Realist Fantasy:

Realist Fantasy Paul Coates, 1983-12-15 *The Realist Fantasy* Paul Coates, 1983 *Gender, Fantasy, and Realism in American Literature* Alfred Habegger, 1982 In this study of the 19th century American novel the author demonstrates the imaginative continuity between sentimental and realistic fiction and sets out to establish that realism is the central and preeminent literary type in America a mode grounded in the tradition of women's popular fiction which shaped the nation's reading habits in the mid 19th century He examines this feminine literature with its common technique of symbolizing deeper social conflicts through patterns of courtship marriage and gender roles Contends that Howells and James owe much of their fictional domain to the often disparaged household dramas of these female precursors *The Victorian Novel Dreams of the Real* Audrey Jaffe, 2016-03-08 Critical discussions of the Victorian realist novel tend to focus on its vivid representations of everyday life The Victorian Novel Dreams of the Real proposes that the genre is founded in desire moving the novels not towards a shared reality but rather toward distinct fantasies dreams of the real Rather than simply redefine Victorian realism or propose a new canon for it The Victorian Novel Dreams of the Real argues that the real is inevitably for the Victorian realist novel an object of desire what the novel seeks to capture and represent A novel's construction of the real is therefore inseparable from its fantasy of the real a formulation Audrey Jaffe refers to as realist fantasy One way in which this simultaneity manifests itself is that the conventions novels frequently use to represent characters dreams daydreams and fantasies overlap with those each novel uses to create its realist effects In new readings of Victorian novels including Eliot's Adam Bede Dickens's Oliver Twist Hardy's The Mayor of Casterbridge and The Return of the Native Trollope's Orley Farm and Wilkie Collins's Armadale The Victorian Novel Dreams of the Real demonstrates that one of the signal effects of this overlapping is Victorian realism's construction of the real as an object of readerly desire Jaffe shows that realism and fantasy in the Victorian realist novel are not opposed but rather occupy the same space and are shaped by the same conventions Revisiting and reconsidering key elements of realist novel theory including metonymy the insignificant detail character interiority the representation of everyday life and the idea of disillusionment The Victorian Novel Dreams of the Real also uncovers and anatomizes representational strategies unique to each text *Fantasy Land* Paul Timothy Jensen, Sean Benson, 2022-05-13 In Fantasy Land Jensen and Benson provide a rigorous analysis of how anti realism the belief that reality is merely a social construct has corroded American culture institutions and discourse From Supreme Court decisions redefining marriage to controversial cases of cancel culture the authors demonstrate how the rejection of objective reality leads to harmful consequences for individuals and society The book examines several key manifestations of anti realism the persecution of those who hold traditional views on marriage and sexuality the weaponization of terms like homophobia to silence dissent the misapplication of scientific concepts to moral questions and media distortions that create false narratives Using case studies ranging from the soccer player Jaelene Hinkle to baker Jack Phillips the authors reveal how anti realism

