humanity's very conception of conflict War was increasingly seen not as a limited contest between professional armies but an existential struggle between countries demanding every sacrifice The purpose of my book Total Peace not Total War is to explore the transformative potential of shifting from a mindset of total war to one of Total Peace At its core this book is about the choices before us as a civilization will we remain captive to cycles of trauma dehumanization and escalating violence Or bring Peace Happiness and Prosperity to our Homelands To ensure broad accessibility this book is priced affordably It is my sincere hope that by making this resource widely available it can have a meaningful positive impact If my book Total Peace not Total War How to have Peace Happiness Prosperity not War and Death in your Homeland can save even one life or bring a measure of happiness to a single individual I will feel a deep sense of fulfillment and happiness myself I will be grateful to be able to make a difference through this work *CROW Reports* ,1991 **The Routledge Handbook of Spanish**
