The Nineteenth-Century French Short Story Allan Pasco, 2019-07-03 The 19th Century French Short Story by eminent scholar Allan H Pasco seeks to offer a more comprehensive view of the definition capabilities and aims of short stories The book examines general instances of the genre specifically in 19th century France by recognizing their cultural context demonstrating how close analysis of texts effectively communicates their artistry and arguing for a distinction between middling and great short stories Where previous studies have examined the writers of short stories individually The 19th Century French Short Story takes a broader lens to the subject and looks at short story writers as they grapple with the artistic ethical and social concerns of their day Making use of French short story masterpieces with reinforcing comparisons to works from other traditions this book offers the possibility of a more adequate appreciation of the under valued short story genre

Victims of the Book Francois Proulx, 2019-11-04 Victims of the Book uncovers a long neglected but once widespread subgenre the fin de si cle novel of formation in France In the final decades of the nineteenth century social commentators insistently characterized excessive reading as an emasculating illness that afflicted French youth Novels about and geared toward adolescent male readers were imbued with a deep worry over young Frenchmen s masculinity as evidenced by titles like Crise de jeunesse Youth in Crisis 1897 La Crise virile Crisis of Virility 1898 La Vie st rile A Sterile Life 1892 and La Mortelle Impuissance Deadly Impotence 1903 In this book Fran ois Proulx examines a wide panorama of these novels as well as polemical essays pedagogical articles and medical treatises on the perceived threats posed by young Frenchmen s reading habits Fin de si cle writers responded to this pathologization of reading with a profusion of novels addressed to young male readers paradoxically proposing their own novels as potential cures In the early twentieth century this corpus was critically revisited by a new generation of writers Victims of the Book shows how Andr Gide and Marcel Proust in particular reworked the fin de si cle paradox to subvert cultural norms about literature and masculinity proposing instead a queer pact between writer and reader

The Shock of the Ancient Larry F. Norman, 2011-04-15 The cultural battle known as the Quarrel of the Ancients and Moderns served as a sly cover for more deeply opposed views about the value of literature and the arts One of the most public controversies of early modern Europe the Quarrel has most often been depicted as pitting antiquarian conservatives against the insurgent critics of established authority The Shock of the Ancient turns the canonical vision of those events on its head by demonstrating how the defenders of Greek literature rather than clinging to an outmoded tradition celebrated the radically different practices of the ancient world At a time when the constraints of decorum and the politics of French absolutism quashed the expression of cultural differences the ancient world presented a disturbing face of otherness Larry F Norman explores how the authoritative status of ancient Greek texts allowed them to justify literary depictions of the scandalous The Shock of the Ancient surveys the

diverse array of aesthetic models presented in these ancient works and considers how they both helped to undermine the rigid codes of neoclassicism and paved the way for the innovative philosophies of the Enlightenment Broadly appealing to students of European literature art history and philosophy this book is an important contribution to early modern literary and cultural debates *The Documentary Imagination in Twentieth-century French Literature* Alison Siân James, 2020 Studying

works by authors including Gide Breton Aragon Yourcenar Duras and Modiano this volume rethinks twentieth century French literature and engages with the question of distinctions between the factual and the fictional **Writing**

Marginality in Modern French Literature Edward J. Hughes, 2001-04-23 Writing Marginality in Modern French Literature first published in 2001 explores how cultural centres require the peripheral the outlawed and the deviant in order to define and bolster themselves It analyses the hierarchies of cultural value which inform the work of six modern French writers the exoticist Pierre Loti Paul Gauguin whose *Noa Noa* enacts European fantasies about Polynesia Proust who analyses such exemplary figures of exclusion and inclusion as the homosexual and the xenophobe Montherlant who claims to subvert colonialist values in *La Rose de sable* Camus who pleads an alienating detachment from the cultures of both metropolitan France and Algeria and Jean Genet Crucially Genet who was typecast as France's moral pariah in charting Palestinian statelessness in his last work *Un Captif amoureux* 1986 reflects ethically on the dispossession of the Other and the violence inherent in the West's marginalization of cultural difference **Stendhal Et L'Angleterre** French Institute (London, England), 1987-01-01 *Stendhal et la question d'argent au cours de sa vie* Lily R. Felberg, 1975 **Balzac, Literary**

Sociologist Allan H. Pasco, 2016-10-04 Melding the fields of literature sociology and history this book develops analyses of the ten novels in Balzac's *Scènes de la vie de province* Following the order of the novels projected in *La Comédie humaine* Allan H. Pasco investigates how Balzac used art as a tool of social inquiry to obtain startlingly accurate insights into the relationships that defined his turbulent society His repeated claim to be an historian of manners was more than an empty boast Though Balzac was first and foremost a great novelist he was also a trailblazing sociologist joining Henri de Saint Simon and the subsequent Auguste Comte in considering the relationships that represent society as an interacting interlocking web Using a methodology that combines close analysis with a broad cultural context Pasco demonstrates that Balzac's sociological vision was extraordinarily pertinent to both his and our days **Le paysage romantique et**

l'expérience du sublime Yvon Le Scanff, 2007 Analyse de la poétique du paysage chez les romantiques de leur conception du sublime dans la nature et du paysage sublime **Perjury and Pardon, Volume I** Jacques Derrida, 2022-09-27 An inquiry

into the problematic of perjury or lying and forgiveness from one of the most influential philosophers of the twentieth century One only ever asks forgiveness for what is unforgivable From this contradiction begins *Perjury and Pardon* a two year series of seminars given by Jacques Derrida at the cole des hautes études en sciences sociales in Paris in the late 1990s In these sessions Derrida focuses on the philosophical ethical juridical and political stakes of the concept of responsibility His primary

