

Why do we love? A philosophical inquiry

Speaker: Skye C. Cleary

Video: https://www.ted.com/talks/skye_c_cleary_why_do_we_love_a_philosophical_inquiry

Ah, romantic love - beautiful and intoxicating, heartbreaking and soulcrushing, often all at the same time. Why do we choose to put ourselves through its emotional wringer? Does love make our lives meaningful, or is it an escape from our loneliness and suffering? Is love a disguise for our sexual desire, or a trick of biology to make us procreate? Is it all we need? Do we need it at all?

If romantic love has a purpose, neither science nor psychology has discovered it yet. But over the course of history, some of our most respected philosophers have put forward some intriguing theories. Love makes us whole, again. The ancient Greek philosopher Plato explored the idea that we love in order to become complete.

Ồi tình yêu - đẹp đẽ và say đắm, làm đau lòng và tan nát cả tâm hồn, những cảm xúc ấy thường luôn cùng tồn tại. Tại sao con người lại muốn đẩy chính mình vào vòng xoáy tâm trạng ấy? Phải chăng tình yêu khiến cuộc sống có ý nghĩa, hay đó chỉ là lối thoát cho sự cô đơn và đau khổ? Có phải tình yêu chỉ là nguy trang cho dục vọng hay chỉ là một mảnh lời của sinh học để con người phải sinh nó? Đó là tất cả những gì chúng ta cần? Thực sự ta có cần điều này không?

Nếu tình yêu có một mục đích nào đó, thì cả ngành khoa học và tâm lý học vẫn chưa khám phá ra. Nhưng qua tiến trình lịch sử, một số triết gia đáng kính đã đưa ra một số giả thuyết hấp dẫn. Một lần nữa, tình yêu giúp chúng ta trở nên trọn vẹn hơn. Nhà triết học Hi Lạp cổ Plato khám phá ý tưởng cho rằng ta yêu thương ai đó là để trở nên trọn vẹn hơn.

Romantic Love A Philosophical Inquiry

Ryan Patrick Hanley

Romantic Love A Philosophical Inquiry:

Romantic Love, a Philosophical Inquiry Dwight Van de Vate, 1981 Romantic love is subject to the same philosophical analysis this book shows as any other human experience such as selfhood good and evil or justice even though most philosophers have neglected it An appropriate method of inquiry here the author holds must be an ontological theory it must evaluate the reality of love in comparison to the other things we think are real Part I examines the layman's conception of romantic love as a mysterious unanalyzable feeling It also examines the psychologist's conception of romantic love as an unmysterious natural phenomenon a drive Part II turns to the sociologist's conception of romantic love as a social institution an interpersonal transaction with a social function Part III concludes that romantic love is an objective social process which society makes possible by granting the individual a private inner being which escapes typification by being literally unspeakable Written with clarity wit and charm *Romantic Love* will appeal to all intellectually curious readers including philosophers and social scientists

Romantic Love Susan S. Hendrick, Clyde Hendrick, 1992-06-10 Is love a uniquely human endeavor Is romantic love universally felt or is it a cultural phenomenon Can we control it Love is of concern to nearly everyone yet it is rarely understood Drawing material from history psychology sociobiology sociology philosophy family studies and other disciplines the authors provide an overview to aid readers in understanding the complexity and ultimate elusiveness of romantic love Chapters in this fascinating volume encompass a wide range of material covering the history of love theories and research on love and an explanation of the meaning of love as we practice it in our everyday lives *Romantic Love* will benefit students researchers and professionals by presenting the most recent empirical work on the topic and pointing the way toward more exciting research and applications This engagingly written little volume presents a social psychological approach to romantic love but also brings to bear important facts and concepts from sociobiology philosophy history family studies and sociology It is part of a series of short focused volumes dealing with aspects of close relationships and would make excellent supplementary reading for undergraduate courses in marriage and the family close relationships social psychology or human sexual behavior *Journal of Marriage The Family*

Sex and Love in the Home, Second Edition David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a

neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne

Love's Philosophy Richard White, 2001-10-09 Love comes in many forms and touches all our lives and despite its changing history it remains constant in human experience Love's Philosophy explores the basic expressions of love In this book White looks at friendship romance parenthood and humanitarian love in classical and contemporary perspective He argues that the philosophical oblivion of love has been a mistake By examining both the historical and contemporary formations of love he proposes alternative models to guide both our thinking and our experience of loving *Philosophical Inquiry*, 1997

