Loser Take All The Comic Art Of Woody Allen:

Loser Take All Maurice Yacowar, 1979 New edition the first edition was published by Ungar in 1979 of a major criticism of Allen Annotation copyrighted by Book News Inc Portland OR *Analysis of Woody Allen's Short Story "Sam You Made the Pants Too Fragrant"* Hülya Akkaç, 2010-03 Seminar paper from the year 2008 in the subject Communications Miscellaneous grade 2 0 University of Siegen course Mere Anarchy Woody Allen Films language English abstract Woody Allen born Allen Stewart Konigsberg is a Jewish artist who is mostly known as filmmaker but he carries several faces and puts his work into several fields Although his movies often seem to deal with the same topics Allen never concentrates on only one genre as we worked out during our seminar and the expert sessions Besides his widely spread image of the intellectual and humorous filmmaker he put his thoughts into prose and stand up comedy too he wrote articles for magazines like New York Times Playboy or The New Republic and of course he is known through his roles in his own films By acting out his own roles he has written Woody Allen as the private person and the public known Woody Allen somehow melted together so the viewer can find more personal elements in Allen's movies as he or she may expect Or better said he by some means performed himself through the stories of his films Besides the fact that Allen mostly acted out the role of the protagonist in his movies and barring that the topics of the movies seem to be repetitive there are other typical elements that continuously appear in his movies what in this paper as it already have been in our expert session will be depicted as allenesque elements These are for instance the neurotic characters the Jewishness that apparently refers to his private persona the psycho analysis the fusion of reality and fiction unhappy relationships love affairs and the element of the anxious behavior towards special issues of some of his characters are just a number of the main subjects that are typical of Woody Allen stories But Allen's audience is not only confronted with these topics in his movies as already mentioned he also developed his ideas in prose and short stories With his book Mere Ana *Seeing Through the Eighties* Jane Feuer, 1995-10-26 The 1980s saw the rise of Ronald Reagan and the New Right in American politics the popularity of programs such as thirtysomething and Dynasty on network television and the increasingly widespread use of VCRs cable TV and remote control in American living rooms In *Seeing Through the Eighties* Jane Feuer critically examines this most aesthetically complex and politically significant period in the history of American television in the context of the prevailing conservative ideological climate With wit humor and an undisguised appreciation of TV she demonstrates the richness of this often slighted medium as a source of significance for cultural criticism and delivers a compelling decade defining analysis of our most recent past With a cast of characters including Michael Hope Elliot Nancy Melissa and Gary Alexis Krystle Blake and all the other Carringtons not to mention Maddie and David even Crockett and Tubbs Feuer smoothly blends close readings of well known programs and analysis of television's commercial apparatus with a thorough going theoretical perspective engaged with the work of Baudrillard Fiske and others Her comparative look at Yuppie TV Prime Time Soaps and made for TV movie Trauma Dramas reveals the

contradictions and tensions at work in much prime time programming and in the frustrations of the American popular consciousness Seeing Through the Eighties also addresses the increased commodification of both the producers and consumers of television as a result of technological innovations and the introduction of new marketing techniques Claiming a close relationship between television and the cultures that create and view it Jane Feuer sees the eighties through television while seeing through television in every sense of the word
