Congressional Record United States. Congress,2002 **Utopia Lost** Rosemary Righter,1995 Rosemary Righter examines the UN s future place in a world of tumultuous political and technological change presenting an anatomy of the complex tangle of global organizations that has evolved since 1946 and of their struggle to adapt She argues that the ideals and cooperative purposes the UN stands for retain their resonance and that powerful governments are now readier in principle to turn to it But they will continue to do so only where and if it matches the needs of a new and more active era of multilateral diplomacy Righter examines every aspect of the UN the hopes and contradictions built into its Charter the unreality which has come to permeate what passes for debate there the legacy of ideological confrontation and the tides of reforming zeal that almost since its inception have washed over it and left almost no trace