Love's Virtues Mike W. Martin, 1996 This book brings together a sensitive understanding of love and an unusually careful even painstaking analysis of the enormous but often neglected role of morality and the virtues in love Martin's discussions of such virtues as caring courage fidelity and honesty are superb the examples well chosen the argument personal but nevertheless rigorous the prose accessible and enjoyable to read **Love** Ryan Patrick Hanley, 2024 Love has been a central concept of philosophical inquiry over the last several millennia Love A History chronicle the most significant moments in this concept's long and complex evolutionary life and collectively tell the story of the ways in which love's horizons shifted from the transcendent to the immanent over the course of its conceptual history *Love & Eroticism* Mike

Featherstone, 1999-03-19 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society *Double Vision* Tzachi

Zamir, 2012-06-24 Hamlet tells Horatio that there are more things in heaven and earth than are dreamt of in his philosophy In Double Vision philosopher and literary critic Tzachi Zamir argues that there are more things in Hamlet than are dreamt of or at least conceded by most philosophers Making an original and persuasive case for the philosophical value of literature Zamir suggests that certain important philosophical insights can be gained only through literature But such insights cannot be reached if literature is deployed merely as an aesthetic sugaring of a conceptual pill Philosophical knowledge is not opposed to but is consonant with the literariness of literature By focusing on the experience of reading literature as literature and not philosophy Zamir sets a theoretical framework for a philosophically oriented literary criticism that will appeal both to philosophers and literary critics Double Vision is concerned with the philosophical understanding induced by the aesthetic

experience of literature Literary works can function as credible philosophical arguments not ones in which claims are conclusively demonstrated but in which claims are made plausible Such claims Zamir argues are embedded within an experiential structure that is itself a crucial dimension of knowing Developing an account of literature's relation to knowledge morality and rhetoric and advancing philosophical literary readings of Richard III Macbeth Romeo and Juliet Othello Antony and Cleopatra Hamlet and King Lear Zamir shows how his approach can open up familiar texts in surprising and rewarding ways

The Routledge Companion to Romantic Love Ann Brooks, 2021-11-29 The Routledge Companion to Romantic Love is a multidisciplinary and interdisciplinary reference work essential for students and researchers interested in the field of love romance and popular romance fiction This first of its kind volume illustrates the broad and interdisciplinary nature of love studies International contributors including leaders in their field reflect a range of perspectives from cultural studies history literature popular romance studies American studies sociology and gender studies Comprising over 30 chapters by a team of international contributors the Companion is divided into 12 parts Love romance and historical and social change Love and feminist discourses Love and popular romance fiction Love gender and sexuality Romancing Australia South and Southeast Asian romance communities Nation place and identity in US popular romance novels Romantic love and national identity in Chinese and Taiwanese discourses of love Muslim and Middle Eastern romances Discourses of romance fiction and technologies of power Writing love and romance Legal and theological fiction and sexual politics This is an important and unique collection aimed at researchers and students across cultural studies women and gender studies literature studies and sociology

The Alpha, or first principle of the human mind: a philosophical inquiry into the nature of truth Edward Nichols DENNYS, 1871

Celebrating Christian Marriage Adrian Thatcher, 2002-04-30 The interest in marriage and the future of marriage is urgent and increasing This collection of expert research analysis and discussion may be the most significant ever assembled on this subject There are contributions from different continents and cultures from Roman Catholic Protestant Anglican and Orthodox traditions from theologians and many other professionals including historians social theorists sex therapists lawyers psychiatrists and demographers all in conversation with the idea of Christian marriage There are introductions to each topical section by Adrian Thatcher Marriage at the Start of the Millennium Beginning Marriage Love and Marriage The Marriage Relationship Children and Marriage Single Sex Marriage Ending Marriage Roman Catholic Perspectives Ending Marriage Anglican Perspectives

What Love Is Carrie Jenkins, 2017-01-24 A rising star in philosophy examines the cultural social and scientific interpretations of love to answer one of our most enduring questions What is love Aside from being the title of many a popular love song this is one of life's perennial questions In *What Love Is* philosopher Carrie Jenkins offers a bold new theory on the nature of romantic love that reconciles its humanistic and scientific components Love can be a social construct the idea of a perfect fairy tale romance and a physical manifestation those anxiety inducing heart palpitations we must recognize its complexities and decide for

