Los Angeles John Downing Weaver, 1980-01-01 *Aimee Semple McPherson and the Making of Modern Pentecostalism, 1890-1926* Chas H. Barfoot, 2014-09-19 Pentecostalism was born at the turn of the twentieth century in a tumble down shack in a rundown semi industrial area of Los Angeles composed of a tombstone shop saloons livery stables and railroad freight yards One hundred years later Pentecostalism has not only proven to be the most dynamic representative of Christian faith in the past century but a transnational religious phenomenon as well In a global context Pentecostalism has attained a membership of 500 million growing at the rate of 20 million new members a year Aimee Semple McPherson born on a Canadian farm was Pentecostalism s first celebrity its female Billy Sunday Arriving in Southern California with her mother two children and 100 00 in 1920 Sister Aimee as she was fondly known quickly achieved the height of her fame In 1926 by age 35 Sister Aimee would pastor America s largest class A church perhaps becoming the country s first mega church pastor In Los Angeles she quickly became a folk hero and civic institution Hollywood discovered her when she brilliantly united the sacred with the profane Anthony Quinn would play in the Temple band and Aimee would baptize Marilyn Monroe council Jean Harlow and become friends with Charlie Chaplain Douglas Fairbanks and Mary Pickford Based on the biographer s first time access to internal church documents and cooperation of Aimee s family and friends this major biography offers a sympathetic appraisal of her rise to fame revivals in major cities and influence on American religion and culture in the Jazz Age The biographer takes the reader behind the scenes of Aimee s fame to the early days of her harsh apprenticeship in revival tents failed marriages and poverty Barfoot recreates the career of this called and driven woman through oral history church documents and by a creative use of new source material Written with warmth and often as dramatic as Aimee herself the author successfully captures not only what made Aimee famous but also what transformed Pentecostalism from its meager Azusa Street mission beginnings into a transnational global religion **Dreamers and Schemers** Barry Siegel, 2020-09-14 How one man brought the Olympics to Los Angeles fueling the city s urban transformation *Dreamers and Schemers* chronicles how Los Angeles s pursuit and staging of the 1932 Olympic Games during the depths of the Great Depression helped fuel the city s transformation from a seedy frontier village to a world famous metropolis Leading that pursuit was the Prince of Realtors William May Billy Garland a prominent figure in early Los Angeles In important respects the story of Billy Garland is the story of Los Angeles After arriving in Southern California in 1890 he and his allies drove much of the city s historic expansion in the first two decades of the twentieth century Then from 1920 to 1932 he directed the city s bid for the 1932 Olympic Games Garland s quest to host the Olympics provides an unusually revealing window onto a particular time place and way of life Reconstructing the narrative from Garland s visionary notion to its consequential aftermath Barry Siegel shows how one man s grit and imagination made California history *El Pueblo* Jean Bruce Poole, 2002 Founded in 1781 by pioneers from what is today northern Mexico El Pueblo de Los Angeles mirrors

the history and heritage of the city to which it gave birth When the pueblo was the capital of Mexico s Alta California the region s rancheros came here to celebrate mass or to attend fiestas in the historic Plaza Following California s statehood in 1850 the pueblo for a time ranked among the most lawless towns of the American West American speculators wealthy rancheros and Italian wine merchants crowded its dusty streets The town s first barrio and the vibrant precincts of Old Chinatown soon grew up nearby As Los Angeles burgeoned into a modern metropolis its historic heart fell into ruin to be revitalized by the creation in 1930 of the romantic Mexican marketplace at Olvera Street Here two years later David Alfaro Siqueiros painted the landmark mural Am rica Tropical whose story is a fascinating tale of art politics and censorship In the decades since the pueblo has remained one of Southern California s most enduring and most complex cultural symbols El Pueblo vividly recounts the story of the birthplace of Los Angeles An engaging historical narrative is complemented by abundant illustrations and a tour of the pueblo s historic buildings The book also describes initiatives to preserve the pueblo s rich heritage and considers the significance of its multicultural legacy for Los Angeles today

Early Downtown Los Angeles Cory Stargel, Sarah Stargel, 2009 Growing south from the plaza where the city of Los Angeles was founded as a tiny pueblo in 1781 the area now known as downtown L A was first developed in the late 1800s as a residential neighborhood complete with churches and schools As the population surged at the turn of the 20th century the downtown area was transformed into a busy business and entertainment center of shops banks hotels and theaters The explosion of the postcard craze in the early 1900s coincided with this period of downtown s tremendous growth toward a formidable metropolis This collection of vintage postcards offers a glimpse into the changing city through the 1940s

