

A romantic couple is shown in a close embrace, lying in bed. The woman is smiling and looking towards the camera, while the man is partially visible behind her, also smiling. They are both wearing white clothing. The background is softly blurred, showing hints of a window with light coming through.

Romantic Challenge:

Romance's Rival Talia Schaffer, 2016-01-05 Romance's Rival argues that the central plot of the most important genre of the nineteenth century the marriage plot novel means something quite different from what we thought. In Victorian novels women may marry for erotic desire but they might instead insist on familiar marriage marrying trustworthy companions who can offer them socially rich lives and futures of meaningful work. Romance's Rival shows how familiar marriage expresses ideas of female subjectivity dating back through the seventeenth century while romantic marriage felt like a new risky idea. Undertaking a major rereading of the rise of the novel tradition from Richardson through the twentieth century Talia Schaffer rethinks what the novel meant if one tracks familiar marriage virtues. This alternative perspective offers new readings of major texts Austen the Brontës Eliot Trollope but it also foregrounds women's popular fiction Yonge Oliphant Craik Broughton. Offering a feminist perspective that reads the marriage plot from the woman's point of view Schaffer inquires why a female character might legitimately wish to marry for something other than passion. For the past half century scholars have valorized desire individuality and autonomy in the way we read novels. Romance's Rival asks us to look at the other side to validate the yearning for work family company or social power as legitimate reasons for women's marital choices in Victorian fiction. Comprehensive in its knowledge of several generations of scholarship on the novel Romance's Rival convinces us to re-examine assumptions about the nature and function of marriage and the role of the novel in helping us not simply imagine marriage but also process changing ideas about what it might look like and how it might serve people.

In the Name of Love Aharon Ben-Ze'ev, Ruhama Goussinsky, 2008 We yearn to experience the idealized love in so many novels movies poems and popular songs. Ironically it is the idealization of love that arms it with its destructive power. Popular media consistently remind us that love is all we need but statistics concerning the rate of depression and suicides after divorce or romantic break up remind us what might happen if all that we need is taken away. This book is about our ideals of love our experiences of love the actual disparity between the two and the manners of coping with this disparity. A major study case of the book concerns men who have murdered their wives or partners allegedly out of love. It is estimated that over 30% of all female murder victims in the United States die at the hands of former or present spouses or boyfriends. How can murdering a loved one be associated with the assumed moral and altruistic love? Not only is love intrinsically ambivalent but it can also give rise to dangerous consequences. Some of the worst evils have been committed in the name of love. A unique collaboration between a leading philosopher in the field of emotions and a social scientist. In the Name of Love presents fascinating insights into romantic love and its future in modern society. *The Hedonism of Eudoxus of Cnidus* Richard Davies, 2023-12-06 Mathematician and astronomer Eudoxus of Cnidus was a younger contemporary of Plato and an older contemporary of Aristotle on both of whom he exerted some influence during his stays in Athens. This is perhaps most apparent with regard to his ethical doctrine that identifies the good as pleasure hedonism. While Plato seems rather unsure

how seriously to take this proposal Aristotle provides the materials for reconstructing the battery of ingenious arguments that Eudoxus brought forward in its defence Taken together in this Element these arguments foreshadow almost everything that has been said in the Western tradition in favour of the positive value of pleasure and if taken aright point in the direction of a hedonism that sets store by the cultivation of activities akin to those for which Eudoxus has been most renowned mathematics and astronomy

Whitehead, 1995 George Crabbe A Reappraisal is centered on the belief that Crabbe particularly in his verse tales is an important even major poet whose work has been and still is seriously undervalued After an introductory chapter the next five

chapters in Part 1 offer a straightforward account of the changes in Crabbe's poetry up to its pinnacle of achievement in 1812 tracing its development from the generalized discursive poetical essays of the 1780s through the particularized character sketches and anecdotes of *The Parish Register* and much of *The Borough* to the full length verse tales that reach their full maturity in *Tales* 1812 **James and John Stuart Mill** Bruce Mazlish, 2017-09-29 The story of James and John Stuart Mill is one of the great dramas of the 19th century In the tense yet loving struggle of this extraordinarily influential father and son we can see the genesis of evolution of Liberal ideas about love sex and women wealth and work authority and rebellion which ushered in the modern age The result of more than a decade of research and reflection this is a study of the relationship between James Mill the self made utilitarian philosopher who tried with only partial success to shape his son in his own image Mazlish integrates psychology and intellectual history as part of his larger and continuing effort to spur deeper understanding of the character limitations and possibilities of the social sciences John Stuart Mill's rebellion against a joyless loveless upbringing one in strict accordance with the principles of Utilitarianism was rooted in a powerful Oedipal struggle against his father's authority Mazlish describes this rebellion as playing an important role in the genesis of classical nineteenth century liberalism Behind this intellectual development were the women in Mill's life Harriet the mother never mentioned by her son in his autobiography and Harriet Taylor with whom Mill lived in a scandalous if chaste ménage à trois It was this long relationship which informed his famous essay *The Subjection of Women* one of the most eloquent feminist statements ever written A work of brilliant historical research and psychological insights *James and John Stuart Mill* shows how the nineteenth century struggle of fathers and sons shaped the social transformation of society **The Taming of Romanticism** Virgil Nemoianu, 1984 Looking at a broad spectrum of writers English French German Italian Russian and other East Europeans Virgil Nemoianu offers here a coherent characterization of the period 1815-1848 This he calls the era of the domestication of romanticism The explosive visionary core of romanticism is seen to give way after the defeat of Napoleon to an expanded and softer version reflecting middle class values This later form of romanticism is characterized by moralizing efforts to reform society a sentimental yearning for the tranquility of home and hearth and persistent faith in the individual alongside a new skepticism shattered ideals and consequent irony Expanding the application of the term Biedermeier which has been useful in describing this period in German literature Nemoianu provides a new framework for understanding these years in a wider European context **Faulkner at 100** Donald M. Kartiganer, Ann J. Abadie, 2009-09-18 William Faulkner was born September 25 1897 In honor of his centenary the Faulkner and Yoknapatawpha Conference of 1997 brought together twenty five of the most important Faulkner scholars to examine the achievement of this writer generally regarded as the finest American novelist of the twentieth century The essays and panel discussions that make up *Faulkner at 100 Retrospect and Prospect* provide a comprehensive account of the man and his work including discussions of his life the shape of his career and his place in American literature as well as fresh readings of such
