 Signer , *Roman Signer* David Signer,Roman Signer,Peter Zimmermann,2013-11-18 Roman Signer is a wonderfully witty
 and laconic writer Only few people know this side of the artist Published here for the first time are talks and conversations in
 which Signer discusses his youth in the Swiss Appenzell his student years in Poland where he met his wife Aleksandra and
 his early and difficult years as an artist He also discusses his later visits to countries such as Iceland and Japan both of which
 he admires and which have influenced his work Taken as a whole the texts forn a sort of autobiography **ROTES TUCH.**

 Signer,2006 Since the early 1970s Roman Signer has been making art that refuses to be described in conventional terms His
 objects and installations look like science experiments and his photographs and films seem only to document their results In
 compliance with carefully planned and strictly executed and documented procedures Signer sets off explosions and collisions
 sending his materials flying through space Videos like Boot with Rocket capture the original setup soon to self destruct
 Signer s work gives cause and effect a humorous twist as it does the scientific method taking on the self evidence of scientific
 logic as an artistic challenge But in the midst of all this Signer has also been making a much quieter and more conventional
 body of work not unlike the one most readers keep in a shoebox on a shelf in their closets His Reisefotos or travel
 photographs track the great experiments of 20 years on and off the road found works that like Signer s own called out to be
 documented Whether his subject is a host s arrangement of objects or an event he s reluctantly participating in it takes on an
 illustrative or narrative element and sometimes a touch of irony Travel Photos presents a previously unknown but completely
 characteristic side of Signer s work Roman Signer Roman Signer,Elisabeth Keller-Schweizer,1994