transforms disagreement into hatred and turns reasonable people into pariahs With philosophical rigor and cultural insight Jensen and Benson trace the roots of anti realism to Immanuel Kant and show how it has evolved into a dominant worldview with real world consequences The book concludes with a hopeful call for readers to embrace realism as the only sound basis for human flourishing and civil discourse Fantasy Land is an essential read for anyone seeking to understand the philosophical underpinnings of today s cultural divides and a compelling case for returning to objective reality as the foundation for a healthy society If you enjoyed The Coddling of the American Mind The Madness of Crowds and Life at the Bottom you ll love Fantasy Land The War on Objectivity in American Culture Comedy, Fantasy and Colonialism Graeme Harper,2002-08-01 Drawing together for the first time original work from international specialists this book assesses the role and character of comedy and fantasy in colonial societies from India to Ireland Australia to Cuba Africa to North America There are cross cultural comparisons and consideration of both imperial responses and colonized resistance The book deals with oral as well as written traditions the history of comic and fantastic discourse visual theatrical and literary representations as well as historical and cultural accounts **Literature and Religious Experience** Matthew J. Smith,Caleb D. Spencer,2022-01-13 This book challenges the status quo of studies in literature and religion by returning to experience as a bridge between theory and practice Essays focus on keywords of religious experience and demonstrate their applications in drama fiction and poetry Each chapter explores the broad significance of its keyword as a category of psychological and social behavior and tracks its unique articulation by individual authors including Conrad Beecher Stowe and Melville Together the chapters construct a critical foundation for studying literature not only from the perspectives of theology and historicism but from the ways that literary experience reflects reinforces and sometimes challenges religious experience Strangers and the Enchantment of Space in Victorian Fiction, 1830-1865 Kristen Pond,2023-10-20 Tracing the origins of how we think about strangers to the Victorian period Strangers and the Enchantment of Space in Victorian Fiction 1830 1865 explores the vital role strangers had in shaping social relations during the cultural transformations of the Industrial Revolution transportation technologies and globalization While studies of nineteenth century Britain tend to trace the rise of an aloof cosmopolitanism and distancing narrative strategies this volume calls attention to the personalizing impulse in nineteenth century literary form investigating the deeply personal reflections on individual and national identities In her book Dr Pond leads the reader through homes of the urban poor wandering the Great Exhibition in the Crystal Palace loitering in suburban neighborhoods riding the railway and touring a country estate Readers will experience how the ordinary can be enchanting and how the mundane can be unexpected discovering a new way of thinking about strangers and their influence on our lives Through an examination of the short and long fictional forms of Martineau Dickens Bront Gaskell and Braddon this study locates the figure of the stranger as a powerful topos in the story of Victorian literature and the ethics of social relations This book will be ideal for those seeking to understand the dynamics of the stranger in Victorian

fiction as a figure for understanding the changing dynamics of social relations in England in the early nineteenth century

Politics in Fantasy Media Gerold Sedlmayr, Nicole Waller, 2014-10-21 Fantasy is often condemned as escapist unsophisticated and superficial This collection of new essays puts such easy dismissals to the test by examining the ways in which Fantasy narratives present diverse politically relevant discourses gender race religion or consumerism and thereby serve as indicators of their real world contexts Through their depiction of other worlds allegedly disconnected from our own these texts are able to actualize political attitudes Instead of categorizing Fantasy either as conservative or progressive the essays suggest that its generic peculiarity allows the emergence of productive forms of oscillation between these extremes Covered are J R R Tolkien's *The Lord of the Rings* George R R Martin's *A Song of Ice and Fire* sequence J K Rowling's *Harry Potter* novels the vampire TV series *True Blood* and the dystopian computer game *Fallout 3* *Fantasy* Brian Attebery, 2022 Fantasy has become a dominant mode of storytelling and it mirrors our experiences and anxieties better than any representation of the merely real This book poses two central questions about fantastic storytelling how can it be meaningful if it doesn't claim to represent things as they are and what kind of change can it make in the world *Reality and Fantasy in American Independent Cinema* Rick Zinman, 2024-09-19 In the 21st century blockbuster fantasy films have dominated film viewership in the United States The increased popularity of fantasy films has generated much greater scholarly interest in the study of fantasy films It has also generated an artistic response by American Indie filmmakers who have developed alternative approaches to the portrayal of film fantasy *Reality and Fantasy in American Indie Films A Cavellian Approach* applies the methods and procedures of Cavellian philosophical film criticism to the study of four prominent American indie films released in 2014 in which fantasy can be said to play an important role *Birdman* Alejandro G I rritu *Boyhood* Richard Linklater *The Grand Budapest Hotel* Wes Anderson and *Only Lovers Left Alive* Jim Jarmusch *Engendering Realism and Postmodernism* Beate Neumeier, 2001 This volume assembles critical essays on and excerpts from works of contemporary women writers in Britain Its focus is the interaction of aesthetic play and ethical commitment in the fictional work of women writers whose interest in testing and transgressing textual boundaries is rooted in a specific awareness of a gendered multicultural reality This position calls for a distinctly critical impetus of their writing involving the interaction of the political and the literary as expressed in innovative combinations of realist and postmodern techniques in works by A S Byatt Maureen Duffy Zoe Fairbairns Eva Figes Penelope Lively Sara Maitland Suniti Namjoshi Ravinder Randhawa Joan Riley Michele Roberts Emma Tennant Fay Weldon Jeanette Winterson All contributions to this volume address aspects of these writers positions and techniques with a clear focus on their interest in transgressing boundaries of genre gender and post colonial identity The special quality of these interpretations first given in the presence of writers at a symposium in Potsdam derives from the creative and prosperous interactions between authors and critics The volume concludes with excerpts from the works of the participating writers which exemplify the range of concrete concerns and technical accomplishments discussed in

