Roman Army 31 B C A D 337 A Sourcebook:

The Roman Army, 31 BC - AD 337 Brian Campbell, 2003-09-01 The Roman army is remarkable for its detailed organisation and professional structure. It not only extended and protected Rome's territorial empire which was the basis of Western civilisation but also maintained the political power of the emperors. The army was an integral part of the society and life of the empire and illustrated many aspects of Roman government. This sourcebook presents literary and epigraphic material, papyri and coins which illustrate the life of the army from recruitment and in the field to peacetime and the community. It is designed as a basic tool for students of the Roman army and Roman history in general. *Aspects of Roman History 31 BC-AD 117* Richard Alston, 2013-11-07 This new edition of *Aspects of Roman History 31 BC AD 117* provides an easily accessible guide to the history of the early Roman Empire. Taking the reader through the major political events of the crucial first 150 years of Roman imperial history from the Empire's foundation under Augustus to the height of its power under Trajan, the book examines the emperors and key events that shaped Rome's institutions and political form. Blending social and economic history with political history, Richard Alston's revised edition leads students through important issues, introducing sources, exploring techniques by which those sources might be read, and encouraging students to develop their historical judgement. The book includes chapters on each of the emperors in this period, exploring the successes and failures of each reign and how these shaped the empire, sections on social and economic history including the core issues of slavery, social mobility, economic development and change, gender relations, the rise of new religions and cultural change in the Empire, an expanded timeframe providing more information on the foundation of the imperial system under Augustus and the issues relating to Augustan Rome, a glossary and further reading section broken down by chapter. This expanded and revised edition of *Aspects of Roman History* covering an additional 45 years of history from Actium to the death of Augustus provides an invaluable introduction to Roman Imperial history, surveying the way in which the Roman Empire changed the world and offering critical perspectives on how we might understand that transformation. It is an important resource for any student of this crucial and formative period in Roman history. **The Roman Army, 31 BC-AD 337** Brian Campbell, Routledge, 2006

Nemeth/Fodorean, Römische M... Florian Fodorean, Eduard Nemeth, 2015-04-24 Von der bauerlichen Siedlung am Tiber zum mächtigen Imperium Romanum: die Expansion Roms ist spektakulär. Dabei spielte die Durchschlagskraft und Organisation des Heerwesens die entscheidende Rolle. Aber die Legionen eroberten nicht nur ein gigantisches Reich; sie verbreiteten auch die lateinische Kultur und Sprache. Eduard Nemeth und Florin Fodorean, Experten für römische Militärgeschichte, zeichnen auf Basis des neuesten Forschungsstandes die Entwicklungen des römischen Militärs vom Bürgerheer der römischen Frühzeit bis zum barbarisierten Militär der Spätantike nach. Neben Organisation und Struktur der Armee analysieren sie Militärstrategien ebenso wie große Siege und schmachvolle Niederlagen und bietet damit eine kompakte Einführung in die römische Militärgeschichte.
