Silcox,Graham Roebuck,2008 The essays collected in this volume explore many of the most interesting and some of the more surprising reactions of English people in the early modern period to their encounters with the mysterious and the foreign In this period the small and peripheral nation of English speakers first explored the distant world from the Arctic to the tropics

of the Americas to the exotic East and snowy wastes of Russia recording its impressions and adventures in an equally wide variety of literary genres Nearer home fresh encounters with the mysterious world of the Ottoman Empire and the lure of the Holy Land and of course with the evocative wonders of Italy provide equally rich accounts for the consumption of a reading and theatergoing public This growing public proved to be in some cases naive and gullible in others urbanely sophisticated in its reactions to otherness or frankly incredulous of travelers tales BOOK JACKET **New York Magazine** ,1991-04-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Athenaeum** ,1863
