Lord Wearys Castle The Mills Of The Kavanaughs:

Lord Weary's Castle Robert Traill Spence Lowell IV,1961 Lord Weary's castle. The mills of the Kavanaughs Robert Lord Weary's Castle; And, The Mills of the Kavanaughs Robert Lowell, 1951 A collection of short poems and a long narrative poem explores the feelings and experiences of the author Warren, Jarrell, and Lowell Joan Romano Shifflett, 2020-06-03 Robert Penn Warren Randall Jarrell and Robert Lowell maintained lifelong well documented friendships with one another often discussing each other's work in private correspondence and published reviews Joan Romano Shifflett s Warren Jarrell and Lowell Collaboration in the Reshaping of American Poetry traces the artistic and personal connections between the three writers Her study uncovers the significance of their parallel literary development and reevaluates dominant views of how American poetry evolved during the mid twentieth century Familiar accounts of literary history most prominently the celebration of Lowell's Life Studies as a revolutionary breakthrough into confessional poetry have obscured the significance of the deep connections that Lowell shared with Warren and Jarrell They all became quite close in the 1930s with the content and style of their early poetry revealing the impact of their mentors John Crowe Ransom and Allen Tate whose aesthetics the three would ultimately modify and transform The three poets achieved professional maturity and success in the 1940s during which time they relied on one another's honest critiques as they experimented with changes in subject matter and modes of expression Shifflett shows that their works of the late 1940s were heavily influenced by Robert Frost This period found Warren Jarrell and Lowell infusing ostensibly simple verse with multifaceted layers of meaning capturing the language of speech in diction and rhythm and striving to raise human experience to a universal level During the 1950s the three poets became public figures producing major works that addressed the nation s postwar need to reconnect with humanity Warren Jarrell and Lowell continued to respond in interlocking ways throughout the 1960s with each writer using innovative stylistic techniques to create a colloquy with readers that directed attention away from superficial matters and toward the important work of self reflection Drawing from biographical materials and correspondence along with detailed readings of many poems Warren Jarrell and Lowell offers a compelling new perspective on the shaping of twentieth century American poetry The Lyric Now James Longenbach, 2020-12-07 A poet and scholar explores how lyric poetry works by examining the lives and works of thirteen twentieth and twenty first century American poets and musicians For more than a century American poets have heeded the siren song of Ezra Pound's make it new staking a claim for the next poem on the supposed obsolescence of the last But great poems are forever rehearsing their own present inviting readers into a nowness that makes itself new each time we read or reread them They create the present moment as we enter it their language relying on the long history of lyric poetry while at the same time creating a feeling of unprecedented experience In poet and critic James Longenbach's title the word now does double duty evoking both a lyric sense of the present and twentieth century writers assertion of nowness as they crafted their poetry in the wake of

Modernism Longenbach examines the fruitfulness of poetic repetition and indecision of naming and renaming and of the evolving search for newness in the construction history and life of lyrics Looking to the work of thirteen poets from Marianne Moore and T S Eliot through George Oppen and Jorie Graham to Carl Phillips and Sally Keith and several musicians including Virgil Thomson and Patti Smith he shows how immediacy is constructed through language Longenbach also considers the life and times of these poets taking a close look at the syntax and diction of poetry and offers an original look at the nowness of lyrics Praise for The Lyric Now Longenbach is a lyric poet practical critic and literary scholar These are distinct roles and there are vanishingly few people good let alone so distinguished in all three In The Lyric Now he brings a career s worth of wisdom to bear while writing with lan and urgency for both the specialist and nonspecialist reader No one is better at explaining how poems work how literary history happens and why we should care about both Langdon Hammer author of James Merrill Life and Art Longenbach does prove with stylistic wit and epigrammatic verve that close reading can be a literary art in its own right Taken together these essays make an implicit case for the importance of syntax to lyric poetry This is particularly evident in Longenbach's reading of Moore's The Octopus and in masterful readings of poems by Jorie Graham and Carl Philips When he contrasts Patti Smith's prose and John Ashbery's poetry with the songs of Bob Dylan his skill as an expert close reader proves his point about the power of syntax This volume proves a simple yet fundamental truth a lyric works particularly sentence by sentence line by line Summing Up Highly recommended Choice **Midcentury** Quartet Thomas J. Travisano, 1999-12-29 In a February 1966 letter to her artistic confidant RobertLowell Elizabeth Bishop tellingly grouped four midcentury poets Lowell Randall Jarrell John Berryman and herself For Bishop always wary of being pigeonholedand therefore reticent about naming her favorite contemporaries it was a rareexplicit acknowledgment of an informal but enduring artistic circle that has evaded the notice of literary journalists for more than forty years Despite the private nature of their dialogue the group's members Bishop Lowell Jarrell and Berryman left a compelling record of their mutual interchange and influence Drawing on an extensive range of published and archival sources Thomas Travisanotraces these poets creation of a surprisingly coherent postmodern aesthetic anddefines its continuing influence on American poetry The refusal of this midcentury quartet as Travisano calls them to voice a formalized doctrine coupled with their intuitive way of working has caused critics to miss the coherence of their project Travisano argues that these poets are not only successors to Pound Auden Stevens and Eliot but postmodern explorers in their own right In forging their ownaesthetic characterized here as a postmodern mode of elegy they encountered significant resistance from their immediate modernist mentors Allen Tate John CroweRansom and Marianne Moore Jarrell whom othersof the group regarded as a critic of particular genius was first described as apost modernist in a 1941 review by Ransom that Travisano cites as the earliest knownuse of the term In Jarrell's review of Lowell's Lord Weary's Castle six yearslater he named Lowell a postmodernist and identified traits among them the use of pastiche that are now considered by theorists such as Fredric Jameson asspecifically postmodern And Bishop