goal is to develop what he calls a problematic of lying by studying diverse forms of betrayal infidelity denial false testimony perjury unkept promises desecration sacrilege and blasphemy Although forgiveness is a notion inherited from multiple traditions the process of forgiveness eludes those traditions disturbing the categories of knowledge sense history and law that attempt to circumscribe it Derrida insists on the unconditionality of forgiveness and shows how its complex temporality destabilizes all ideas of presence and even of subjecthood For Derrida forgiveness cannot be reduced to repentance punishment retribution or salvation and it is inseparable from and haunted by the notion of perjury Through close readings of Kant Kierkegaard Shakespeare Plato Jankl vitch Baudelaire and Kafka as well as biblical texts Derrida explores diverse notions of the evil or malignancy of lying while developing a complex account of forgiveness across different traditions

Impostors Christopher L. Miller, 2018-12-10 Miller takes us on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong'o author of *Wizard of the Crow* Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L. Miller terms the intercultural hoax In the United States such hoaxes are familiar Forrest Carter's *The Education of Little Tree* and JT LeRoy's *Sarah* are two infamous examples Miller's contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating study of intercultural literary hoaxes Christopher L. Miller provides a useful brief history of American literary impostures as a backdrop for his investigation of France's literary history of ethnic usurpation Henry Louis Gates Jr New York Times bestselling author Enchantment Jean Starobinski, 2008 This book examines some figures of seduction as they have appeared over the course of opera's history introd *Direct and Indirect Speech* Florian Coulmas, 2011-07-22

Sick Heroes Allan H. Pasco, 1997 Making use of new research materials Sick Heroes offers fresh insight into the romantic spirit It sheds light on the particular creations of the romantic world on the causes for Romanticism on French Romanticism as an aesthetic and social reality and on the period's collective mentality

Chrétien Continued Matilda Tomaryn Bruckner, 2009-01-15 Matilda Tomaryn Bruckner provides the first book length examination of all four verse continuations that follow Chrétien's unfinished Grail story a powerful site of rewriting from the late twelfth through the fifteenth centuries By focusing on the dialogue between Chrétien and the verse continuators this study demonstrates how the patterns and puzzles inscribed in the first author's romance continue to guide his successors whose additions and reinventions throw new light back on the problems medieval readers and writers found in the mother text questions about society and the individual love gender relations and family ties chivalry violence and religion issues of collective authorship and doubled heroes interpretation rewriting and canon formation However far the continuations appear to wander from the master text the manuscript tradition supports an implicit claim of oneness extending across the multiplicity of discordant voices combined in a dozen different manuscript compilations the varying ensembles in which most medieval readers encountered Chrétien's Conte Indeed considered as a group the continuators show remarkable fidelity in integrating his romance's key elements as they respond sympathetically to the dynamic incongruities and paradoxical structure of their model its desire for and deferral of ending its non Aristotelian logic of and both in which contiguity forces interpretation and further narrative elaboration Unlike their prose competitors the verse continuators remain faithful to the dialectical movement inscribed across the interlace of two heroes intertwined stories the contradictory yet complementary spirit that propels Chrétien's decentered Conte du Graal

Le Règne de l'Histoire Jean-Marie Goulemot, 2014-04-01 Extrait de la préface de 1975 Ce travail a commencé il y a quelque dix ans d'jà De cette dureté je n'ai pas la vaine prétention de tirer gloire par son rappel liminaire je voudrais tenter d'

expliquer comment s'est constitué ce livre et esquisser la définition méthodologique d'une recherche dont il n'est que l'aboutissement fragile Je cherchais comme la Terre promise l'idée de révolution chez les philosophes En parlaient ils une fiche bien remplie gauche n'en parlaient ils pas une fiche vierge mais accusatrice droite Aussi ne me fallut il guère de temps pour poser les jalons de ce qui était alors pour moi l'histoire de l'idée de révolution au XVIIIe siècle Il en fallut moins encore pour réduire ce chapeau de fiches en une ruine d'isoire quand je tentai d'analyser le sens d'une telle démarche N'était il pas évident que ma quête de l'idée de révolution relevait d'une définition a priori des Lumières qui était un révélogique bien y regarder le siècle pour moi prenait son sens de 1789 qui expliquait le siècle tout autant que le siècle l'expliquait En même temps je découvrais que 1715 n'était ni un commencement ni une fin et il me fallait admettre que cette histoire avec son aube son terme et son profil était mon oeuvre Si je tenais l'idée de révolution pour présente dans ce siècle c'est qu'une révolution en marquait le terme Je projetais sur lui pour le construire une révolution qui l'ordonnait et dont il était le porteur 1789 sans que j'en eusse conscience inscrivait dans les faits une germination qui d'abord avait eu lieu dans les esprits Jamais je devais me l'avouer je n'aurais eu le projet d'aller chercher cette même idée de révolution dans le XVIe ou le XVIIe siècle D'autre part si j'avais choisi de croire l'une idée de révolution c'était aussi parce que cette idée était en moi partie intégrante de mon idéologie fantasme douillet et rien alors ne m'interdisait de penser qu'à travers 1789 je la projetais dans ce passé qu'elle construisait la fois critique et ciment tandis que par elle j'y retrouvais quelques uns des garants dont j'avais tant besoin Jean Marie GOULEMOT
