Nicholson, 2016-11-18 This is an account of Rod Nicholson a then nabe young African American professional man born raised and educated in the Midwest who came to Mississippi by way of Chicago to begin his married life and start a family This is his perspective of Southern culture politics and race from an outsiders viewpoint Eventually Rod and his family moved to the quaint little town of Terry Mississippi Less than two years after arriving in Terry Rod was encouraged to run for and won a seat on the towns Board of Aldermen Four years later Rod Nicholson ran for mayor becoming the towns first African American mayor Mayor Rod Nicholson was reelected to two additional four year terms in a town with roughly an even distribution of black and white residents For a number of years things appeared to go smoothly for this part time mayor Being a civil engineer by training Mayor Rod had a skill set that enabled him to successfully secure funding for a number of much needed infrastructure improvements for this town that seemed to have a lot of potential but apparently had languished in neglect for decades And his efforts did seem to be appreciated by the rank and file residents from all walks of life in this small town However not everyone was happy with this new mayor and the bold changes that he championed As time went by it became apparent that beneath the genteel facade of the townsfolk there lay a more sinister side where race permeated every facet of life in a closed society that apparently was unable or unwilling to change This is Mayor Roderick Nicholsons real life account of these experiences Positive and negative And in his own words **The Lost History**

The Carceral City John Bardes, 2024-04-02 Americans often assume that slave societies had little use for prisons and police because slaveholders only ever inflicted violence directly or through overseers Mustering tens of thousands of previously overlooked arrest and prison records John K Bardes demonstrates the opposite in parts of the South enslaved and free people were jailed at astronomical rates Slaveholders were deeply reliant on coercive state action Authorities built massive slave prisons and devised specialized slave penal systems to maintain control and maximize profit Indeed in New Orleans for most of the past half century the city with the highest incarceration rate in the United States enslaved people were jailed at higher rates during the antebellum era than are Black residents today Moreover some slave prisons remained in use well after Emancipation in these forgotten institutions lie the hidden origins of state violence under Jim Crow With powerful and evocative prose Bardes boldly reinterprets relations between slavery and prison development in American history Racialized policing and mass incarceration are among the gravest moral crises of our age but they are not new slavery the prison and race are deeply interwoven into the history of American governance *Catching the Wind*
