Balfour,Guy B. Adams,Ashley E. Nickels,2019-08-08 The relationship between evil and public affairs as well as other fields and professions in public life has come to the fore as institutions of government seek new ways to operate in an environment of extreme mistrust Unmasking Administrative Evil 5th Edition argues that the tendency toward administrative evil as manifested in acts of dehumanization and genocide is deeply woven into the identity of public affairs Indeed ordinary people may simply act appropriately in their organizational role in essence just doing what those around them would agree they should be doing and at the same time participate in what a critical and reasonable observer usually well after the fact would call evil Even worse under conditions of moral inversion ordinary people can all too easily engage in acts of administrative evil while believing that what they are doing is not only correct but in fact good This 5th edition offers important updates including A thorough discussion of contemporary virtue ethics as the field has evolved to offer an alternative to technical rational ethics An all new three part structure What is Administrative Evil History and Cases and The Future of Ethics in Praetorian Times designed to aid in course organization and instruction All new cases including an examination of the Flint water disaster to provide contemporary examples of how populations can be marginalized and harmed by administrative processes that are blind to their consequences until it is too

Young, 2024-10-23 It is often said that it is lonely at the top But this loneliness can be dangerous not only to the leader but also to the led It turns out we hold our environments as we are held If we are not held in a caring and daring fashion it shows up in how we live and lead *The Basecamp Manifesto* is a formative work on developing and sustaining leadership skills Here Terence Young outlines the development of a changed narrative around leading organizations Rather than the often stereotyped perception of leadership as a solitary ascent to the top followed often by an equally solitary descent down the leadership peak Young has created a framework for leadership that relies on developing a basecamp of companions Like the familiar basecamps of extraordinary physical ascents of Mount Everest and other spectacular and spectacularly challenging peaks a leader's basecamp is a secure base of trusted

and trusting peers that shape and nurture you during the ascent to leadership Young presents the gifts that current and future leaders should find in a secure base greater clarity in the sense making process enhancement of agility in navigating dynamic situations building endurance to face challenges and fostering generativity for greater productivity and innovation in one's life quest The Basecamp Manifesto is written for leaders of all organizations whether for profit or nonprofit Whether a business leader an educational leader a political leader a religious leader or other society facing leader all leaders face particular and specific challenges in leadership How do I lead and navigate with those in my circle through a world of increasing volatility uncertainty complexity and ambiguity For the sake of those you lead Young's groundbreaking work says to leaders find your people find your secure base find and shape and nurture the circle of trust that can make you a quality leader The Basecamp Manifesto can help you to become intentional about shaping relationships where clarity agility durability and generativity can be found and fostered

Forensic Psychiatry Legal Regulation of the Practice of Psychiatry Psychiatry in relation to Civil Law Criminal Law and Family Law Important *Trapping Safety into Rules* Mathilde Bourrier, 2017-05-15 Rules and procedures are key features for a modern organization to function. It is no surprise to see them to be paramount in safety management. As some sociologists argue, routine and rule following is not always socially resented. It can bring people comfort and reduce anxieties of newness and uncertainty. Facing constant unexpected events entails fatigue and exhaustion. There is also no doubt that proceduralization and documented activities have brought progress, avoided recurrent mistakes and allowed for best practices to be adopted. However, it seems that the exclusive and intensive use of procedures today is in fact a threat to new progress in safety. There is an urgent need to consider this issue because there is doubt that the path chosen by many hazardous industries and activities is the most effective safety wise, considering the safety level achieved today. As soon as safety is involved, there seems to be an irresistible push towards a wider scope of norms, procedures and processes whatever the context implied. This book is not a plea against proceduralization but it does take the view that it is time to reassess how far it can still go and to what benefit. Underlying these questions, there is a growing suspicion that the path taken might in fact lead to a dead end unless the concept of procedure and the conditions under which these procedures are developed are revisited.

**Heroine Abuse** Thomas Marullo, 2015-10-15 Fyodor Dostoevsky's first novel *Netochka Nezvanova*, written in 1849, remains the least studied and understood of the writer's long fiction, but it was a seedbed for many topics and themes that became hallmarks of his major works. Specifically, *Netochka Nezvanova* was the first in Dostoevsky's corpus to focus on the psychology of children and the first to feature a woman in a leading and narrative role. It was also the first work in Russian literature to deal with problems of the family. In *Heroine Abuse*, Thomas Marullo contends that *Netochka Nezvanova* also provides a striking example of what psychologists today call codependency: the ways, often deviant and destructive, in which individuals bond with people, places and things as well as with images and ideas to cope with the vicissitudes of life. Marullo shows how, at age twenty-eight, Dostoevsky intuited and illustrated the workings of relationship addiction almost a century and a half before it became the scholarly focus of practitioners of mental health. The moral monsters: infernal women, children, adults and adult children who populate *Netochka Nezvanova* seek codependence in people, places and things and in images, ideas and ideals to satiate cravings for love, dominance and control as well as to indulge in narcissism, sexual perversion and other aberrant or alternative behaviors. Indeed, in no other work would Dostoevsky examine such phenomena as pedophilia and lesbianism with such abandon. Racing from tie to tie, bond to bond and caught in a debilitating loop that they claim to detest but sado-masochistically enjoy, the characters in *Netochka Nezvanova* wreak havoc on themselves and the world. They do so moreover with impunity, their addictions moving them from momentary exultation as self-styled extraordinary men and women through prolonged darkness and despair and once again to old and new addictions for physical and emotional release. Readers of *Heroine Abuse* will see *Netochka Nezvanova* as a timeless model in depicting

codependency in the world of the twenty first century as it did in St Petersburg in 1849 Marullo s original work will appeal to scholars and students of Russian and comparative fiction to doctors psychologists and therapists to laymen and women interested in relationship addiction and finally to codependents and relationship addicts of all types
