guide for living in harmony with dogs We know dogs are genetically related to the wolf and both exhibit identical instincts behaviors temperaments and dispositions and both abide to the law of nature that contends for any animal grouping to survive there must be social order and communication between its members Knowing this we should learn all we can about wolf behavior and incorporate that knowledge with our dogs By learning how pack animals establish social order and communicate with one another we can use this information to shape our dogs natural instincts without having to use food bribes or violence When we communicate in our dogs language we will be able to communicate our leadership The outcome will be predictable for we will be using the same methods of an alpha wolf when he establishes and maintains social order with a pack of wolves We will be shaping the same wolf instincts that are intact and engaged in each of our dogs Shaping the Wolf Within Your Dog illuminates The natural behavior of canines The language of canines How alphas lead their packs How alphas discipline and show affection The hierarchy of the wolf social order The natural friendliness loyalty and devotion of pack members How to pick the best pup from a litter How to establish social order with pups Basic obedience and off lead obedience Family protection training *Children's Books in Print, 2007 ,2006* In Despair Megan Derr, Prince Telm Gulbrandsen has been groomed since childhood to become a Prince of the Blood and Commander of the Legion He will be the youngest person to ever take the Blooding if he can behave long enough to prove he can be trusted with the responsibility But behaving is difficult when he is constantly forced to endure Korin heir to the Reach of the House and the Temple of the Sacred Three and the snotty brat Telm is expected to someday marry Then the unthinkable happens leaving Castle Gulbrandsen and the Legion in pieces Overwhelmed by fear and grief Telm convinces Korin to help him attempt the impossible But rather than relief Telm's triumph is met with anger and rejection