the essays They are taken from fictional works by Debjani Chatterjee Maureen Duffy Zoe Fairbairns Eva Figes Sara Maitland and Ravinder Randhawa They also include the creative interactions of Suniti Namjoshi and Gillian Hanscombe in their joint writing and Paul Magrs critical engagement with Sara Maitland

Constructing Adolescence in Fantastic Realism

Alison Waller, 2010-12-22 Constructing Adolescence in Fantastic Realism examines those fundamental themes which inform our understanding of the teenager themes that emerge in both literary and cultural contexts Models of adolescence do not arise solely from discourses of psychology sociology and education Rather these models frameworks including developmentalism identity formation social agency and subjectivity in cultural space can also be found represented symbolically in fantastic tropes such as metamorphosis time slip hauntings doppelgangers invisibility magic gifts and witchcraft These are the incredible supernatural and magical elements that invade the everyday and diurnal world of fantastic realism In this original study Alison Waller proposes a new critical term to categorize a popular and established genre in literature for teenagers young adult fantastic realism Though fantastic realism plays a crucial part in the short history of young adult literature up until now this genre has typically been overlooked or subsumed into the wider class of fantasy Touching on well known authors including Robert Cormier Melvin Burgess Gillian Cross Margaret Mahy K M Peyton and Robert Westall as well as previously unexamined writers Waller explores the themes and ideological perspectives embedded in fantastic realist novels in order to ask whether parallel realities and fantastic identities produce forms of adolescence that are dynamic and subversive One of the first studies to deal with late twentieth century fantastic literature for young adults this book makes a valuable contribution to our understanding of adult attitudes toward adolescent identity

Terence Fisher Peter Hutchings, 2017-06-01 Terence Fisher is best known as the director who made most of the classic Hammer horrors including The Curse of Frankenstein Dracula and The Devil Rides Out But there is more to Terence Fisher than Hammer horror In a busy twenty five year career he directed fifty films not just horrors but also thrillers comedies melodramas and science fiction This book offers an appreciation of all of Fisher's films and also gives a sense of his place in British film history Looking at Fisher's career as a whole not only underlines his importance as a film maker but also casts a new interesting light on the areas in which he worked Gainsborough melodrama the 1950s B film 1960s science fiction and of course Hammer one of the most successful independent film companies in the history of British cinema

In Defence of Realism Raymond Tallis, 1998-01-01 In Defence of Realism is a powerful indictment of the fog of bad philosophy and worse linguistics that has shrouded much contemporary literary theory and criticism Raymond Tallis one of the most important critics of post Saussurean literary theory in the English speaking world examines the reasons often cited by critics and theorists for believing that realism in fiction is impossible and verisimilitude a mere literary effect He clearly demonstrates not only that the arguments of critics hostile to realism are invalid but that even if they were sound they would apply equally to anti realist fiction indeed to all intelligible discourse

Enjoyment and Submission in Modern Fantasy Mihnea

Panu,2016-11-03 This book reveals the workings of the bourgeois passion for submission in a variety of contemporary contexts By re introducing the concept bourgeois as an analytical term and describing this contemporary subject as a psychic economy rather than just as a social class Panu shows the intractability of contemporary forms of enjoyment and neoliberalism s periodic outbursts of aggressiveness to be connected by a recurrent circuit of trauma and anxiety originating in the bourgeois subject s difficult relationship with symbolic authority So far most anticapitalist and decolonial struggles in the West have been hesitant when engaging with the issue of bourgeois enjoyment as the main source of capitalism s resilience This exciting new work draws on an extensive range of theorists such as Butler Copjec i ek and Zupancic to emphasise the importance of psychological mechanisms irreducible to rationality or knowledge such as desire enjoyment and the obscure nature of selfhood in the reiteration of the current capitalist reality **Scientific Realism** Jarrett
