Roman Social Relations 50 Bc To Ad 284:

Roman Social Relations Ramsay MacMullen, 1976 Fair Play: Diversity and Conflicts in Early Christianity Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki Rönkä, a New Testament professor at the University of Helsinki, consists of 22 essays written by his colleagues and students on Jesus, the gospels, Paul, early Christianity and biblical interpretation. Rönkä's own research has been characterized by methodological awareness combined with a keen interest in ethical issues. Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue, a real encounter and a recognition of diverging opinions. In this spirit, most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society. The book is useful for scholars, academic teachers and students interested in various aspects of the New Testament, early Christianity and hermeneutics.

Review of MacMullen: Roman social relations, 50 B.C. to A.D. 284 Arnaldo Momigliano, 1974 **Acts** Craig S. Keener, 2020-04-02 Makes more widely available and accessible the research behind Keener's monumental acclaimed 4500 page commentary on Acts.

Documents and Images for the Study of Paul Neil Elliott, Mark Reasoner, 2010-11-01 Documents and Images for the Study of Paul gathers representative texts illustrating Jewish practices, Greco-Roman moral exhortation, biblical interpretation, Roman ideology, apocalyptic visions, epistolary conventions and much more to illustrate the complex cultural environment in which Paul carried out his apostolic work and the manifold ways in which his legacy was reshaped in early Christianity. Brief insightful introductions orient the reader to how these sources might play a role in different contemporary interpretations of Paul's life and thought. Lavishly illustrated with more than one hundred black and white photographs, charts, a map and timeline of Paul's world, this sourcebook is a welcome resource for courses on Paul and his letters.

Hidden Transcripts and the Arts of Resistance Richard A. Horsley, 2004 The essays in this volume develop the highly suggestive insights and theory of James C. Scott, especially those related to patterns of domination and subordination, the role of religion in supporting or opposing the powerful and the arts of resistance by the subordinated, to tackle key issues in the interpretation of Jesus and Paul. All the contributors implicitly or explicitly assume a stance sympathetic with subordinated peoples of the past and present. While all pursue primarily critical literary, historical and social analysis on New Testament texts in historical contexts, some also examine illuminating historical or contemporary comparative materials. In addition, some even find Scott useful in critical self-examination of scholarly motives, stances and approaches in relation to texts and their uses. The contributors are Allen Dwight Callahan, Warren Carter, Neil Elliott, Susan M. Elliott, Erik Heen, William R. Herzog II, Richard A. Horsley, Cynthia Briggs Kittredge and Gerald West. Paperback edition is available from the Society of Biblical Literature www.sbl-site.org.

and values Jesus message and Paul s teachings began to be interpreted according to those cultural norms While Paul kept calling his churches back to their Jewish roots and Eastern values the Jewish voice was lost when the Jerusalem church dispersed as Israel fell during the Jewish Revolt of 66-73 AD The temple was destroyed its clergy silenced and Judaism seemed irrelevant to the growing Christian church The church had become primarily Gentile in theology and philosophy and its Hebrew foundation was largely forgotten and lost In *Beyond Christian Folk Religion* Beckstrom brings the reader back to Jesus roots Romans 11:17-23 and to the core of Paul s message

The Gospel to the Romans Brian Incigneri, 2003-08-01 This book proposes that Mark's Gospel was written in Rome in late 71 after the return of the feared Titus who had recently destroyed the Jerusalem Temple Recognising that the use of emotional appeals was a prime contemporary rhetorical tool it shows the Gospel to be an emotionally charged text aimed at readers traumatised by years of persecution fear of arrest and intra community tensions over the forgiveness of those who had failed It examines the political social and religious situation and shows that the Gospel contains allusions to many recent events of concern to Christians Mark stirs their fears and painful memories to move them to a new resolve providing a model for them Jesus the first martyr for the gospel

The Ruling Class of Judaea Martin Goodman, 1993-06-03 This book examines why in AD 66 a revolt against Rome broke out in Judaea It attempts to explain both the rebellion itself and its temporary success by discussing the role of the Jewish ruling class in the sixty years preceding the war and within the independent state which lasted until the destruction of the Temple in AD 70 The author seeks to show that the ultimate cause of the Revolt was a misunderstanding by Rome of the status criteria of Jewish society The importance of the subject lies both in the significance of the history of Judaea in this period for the development of Judaism and early Christianity and in the light shed on Roman methods of provincial administration in general by an understanding of why Rome was unable to control a society with cultural values so different from its own

