Stout, 2005-01-02 A compilation of essays focusing on the significance of material culture to Cather's work and Cather scholarship Willa Cather and Material Culture is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume's primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times. The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to guilts both personally and as symbols in her work her contributions to domestic magazines such as Home Monthly and Woman's Home Companion the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature **I.S.
