## **Lost In Space Digest:**

Lost in Space Catherine Clark,1998 A spectacular tie in edition for children this digest edition of Lost in Space arrives just in time for the film s April premiere The New Line major motion picture stars William Hurt Matt LeBlanc Mimi Rogers and Lacey Chabert This book includes photos from the movie Original **On Digestion** Gay Bilson,2020-03-31 In the kitchen via the garden I am often torn between theory and praxis when surely the latter is all that matters here Yet the largest bench the one dividing the dining area from the kitchen itself is never used for culinary preparation It is this surface which many Australian kitchens including mine feel they need the one piled with books and journals notepaper and pens the surface where we are reinventing ourselves constructing a different self conscious culinary tradition It is at this metaphorical bench that I think about food With her trademark elegance and erudition Gay Bilson embarks on a lively journey through cooking recipes and home considering food developments both digestible and not on chefs domestic and professional on the substance of everyday life An unmissable treat from the bestselling author of Plenty Air Force and Space Digest ,1955

*Digest; Review of Reviews Incorporating Literary Digest* ,1892 *Weekly Digest* ,1967 *Regulation: Digestion, Nutrition, Excretion* G. A. Kerkut,2013-10-22 In this volume seven of the chapters deal with feeding and diet which is reasonable since insects consume an estimated 15 20% of all the world s planted crops Many insects even have a specialized larval feeding stage that usually occupies a different ecological niche to the adult and so does not compete for the adult s food stock Other chapters describe the means by which insects maintain their water balance nitrogen balance and temperature balance under a range of conditions These involve regulation by hormonal and behavioural systems that are also described here The 14 chapters are all extensively illustrated and referenced and therefore provide excellent summaries of current knowledge They will be of great value to entomologists zoologists and biologists in general **Dental Digest** ,1904

**European Technical Digests** ,1957 olam he-zeh v'olam ha-ba Leonard J. Greenspoon,2017-09-15 Dining on Leviathan Discoursing with Socrates Debating the nature of existence in the afterlife These are among the topics authors

address in this wide ranging account of how Jews have conceptualized the world to come and structured their lives in this world accordingly Some authorities portrayed the afterlife as an endless round of feasting and drinking of chazerie that would put the fanciest Las Vegas buffets to shame There were visionaries who mapped out otherworldly climes populated by monstrous creatures Others decidedly more staid saw the world to come as a location where neither food nor wine would be consumed instead it would offer the opportunity to bring moral certitude to questionable practices that could not be eradicated in this world More down to earth are comparisons between Rabbi Akiva and Socrates and analyses of influential thinkers like Moses Mendelssohn and Emmanuel Levinas And more practical are discussions of how concepts of the afterlife serve to determine mourning practices or more broadly how humans should fashion their lives in the here and now The chronological range of these chapters also is impressive The earliest documents discussed are from Apocryphal literature including apocalypses that were composed from 400 BCE to 200 CE There are creative analyses of rabbinic material and documents from the medieval period through the twentieth century Evolving ritual and liturgical practices bring readers up to the early twenty first century Each of the thirteen authors whose works are brought together in this volume shows historical cultural and religious sensitivity both to the unique features of these differing manifestations and to the elements that unite them For the readers of this volume which is equally rewarding for general audiences and for specialists the result is a carefully nuanced creatively balanced exploration of the breadth of Jewish thought and practice concerning some of the most profound and perplexing issues humans face