City of Quartz Mike Davis, 2006-09-17 This new edition of the visionary social history of Los Angeles is as central to the L A canon as anything that Joan Didion wrote in the seventies New Yorker No metropolis has been more loved or more hated To its official boosters Los Angeles brings it all together To detractors L A is a sunlit mortuary where you can rot without feeling it To Mike Davis the author of this fiercely elegant and wide ranging work of social history Los Angeles is both utopia and dystopia a place where the last Joshua trees are being plowed under to make room for model communities in the desert where the rich have hired their own police to fend off street gangs as well as armed Beirut militias In City of Quartz Davis reconstructs L A s shadow history and dissects its ethereal economy He tells us who has the power and how they hold on to it He gives us a city of Dickensian extremes Pynchonesque conspiracies and a desperation straight out of Nathaniel West a city in which we may glimpse our own future mirrored with terrifying clarity In this new edition Davis provides a dazzling update on the city s current status

Beasts of the Field Richard Steven Street,2004 Written by one of America's preeminent labor historians this book is the definitive account of one of the most spectacular captivating complex and strangely neglected stories in Western history the emergence of migratory farmworkers and the development of California agriculture Street has systematically worked his

way through a mountain of archival materials more than 500 manuscript collections scattered in 22 states including Spain and Mexico to follow the farmworker story from its beginnings on Spanish missions into the second decade of the twentieth century The result is a comprehensive tour de force Scene by scene the epic narrative clarifies and breathes new life into a controversial and instructive saga long surrounded by myth conjecture and scholarly neglect With its panoramic view spanning 144 years and moving from the US Mexico border to Oregon *Beasts of the Field* reveals diverse patterns of life and labor in the fields that varied among different crops regions time periods and racial and ethnic groups Enormous in scope packed with surprising twists and turns and devastating in impact this compelling revelatory work of American social history will inform generations to come of the history of California and the nation *Land of Smoke and Mirrors* Vincent Brook, 2013-01-22 Unlike the more forthrightly mythic origins of other urban centers think Rome via Romulus and Remus or Mexico City via the god Huitzilopochtli Los Angeles emerged from a smoke and mirrors process that is simultaneously literal and figurative real and imagined material and metaphorical physical and textual Through penetrating analysis and personal engagement Vincent Brook uncovers the many portraits of this ever enticing ever ambivalent and increasingly multicultural megalopolis Divided into sections that probe Los Angeles's checkered history and reflect on Hollywood's own self reflections the book shows how the city despite considerable remaining challenges is finally blowing away some of the smoke of its not always proud past and rhetorically adjusting its rear view mirrors Part I is a review of the city's history through the early 1900s focusing on the seminal 1884 novel *Ramona* and its immediate effect but also exploring its ongoing impact through interviews with present day Tongva Indians attendance at the 88th annual *Ramona* pageant and analysis of its feature film adaptations Brook deals with Hollywood as geographical site film production center and frame of mind in Part II He charts the events leading up to Hollywood's emergence as the world's movie capital and explores subsequent developments of the film industry from its golden age through the so called New Hollywood citing such self reflexive films as *Sunset Blvd* *Singin in the Rain* and *The Truman Show* Part III considers LA noir a subset of film noir that emerged alongside the classical noir cycle in the 1940s and 1950s and continues today The city's status as a privileged noir site is analyzed in relation to its history and through discussions of such key LA noir novels and films as *Double Indemnity* *Chinatown* and *Crash* In Part IV Brook examines multicultural Los Angeles Using media texts as signposts he maps the history and contemporary situation of the city's major ethno racial and other minority groups looking at such films as *Mi Familia* *Latinos* *Boyz n the Hood* *African Americans* *Charlotte* *Sometimes Asians* *Falling Down* *Whites* and *The Kids Are All Right* LGBT *A Marmac Guide to Los Angeles and Northern Orange County* Inge, Arline, 2006 *Sidewalking* David L. Ulin, 2015-10-06 *Sidewalking* is an impressionistic take on Los Angeles in its current moment which is a flashpoint of great transition as the city verticalizes and densifies It is also a meditation on the history natural and human of a place that often is derided as having no sense of its own past What does it mean to live in and think about Los Angeles at the level of its streets Growing out of a series of walks

Sidewalking peels back the myths the layers to look at the city as it really is Provided by publisher **Golden Dreams**