Introduction to the New Testament Helmut Koester, 1995 [History, Culture, and Religion of the Hellenistic Age](#) Helmut Koester, 2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book *Einführung in das Neue Testament* this second edition of the first volume of the *Introduction to the New Testament* is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped

Christian Persecution, Martyrdom, and Orthodoxy Geoffrey Ernest Maurice De Ste. Croix, 2006-09-28 This volume brings together seven seminal papers by the great radical historian Geoffrey de Ste Croix who died in 2000 on early Christian topics with an especial focus on persecution and martyrdom Christian martyrdom is a topic which conjures up ready images of inhumane persecutors confronted by Christian heroes who perish for the instant but win the long term battle for reputation In five of these essays Ste Croix scrutinizes the evidence to reveal the significant role of Christians themselves first as volunteer martyrs and later after the triumph of Christianity in the early fourth century as organizers of much more effective persecutions A sixth essay pursues the question of the control of Christianity through a

comprehensive study of the context for one of the Church's most important and divisive doctrinal decisions at the Council of Chalcedon AD 451 the key role of the emperor and his senior secular officials is revealed contrary to the prevailing interpretation of Church historians Finally the attitudes of the early Church towards property and slavery are reviewed to show the divide between the Gospel message and actual practice Beginning from Jerusalem James D.G. Dunn, 2009-03-16 Beginning from Jerusalem covers the early formation of the Christian faith from 30 to 70 C E After outlining the quest for the historical church parallel to the quest for the historical Jesus and reviewing the sources James Dunn follows the course of the movement stemming from Jesus beginning from Jerusalem He opens with a close analysis of what can be said of the earliest Jerusalem community the Hellenists the mission of Peter and the emergence of Paul Then Dunn focuses solely on Paul the chronology of his life and mission his understanding of his call as apostle and the character of the churches that he founded The third part traces the final days and literary legacies of the three principal figures of first generation Christianity Paul Peter and James the brother of Jesus Each section includes detailed interaction with the vast wealth of secondary literature on the many subjects covered *Paul, The Apostle of Obedience* Jason A. Myers, 2022-08-25 Jason A Myers reconsiders the meaning and context of the phrase the obedience of faith in Rom 1 5 and how it contributes to the theme of obedience in Romans In contrast to previous studies that have nearly exclusively focused on the obedience language in light of the Hebrew Bible and Second Temple literature Myers instead investigates how this language functioned within the Greco Roman world particularly in the discourse of the Roman Empire By studying both the Greco Roman contexts and the use of obedience language during the Empire Myers sheds fresh light on the meaning of the obedience of faith and concludes that such examination helps contemporary readers understand how Gentiles in Paul's audience would have heard and received the terms and images relating to obedience In addition he argues that Paul's use of obedience language both at the beginning and end of Romans 1 5 15 18 serves as rhetorical bookends and signals a theme that is central to Paul's purpose in Romans and integral to his calling as an apostle to the Gentiles **Theories, Models and Concepts in Ancient History** Neville Morley, 2004-06 The first accessible guide for students to show how theories models and concepts have been applied to ancient history **Melania the Younger** Elizabeth A. Clark, 2021-02-11 Melania the Younger From Rome to Jerusalem explores the richly detailed story of Melania an early fifth century Roman Christian aristocrat who renounced her staggering wealth to lead a life of ascetic renunciation Hers is a tale of riches to rags Born to high Roman aristocracy in the late fourth century Melania encountered numerous difficulties posed by family members Roman officials and historical circumstances in disposing of her wealth property spread across at least eight Roman provinces and thousands of slaves Leaving Rome with her entourage a few years before Alaric the Goth's sack of Rome in 410 she journeyed to Sicily then to North Africa finally settling in Jerusalem all while founding monasteries along the way Towards the end of her life she traveled to Constantinople present day Istanbul in an attempt to convert to Christianity her still pagan uncle who was on a state mission to the eastern
