointing them to new ways in which this field is moving forward The contributors are Bruce W Longenecker Richard A Horsley Warren Carter Adam Winn Eric D Barreto Beth M Sheppard Neil Elliot James R Harrison Harry O Maier Deborah Krause Jason A Whitlark Matthew R Hauge Kelly D Liebengood and Davina C Lopez Features Essays from a diverse group of interpreters who at times have differing presuppositions methods and concerns Articles introduce students and non specialists to the Roman imperial realities regularly encountered by first and second century Christians Contributions explore the strategies employed by early Christians to respond to the Roman empire

This Engaging World of E-book Books: A Comprehensive Guide Unveiling the Benefits of E-book Books: A World of Convenience and Versatility Kindle books, with their inherent mobility and simplicity of access, have liberated readers from the limitations of physical books.