ourselves how to love Motivated by her own polyamorous relationships she examines the ways in which our parameters of love have recently changed to be more accepting of homosexual interracial and non monogamous relationships and how they will continue to evolve in the future Full of anecdotal cultural and scientific reflections on love What Love Is is essential reading for anyone seeking to understand what it means to say I love you Whether young or old gay or straight male or female polyamorous or monogamous this book will help each of us decide for ourselves how we choose to love 21st Century Sociology: A Reference Handbook Clifton D. Bryant,Dennis L. Peck,2007 Publisher Description *Romantic Agency* Luke Brunning,2024-04-24 This is a book for people energized by the possibilities of modern intimacy but who feel unsure about their own romantic lives Alternative lifestyles such as nonmonogamy while liberating in theory can feel remote in practice as we are fixed in place by insecurities and social pressures In *Romantic Agency* philosopher Luke Brunning encourages readers to think more deeply about what it means for relationships to not only work but flourish Guided by the thought that our abilities to be intimate cannot be taken for granted he argues that our romantic agency is fragile and best cultivated alongside other people Together we can become more realistic balance playfulness with integrity and value each other s flourishing Anyone can benefit from this exploration of intimate life regardless of their relationship status or romantic ideals Compelling and timely *Romantic Agency* is a groundbreaking account of love and relationships **The Palgrave Handbook of German Romantic Philosophy** Elizabeth Millán Brusslan,2020-12-15 This Handbook provides a comprehensive and authoritative analysis of the philosophical dimensions of German Romanticism a movement that challenged traditional borders between philosophy poetry and science With contributions from leading international scholars the collection places the movement in its historical context by both exploring its links to German Idealism and by examining contemporary related developments in aesthetics and scientific research A substantial concluding section of the Handbook examines the enduring legacy of German romantic philosophy Key Features Highlights the contributions of German romantic philosophy to literary criticism irony cinema religion and biology Emphasises the important role that women played in the movement s formation Reveals the ways in which German romantic philosophy impacted developments in modernism existentialism and critical theory in the twentieth century Interdisciplinary in approach with contributions from philosophers Germanists historians and literary scholars Providing both broad perspectives and new insights this Handbook is essential reading for scholars undertaking new research on German romantic philosophy as well as for advanced students requiring a thorough understanding of the subject **The Ultimate Guide to Love** Hseham Amrahs,2025-01-20 The Love Guide also tackles some of the most common issues that can arise in relationships such as communication problems jealousy and infidelity It offers practical advice and strategies for dealing with these challenges as well as tips for enhancing the positive aspects of a relationship such as intimacy and emotional connection The Ultimate Guide to Love is a celebration of the power of love to transform lives and bring people closer together It is a reminder that no matter how complex and challenging love

may be at times it is ultimately worth the effort This book is the result of years of research reflection and personal experience It is intended to be a roadmap for anyone who wants to cultivate deeper more meaningful connections with themselves and others Whether you are single or in a relationship young or old this guide has something to offer you Erotic Philosophy Olivia Clark,AI,2025-05-05 Erotic Philosophy explores the multifaceted nature of eroticism venturing beyond simple physical acts to examine its profound influence on self perception societal structures and power dynamics The book dissects how erotic desires and identities are constructed questioning their inherent naturalness and revealing the power dynamics embedded within erotic relationships including issues of consent and dominance It also highlights eroticism s complex relationship with social norms showcasing how it both challenges and reinforces existing societal structures This exploration traces the evolution of erotic thought through history from pre modern understandings of sexuality to the emergence of modern sexual identities and the impact of social movements The book uses philosophical concepts to argue that eroticism is not a fixed phenomenon but a fluid concept shaped by social cultural and historical forces By analyzing the contributions of thinkers like Michel Foucault and feminist perspectives from Simone de Beauvoir the book progresses across chapters to examine power gender inequalities and contemporary debates surrounding technology and social media **Love and Limerence** Dorothy Tennov,1998-12-29 Excellent Of universal interest It deals with the subject in an entirely new way Simone de Beauvoir Originally released twenty years ago Love and Limerence has become a classic in the psychology of emotion As relevant today as it was then this book offers insight into love infatuation madness and all flavors of emotion in between **Resonances: Neurobiology, Evolution and Theology** Markus Mühling,2014-09-17 Markus M hling presents an epistemological theory of revelation as perception and a relational narrative theological ontology based on the concept of dramatic coherence in which the triune life is understood not as an anomaly within ontology but rather as the decisive condition of its possibility M hling further demonstrates that potential for resolving certain theological problems arises if new insights from the natural sciences such as the theory of the ecological brain in the neurosciences and the theory of niche construction in evolutionary theory are taken into account Similarly he also proposes that neuroscience and evolutionary biology can procure advantages from a dialogue with theology
