America Before 1787 Jon Elster, 2025-06-24 An original account drawing on both history and social science of the causes and consequences of the American Revolution With *America before 1787* Jon Elster offers the second volume of a projected trilogy that examines the emergence of constitutional politics in France and America Here he explores the increasingly uneasy relations between Britain and its American colonies and the social movements through which the thirteen colonies overcame their seemingly deep internal antagonisms Elster documents the importance of the radical uncertainty about their opponents that characterized both British and American elites and reveals the often neglected force of enthusiasm and of

emotions more generally in shaping beliefs and in motivating actions He provides the first detailed examinations of divide and rule as a strategy used on both sides of the Atlantic and of the rise and fall of collective action movements among the Americans Elster also explains how the gradual undermining in America of the British imperial system took its toll on transatlantic relations and describes how state governments and the American Confederation made crucial institutional decisions that informed and constrained the making of the Constitution Drawing on a wide range of historical sources and on theories of modern social science Elster brings together two fields of scholarship in innovative and original ways The result is a unique synthesis that yields new insights into some of the most important events in modern history *Film Directors on Directing* John Andrew Gallagher,1989 Independent director and screenwriter John Andrew Gallagher interviews 21 filmmakers on the craft of motion picture directing Francois Truffaut the late great French director as well as Michael Cimino Ulu Grosbard Dennis Hopper Alan Parker Susan Seidelman Joan Micklin Silver and many others reveal behind the scenes anecdotes about well known films and stars The big gamblers who spend millions per film as well as the colorful low budget kings provide an intriguing look at the mechanics of filmmaking Choosing and preparing the screenplay working with actors and crew dealing with the distributor and advice to young filmmakers all are covered in this book s illuminating interviews Serious students of cinema filmmakers movie buffs and people fascinated by film will find *Film Directors on* in this book s illuminating interviews Words on Cassette, 2002 R R Bowker Publishing,2002 *Annual Index to Motion Picture Credits* ,1983 **Review of the Memoir of Josiah Quincy, Jr** John Davis,1826
