Romero's Legacy Pilar Hogan Closkey, John P. Hogan, 2007-08-04. Pilar Hogan Closkey and John Hogan have brought together the annual Archbishop Oscar Romero Lectures 2001-2007 to consider the life and death of Archbishop Romero and the daily struggles of the poor in our world, especially in the city of Camden, New Jersey, one of America's poorest cities. Romero's dangerous memory provides the background while urban poverty and the option for the poor are the foreground. Romero's commitment to the poor compels us to look at ourselves and the authors of each chapter remind us of Romero's dangerous memory and his undying hope in the promised future. Taken as a whole, the book reminds us of the tough questions behind the real meaning of the option for the poor: Can we, as a faith community and institution, move beyond high-sounding slogans and really opt for the poor? What are the costs? What are the risks? Especially in these difficult times of war, terrorism and scandal, can we in the Church rebuild trust and be a sign of a future of justice and peace announced by Jesus?

Law and Religion in a Secular Age Rafael Domingo, 2023-09-28. Essays discussing the relationship of national, international and canon law to spirituality, God and religion. The second half of the book discusses the lives of Christians who have made significant contributions to jurisprudence in various spheres: Alberico Gentili, Robert Schuman, Oscar Romero, Pope John Paul II, Iván Ilario de Ors and John Witte Jr.

Abrazando El Espíritu Ana Elizabeth Rosas, 2014-09-27. Structured to meet employers' needs for low-wage farm workers, the well-known Bracero Program recruited thousands of Mexicans to perform physical labor in the United States between 1942 and 1964 in exchange for remittances sent back to Mexico. Drawing on an extraordinary range of sources, Ana Elizabeth Rosas uncovers a previously hidden history of transnational family life. Intimate and personal experiences are revealed to show how Mexican immigrants and their families were not passive victims but instead found ways to embrace the spirit of *abrazando el espíritu* of making and implementing difficult decisions concerning their family situations, creating new forms of affection, gender roles and economic survival strategies with long-term consequences.

Back cover: *Undocumented Saints* William A. Calvo-Quiros, 2022. *Undocumented Saints* follows the migration of popular saints from Mexico into the US and the evolution of their meaning. The book explores how Latinx battles for survival are performed in the worlds of faith, religiosity and the imaginary and how the socio-political realities of exploitation and racial segregation frame their popular religious expressions. It also tracks the emergence of inter-religious states, transnational ethnic and cultural enclaves unified by faith. The book looks at five vernacular saints that have emerged in Mexico and whose devotions have migrated into the US in the last one hundred years: Jesús Malverde, a popular bandido turned saint; Caudillo Santa Olguita, an emerging feminist saint linked to border women's experiences of sexual violence; Juan

Soldado a murder rapist soldier who is now a patron for undocumented immigrants and the main suspect in the death of an eight year old victim known now as Santa Olguita Toribio Romo a Catholic priest whose ghost spirit has been helping people cross the border into the US since the 1990s and La Santa Muerte a controversial personification of death who is particularly popular among LGBTQ migrants Each chapter contextualizes a particular popular saint within broader discourses about the construction of masculinity and the state the long history of violence against Latina and migrant women female erasure from history discrimination against non normative sexualities and as US and Mexican investment in the control of religiosity within the discourses of immigration Truth and Memory Michael A. Hayes,David Tombs,2001 *Von Balthasar & the Option*

for the Poor Todd Walatka,2017 Hans Urs von Balthasar s vast corpus of theological philosophical literary and pastoral writings remains one of the most impressive achievements in 20th century thought In light of liberation theology and now the papacy of Francis however a theological affirmation of the option for the poor remains dangerously weak in Balthasar s corpus Von Balthasar and the Option for the Poor offers a sympathetic reforming of Balthasar s account of the drama of salvation what he calls theodramatics in response to this weakness **The Unbearable Wholeness of Being** Ilia

Delio,2013 A quantum leap in our understanding of the universe one that reveals the whole consciousness that is active in every part and how every part participates in the whole The award winning author of Christ in Evolution and The Emergent Christ breaks new ground with this capstone in a trilogy that opens our eyes to the everywhere active all powerful all intelligent Love that guides and directs our new awareness of interrelatedness and interbeing She writes We all have a part to play in this unfolding Love we are wholes within wholes persons within persons religions within religions We are one body and we seek one mind and heart so that the whole may become more whole more personal and unified in love This is our Christian vocation to live in the Christ who is rising up from the ashes of death to become for us the God of the future

The Purple Crown Tripp York,2020-01-24 The Purple Crown exhibits how Christianity s ultimate act of witnessing martyrdom is an inherently political act York argues that the path of Christianity leads to a confrontation with the same powers that crucified Jesus Tripp York goes outside of the normal understandings of public theology and points to the most powerful persuaders within Christian history the martyrs The martyrs remind us of the moment in which all the world was simultaneously exposed as fallen and redeemed of Christ s death and resurrection In York s telling just as the martyrs deaths reveals Christ so too their lives bear witness to the City of God exposing those powers and principalities that crucified Jesus and continue to crucify him through his followers He includes the biography of the El Salvador priest Oscar Romero

Divine Harmony Mary Doak,2017 This book provides a clear concise and generally accessible exploration of the Christian belief in the inherent dignity of each person as oriented to and fulfilled in community with others From the Inside Out Ryan Kuja,2018-05-22 For the sake of the world we question For the sake of the gospel we examine For the sake of the dignity of the image bearers we serve as well as ourselves we inquire The evolution that has taken place in the world

of mission over the last twenty five years has left many Christians asking brutally honest questions about what we do and why we do it Are we doing more damage than good What does it look like to truly love and serve the marginalized in an authentic and effective way What actually is the gospel and is it truly good news In this groundbreaking book Ryan Kuja vividly examines the world of Christian mission as few have seen it With a beautiful balance of storytelling and theological reflection birthed from his own painful and powerful experiences on and off the field from rural villages in South Sudan to major cities across Asia Africa and Latin America Ryan guides us into global mission s past and present revealing where the light and hope lie helping recover a missional future that will usher us into a new era This is mission reimagined for a world recreated from the inside out Catalogue of Books in the Mercantile Library, of the City of New York.
