A well researched and highly readable account of one of World War II s most important turning point battles Jerry D Morelock Senior Editor at HistoryNet com In the early years of World War II Germany shocked the world with a devastating blitzkrieg rapidly conquered most of Europe and pushed into North Africa As the Allies scrambled to counter the Axis armies the British Eighth Army confronted the experienced Afrika Corps led by German field marshal Erwin Rommel in three battles at El Alamein In the first battle the Eighth Army narrowly halted the advance of the Germans during the summer of 1942 However the stalemate left Nazi troops within striking distance of the Suez Canal which would provide a critical tactical advantage to the controlling force War historian Glyn Harper dives into the story vividly narrating the events strategies and personalities surrounding the battles and paying particular attention to the Second Battle of El Alamein a crucial turning point in the war that would be described by Winston Churchill as the end of the beginning Moving beyond a simple narrative of the conflict The Battle for North Africa tackles critical themes such as the problems of coalition warfare the use of military intelligence the role of celebrity generals and the importance of an all arms approach to modern warfare **1997**

Chacahoula , Erwin J.E. Rommel Earle Rice (Jr.),2013 Describes the life and career of Erwin Rommel field marshal under Hitler during World War II who is particularly remembered for his role in the campaign in northern Africa

Northwest Africa: Seizing the Initiative in the West George Frederick Howe,1957 **Rommel** Ian F. W. Beckett,2013-12-02 How should history judge the life and career of Erwin Rommel the most famous German general of the Second World War seventy years after his death on 14 October 1944 In his own time and in the years immediately after the war his reputation as a great and chivalrous commander grew to the point where it took on almost legendary proportions and the legend is still with us today His apparent support for the plot to remove Hitler from power in 1944 and the manner of his death committing suicide in order to protect his family from Nazi retribution further enhanced his image as an honourable professional soldier But does he deserve this legendary status Can his exploits as a soldier and commander and his conduct of the war be separated from the aggressive aims of Hitler and the Nazis whom he and the German army served These are

among the key questions Ian Beckett and his team of expert contributors seek to answer in this stimulating and timely study of Rommel and his legacy They look critically at every stage of Rommel s brilliant career from the early fame he achieved as a daring young officer fighting on the Italian front in the First World War through his exploits as a panzer leader during the German invasion of France in 1940 and his generalship in the Western Desert when he commanded the German and Italian forces fighting the British These achievements and the publicity that went with them gave him an extraordinary perhaps overinflated reputation within Germany and among the opposing Allies As featured in Cornwall Today

our history's most important days *The War Magician* David Fisher, 2023-04-18 Based on an extraordinary true story and soon to be a major film produced by and starring Benedict Cumberbatch *The War Magician* is the remarkable tale of the man who used the powers of illusion to fight the Nazis and created the most remarkable feat of legerdemain since the Trojan Horse How an Illusionist Changed the Course of World War II When England went to war against Hitler in 1939 it mobilized its entire military and industrial resources But there was no place in that vast army for legendary stage magician Jasper Maskelyne whose family was renowned for creating modern theatrical illusions Maskelyne was determined to fight the Nazis using his only weapon he intended to apply the techniques of popular magic to the battlefield Initially ignored and ridiculed by the staid military leadership he eventually cajoled his way into the Camouflage Section and was sent to the western desert where he created a new type of warfare With his small group of artists the Magic Gang Maskelyne designed and developed ingenious weapons then tricked the Desert Fox General Rommel and his fabled Afrika Korps into believing there were tanks and battleships where there were none concealed the Suez Canal and even successfully moved Alexandria harbor But it required all his skills to pull off perhaps the largest and most complex magic trick in history As General Bernard Montgomery told Maskelyne on the eve of the Battle of El Alamein The entire war will turn on what happens here What I am about to ask you to do is impossible It can't be done but it must be done I hope you've brought your magic wand with you This is the fact-based story of the illusion that won the war in the desert
