Roman Political Ideas And Practice

Dean Hammer

Roman Political Ideas And Practice:

Roman Political Ideas and Practice Frank E. Adcock, 1959 A study of Roman politics from the early kings through the Republic to the age of the dictatorships The story unfolds against a background of wars financial tangles shifting foreign policy and personal rivalries Sir Frank finds the secret of Roman power in the dignity of its great men and the liberty of the small Though centuries have elapsed since the Caesars we need not look far to discover in our own day the same conflicts between personal ambition and the dream of peace with dignity that consumed Rome This book underscores the fragility of all political institutions including our own **Roman Political Ideas and Practice** Frank Ezra Adcock, 1964 **Roman**

Political Ideas and Practice Sir Frank Ezra Adcock, 1969 Roman Political Ideas and Practice F.E.. Adcock, 1969

Roman Political Ideas and Practice Sir Frank Ezra Adcock, 2012-04-01 **Roman Political Ideas and Practice. (Jerome Lectures. Sixth Series.).** Frank E. Adcock, 1964 **Roman Political Thought** Dean Hammer, 2014-07-28 Roman Political Thought is the first comprehensive treatment of the political thought of the Romans Dean Hammer argues that the Romans were engaged in a wide ranging and penetrating reflection on politics The Romans did not create utopias Instead their thinking was relentlessly shaped by their own experiences of violence the enormity and frailty of power and an overwhelming sense of loss of the traditions that oriented them to their responsibilities as social political and moral beings However much the Romans are known for their often complex legal and institutional arrangements the power of their political thought lies in their exploration of the extra institutional affective foundations of political life The book includes chapters on Cicero Lucretius Sallust Virgil Livy Seneca Tacitus Marcus Aurelius and Augustine and discussions of Polybius the Stoics Epicurus and Epictetus **Greek and Roman Political Ideas** Melissa Lane, 2014-05-01 What is politics What are the origins of political philosophy What can we learn from the Greeks and Romans In Greek and Roman Political Ideas acclaimed classics scholar Melissa Lane introduces the reader to the foundations of Western political thought from the Greeks who invented democracy to the Romans who created a republic and then transformed it into an empire Tracing the origins of political philosophy from Socrates to Cicero to Plutarch Lane reminds us that the birth of politics was as much a story of individuals as ideas **A Companion to Greek and Roman Political Thought** Ryan K. Balot, 2012-12-26 A COMPANION TO GREEK AND ROMAN POLITICAL THOUGHT Justice virtue and citizenship were at the center of political life in ancient Greece and Rome and were frequently discussed by classical poets historians and philosophers This Companion illuminates Greek and Roman political thought in all its range diversity and depth Thirty four essays from leading scholars in history classics philosophy and political science provide stimulating discussions of classical political thought ranging from the Archaic Greek epics to the final days of the Roman Empire and beyond These essays strike a judicious yet thought provoking balance between theoretical and historical perspectives A Companion to Greek and Roman Political Thought is an authoritative guide to the ancient Greek and Roman political questions that continue to shape and challenge

