abandonar conductas perjudiciales que lo están incinerando y encender en su vida el verdadero Fuego de Dios que lleva a una vida exitosa Dr Luis Palau with more than six decades of successful ministry and an impeccable family and leadership life explains in this book that there are two types of internal fire that mobilize life in the service of God One of them does come from God himself and burns in life as he did in the bush from where he spoke to Moses It burns without consuming the bush it burns without pain Another is the fire that human initiative produces and the blood that beats to achieve the goals One is the fire of God and the other is the fire of man himself Palau explains in detail in these pages that the fire that does not come from God consumes him He explains that because of this many Christian workers end up consumed and worn out abandoning the fight and wasting gifts and talents Others walk around hurting themselves and their families at every turn This book contains a guide with biblical principles that lead to a radical spiritual renewal and is focused on every leader and Christian committed to the work of the Lord who needs to abandon harmful behaviors that are incinerating him and ignite in his life the true Fire of God it leads to a successful life
