Kenneth Mairel, 2016-01-23 The message is in the story. My book is a collection of short stories which are testimonies that God has done for me over the years. God would make an experience happen then he wanted me with the help of the Holy Spirit to write the story exactly the way it happened. I can't add anything or leave anything out. The stories have a message in them from God. Some of the stories are like parables which is one way God can still communicate with us. I tried to put them in the order they happened when possible. God made everything happen in a certain order so you can see from the first one to the last one that they are leading somewhere. When you find a message in them for yourself it's yours from God. **Writing**

Sense Juli Kendall, Outey Khuon, 2006 Writing is all about making meaning. The prospect of teaching writing to a classroom full of students, some who speak English and some who don't, can be overwhelming. When students learning English are at different levels, the task is even more challenging. Writing Sense: Integrated Reading and Writing Lessons for English Language Learners outlines the classroom conditions necessary for successful writing instruction with English language learners, whether in writing workshop and/or small group instruction. It includes 68 classroom tested lessons for grades K-8 that show kids at all levels of language acquisition how to make connections, ask questions, visualize, make mental images, infer, determine importance, synthesize, monitor meaning and comprehension and use fix-up strategies. The five main sections are geared to the stages of language proficiency and lessons are divided into younger and older students spanning kindergarten through to grade eight. There are extensive lists of suggested books for mentor texts as well as lists of mentor authors to facilitate teachers' planning and instruction. **Me And My Puppy**