the modern world **Roman Political Ideas and Practice** Frank Ezra Adcock,1967 **Republicanism, Rhetoric, and Roman Political Thought** Daniel J. Kapust,2011-03-07 Republicanism Rhetoric and Roman Political Thought develops readings of Rome's three most important Latin historians Sallust Livy and Tacitus in light of contemporary discussions of republicanism and rhetoric Drawing on recent scholarship as well as other classical writers and later political thinkers this book develops interpretations of the three historians writings centering on their treatments of liberty rhetoric and social and political conflict Sallust is interpreted as an antagonistic republican for whom elite conflict serves as an outlet and channel for the antagonisms of political life Livy is interpreted as a consensualist republican for whom character and its observation helps to maintain the body politic Tacitus is interpreted as being centrally concerned with the development of prudence and as a subtle critic of imperial rule *The Birth of Politics* Melissa Lane,2015-02-22 A lively and accessible introduction to the Greek and Roman origins of our political ideas In *The Birth of Politics* Melissa Lane introduces the reader to the foundations of Western political thought from the Greeks who invented democracy to the Romans who created a republic and then transformed it into an empire Tracing the origins of our political concepts from Socrates to Plutarch to Cicero Lane reminds us that the birth of politics was a story as much of individuals as ideas Scouring the speeches of lawyers alongside the speculations of philosophers and the reflections of ex slaves next to the popular comedies and tragedies of the Greek and Roman stages this book brings ancient ideas to life in unexpected ways Lane shows how the Greeks and Romans defined politics with distinctive concepts vocabulary and practices all of which continue to influence politics and political aspirations around the world today She focuses on eight political ideas from the Greco Roman world that are especially influential today justice virtue constitution democracy citizenship cosmopolitanism republic and sovereignty Lane also describes how the ancient formulations of these ideas often challenge widely held modern assumptions for example that it is possible to have political equality despite great economic inequality or that political regimes can be indifferent to the moral character of their citizens A stimulating introduction to the origins of our political ideas and ideals *The Birth of Politics* demonstrates how much we still have to learn from the political genius of the Greeks and Romans **Roman Political Ideas and Practice** F. E. Adcock,1959 Lucretius and the Late Republic J.D. Minyard,2018-07-17 The crisis Rome experienced in the last decades of the Republic was intellectual as well as political social and military This crisis was marked by conflicts over values and a growing dichotomy between words and things as a result of which the key words of the Roman tradition lost their anchor in the inherited commonly held perception of reality known as the *mos maiorum* The crisis was therefore also one of the Latin language itself The monograph explores this thesis in discussions of the background and character of Roman intellectual history the nature of the *mos maiorum* the relationship of the Late Republic to the Mediterranean world the roles of Julius Caesar Catullus Cicero and Lucretius in the crisis and its Augustan and later consequences The major portion of the discussion is devoted to Lucretius because the *De Rerum Natura* is the clearest example of the extent and nature of the crisis

from which it took its origin and gained its form and purpose A principal goal of the essay is to relate Lucretius to the structure of Roman literary and intellectual history It finds the explanation for his work in the nature of that history and the characteristic Roman modes and categories of thought rather than in the general history of Greek philosophy It also offers a new explanation of the relationship of the authors of the Late Republic to each other In so doing it indicates the foundation for a new history of Roman literature and a new conception of the reality and importance of the intellectual history of Rome

The Cambridge History of Greek and Roman Political Thought Christopher Rowe, Malcolm Schofield, 2000-05-11 A definitive reference work on Greek and Roman political thought from the age of Homer to late antiquity first published in 2000

The Body Politic in Roman Political Thought Julia Mebane, 2024-02-08 How did Roman writers use the metaphor of the body politic to respond to the downfall of the Republic In this book Julia Mebane begins with the Catilinarian Conspiracy in 63 BCE when Cicero and Catiline proposed two rival models of statesmanship on the senate floor the civic healer and the head of state Over the next century these two paradigms of authority were used to confront the establishment of sole rule in the Roman world Tracing their Imperial afterlives allows us to see how Romans came to terms with autocracy without ever naming it as such In identifying metaphor as an important avenue of political thought the book makes a significant contribution to the history of ideas This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability

Roman Political Thought Jed W. Atkins, 2018-04-12 What can the Romans teach us about politics This thematic introduction to Roman political thought shows how the Roman world developed political ideas of lasting significance from the consequential constitutional notions of the separation of powers political legitimacy and individual rights to key concepts in international relations such as imperialism just war theory and cosmopolitanism Jed W Atkins relates these and many other important ideas to Roman republicanism traces their evolution across all major periods of Roman history and describes Christianity's important contributions to their development Using the politics and political thought of the United States as a case study he argues that the relevance of Roman political thought for modern liberal democracies lies in the profound mixture of ideas both familiar and foreign to us that shape and enliven Roman republicanism Accessible to students and non specialists this book provides an invaluable guide to Roman political thought and its enduring legacies

Michael Oakeshott Selected Writings Collection Michael Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History

A Companion to Intellectual History Richard Whatmore, Brian Young, 2015-10-27 A Companion to Intellectual
