Roots Of Passion:

A Thesaurus of English Word Roots Horace Gerald Danner, 2014-03-27 Horace G Danner's A Thesaurus of English Word Roots is a compendium of the most used word roots of the English language As Timothy B Noone notes in his foreword Dr Danner's book allows you not only to build up your passive English vocabulary resulting in word recognition knowledge but also gives you the rudiments for developing your active English vocabulary making it possible to infer the meaning of words with which you are not yet acquainted Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace This is the beginning of a fine mental linguistic library so enjoy In A Thesaurus of English Word Roots all word roots are listed alphabetically along with the Greek or Latin words from which they derive together with the roots original meanings If the current meaning of an individual root differs from the original meaning that is listed in a separate column In the examples column the words which contain the root are then listed starting with their prefixes for example dysacusia hyperacusia These root starting terms then are followed by terms where the root falls behind the word e g acouesthesia and acoumeter These words are followed by words where the root falls in the middle or the end as in such terms as bradyacusia and odynacosis In this manner A Thesaurus of English Word Roots places the word in as many word families as there are elements in the word This work will interest linguists and philologists and anyone interested in the etymological aspects of English language Decoding Greek and Latin roots in English □□□□□□□□□□□□□□ DAVID YAO, Many English words are formed by taking basic words and adding combinations of prefixes and suffixes to them A basic word to which affixes prefixes and suffixes are added is called a root word because it forms the basis of a new word The root word are mostly from Latin and Greek This is very similar to Chinese language which contains Radical Radicals normally give you some hints in meaning By decoding the root words from Latin and Greek you will find most deep words such as biology and medical term are easier to remember you can even sense out a new word meaning even it is new to you or it is even French German or Italian You will not be intimidated by English words on the opposite you will enjoy the decoding approach as a fun way to expand your English vocabulary The American Journal of Urology and Sexology Henry G. Spooner, 1920 The Complete Dictionary of Bible Names Dr Judson Cornwall, Dr Stelman Smith, 2017-01-01 Containing every biblical name and its Hebrew or Greek nuances your own relationship with God will be enriched as you gain an in depth understanding of their meanings The Exhaustive Dictionary of Bible Names Judson Cornwall, Stelman Smith, 2019-03-13 The Search Stops Here Every name in the Bible is included in The Exhaustive Dictionary of Bible Names Your own relationship with God will be enriched as you gain in depth understanding of the meanings of biblical names Whether you are looking for a biblical name for your child or doing in depth research this book of scriptural treasures will have what you are looking for and more Every biblical name and its various shades of Greek or Hebrew meanings The nearly 40 self revealing names for God The 275 descriptive titles for Jesus The 100 scriptural

designations for Christians In western culture we seldom pay attention to the meanings of names However we often give people nicknames based on their personalities and character traits In a similar way names given in biblical times had much to say about the character prophetic calling or circumstances at the time of a person s birth For instance Jacob s name he stole the firstborn blessing from Esau means supplanter or trickster God later changed his name to Israel which means He will be a prince with God or One who prevails with God In the final book of the Bible one of the promises given to overcomers is that they will be given a new name See Revelation 2 17 It is very clear that names are important Grow in your knowledge of God s nature and character Have a greater understanding of Scripture Find a biblical name with specific meaning and purpose for your child *His Name Is One* Jeff A. Benner,2003 When we read an English translation of the Bible we define the words within it according to our modern vocabulary allowing our culture and language to influence how we read and interpret the Bible The Bible was written by ancient Hebrews whose culture and language was very different from our own and must be read and interpreted through their eyes When we define the names of God using our culture and language we lose the Hebraic meanings behind the original Hebrew names of God Consequently the true nature and character of God is hidden behind the veil of time and culture By understanding the various names of God through the vocabulary and language of the ancient Hebrews the nature and character of God is revealed to us in a new light The prophet Zechariah described the character of God with the words sh mo ehhad translated as His Name is One Zechariah 14 9 This phrase beautifully describes the character of God from a Hebraic perspective that is lost to us through translation and unfamiliarity with ancient Hebrew culture
