Michael Davitt Bell

Realist At War:

The Tripartite Realist War: Analysing Russia's Invasion of Ukraine Danny Singh, 2023-07-02 The book offers a detailed analysis on Russia's invasion of Ukraine. A book needs to be written on this to make sense from a theoretical perspective why this invasion has occurred and what the main actors are pursuing. The originality rests on testing main international relations theories: realism, liberalism, and constructivism to the war that emerges with the practices and approaches during the Cold War to date from the North Atlantic Treaty Organisation (NATO), the Soviet Union, and now Russia and Ukraine. The monograph commences with a historical overview of NATO and how it has engaged in expansionism policy to further contain Russia in contemporary international affairs with the accession of additional former Soviet states. This helps to explain the current Russian invasion of Ukraine that would attract great readership. The main argument presented rests on the pursuance of realist interests by NATO, Ukraine, and Russia for containment, national security interests, and as a response to the security dilemma respectively. This has served as the main catalyst of this conflict that has made diplomacy, international law, and collective security measures problematic to implement.

The Problem of American Realism Michael Davitt Bell, 1993-04-15 Ever since William Dean Howells declared his realism war in the 1880s, literary historians have regarded the rise of realism and naturalism as the great development in American post-Civil War fiction. Yet there are many problems with this generalization. It is virtually impossible, for example, to extract from the novels and manifestoes of American writers of this period any consistent definitions of realism or naturalism as modes of literary representation. Rather than seek common traits in widely divergent realist and naturalist literary works, Michael Davitt Bell focuses here on the role that these terms played in the social and literary discourse of the 1880s and 1890s. Bell argues that in America, realism and naturalism never achieved the sort of theoretical rigor that they did in European literary debate. Instead, the function of these ideas in America was less aesthetic than ideological, promoting as reality a version of social normalcy based on radically anti-literary and heavily gendered assumptions. What effects, Bell asks, did ideas about realism and naturalism have on writers who embraced and resisted them? To answer this question, he devotes separate chapters to the work of Howells and Frank Norris, the principal American advocates of realism and naturalism in the 1880s and 1890s; Mark Twain, Henry James, Stephen Crane, Theodore Dreiser, and Sarah Orne Jewett. Bell reveals that a chief function of claiming to be a realist or a naturalist was to provide assurance that one was a real man rather than an effeminate artist. Since the 1880s, Bell asserts, all serious American fiction writers have had to contend with this problematic conception of literary realism. The true story of the transformation of American fiction after the Civil War is the history of this contention, a history of individual accommodations, evasions, holdings, actions, and occasional triumphs.

Writing after War John Limon, 1994-07-07 In *Writing After War*, John Limon develops a theory of the relationship of war in general to literature in general in order to make sense of American literary history in particular. Applying the work of war theorists Carl von Clausewitz and Elaine Scarry, John Limon argues that *The Iliad*

inaugurates Western literature on the failure of war to be duel like to have a beautiful form War's failure is literature's justification American literary history is demarcated by wars as if literary epochs like the history of literature itself required bloodshed to commence But in chapters on periods of literary history from realism generally taken to be a product of the Civil War through modernism usually assumed to be a prediction or result of the Great War up to postmodernism which followed World War II and spanned Vietnam Limon argues that despite the looming presence of war in American history the techniques that define these periods are essentially ways of not writing war From James and Twain through Fitzgerald Faulkner and even Hemingway to Pynchon our national literary history is not hopelessly masculinist Limon argues Instead it arrives naturally at Bobbie Ann Mason and Maxine Hong Kingston Kingston brings the discussion full circle The Woman Warrior like The Iliad appears to condemn the fall from duel to war that is literature's endless opening

Realist Poetics in American Culture, 1866-1900 Elizabeth Renker, 2018 Examines the works of a diverse range of realist poets to redefine the significance of poetry to the genre of realism during the postbellum period in American literature

The ethics of war A. J. Coates, 2016-01-01 The ethics of war explores the moral limits and possibilities of war in its diverse forms The feasibility of the moral limitation of war is upheld At the same time war's fragile moral potential is acknowledged and its causes sought The argument is conducted from a traditional just war standpoint which balances rules or principles against the moral capacities and dispositions of belligerents and the particular circumstances in which they act In this enlarged second edition a new introduction addresses the common criticism that traditional just war theory is incoherent outmoded and in need of radical revision Many of the problems attributed to the tradition by revisionists are seen to derive from a distortion and oversimplification of the historical tradition A fuller and more accurate understanding of that tradition can mitigate or even resolve these problems It can also help to fill the gaps left in the ethical agenda of war by analytic ethics Part I compares the conception of just war with realism militarism and pacifism Part II examines the principles of just recourse and just conduct with the aid of real life examples A new Part III discusses the propriety of defining terrorism and the ethical problems raised by particular aspects of terrorism and counterterrorism such as the tension between moral and strategic concerns the variable moral impact of different forms of terrorism the status and the moral disposition of the terrorist the treatment of noncombatants the resort to preventive war and interrogational torture and the use of drones and risk free warfare

Causes of War Stephen Van Evera, 1999 What causes war How can military conflicts best be prevented A prominent political scientist here addresses these questions offering ideas that will be widely debated Van Evera's book demonstrates that ideas from the Realist paradigm can offer strong explanations for international conflict and valuable prescriptions for its control

On War Brian Orend, 2009-04-16 One in the series New Dialogues in Philosophy Brian Orend has written an engaging dialogue from the perspectives of a critically injured soldier and his spouse on all questions related to the ethics of going to war and the ethics of fighting in war Readers learn of the major traditions of thinking about war including realism

pacifism just war theory and international law Orend draws on a variety of references from the Civil War to the current war in Iraq to illustrate the moral dimension and ambiguity of war

The Ethics of War and Peace Terry Nardin, 2020-12-08 A superb introduction to the ethical aspects of war and peace this collection of tightly integrated essays explores the reasons for waging war and for fighting with restraint as formulated in a diversity of ethical traditions religious and secular Beginning with the classic debate between political realism and natural law this book seeks to expand the conversation by bringing in the voices of Judaism Islam Christian pacifism and contemporary feminism In so doing it addresses a set of questions How do the adherents to each viewpoint understand the ideas of war and peace What attitudes toward war and peace are reflected in these understandings What grounds for war if any are recognized within each perspective What constraints apply to the conduct of war Can these constraints be set aside in situations of extremity Each contributor responds to this set of questions on behalf of the ethical perspective he or she is presenting The concluding chapters compare and contrast the perspectives presented without seeking to adjudicate their differences Because of its inclusive objective comparative and dialogic approach the book serves as a valuable resource for scholars journalists policymakers and anyone else who wants to acquire a better understanding of the range of moral viewpoints that shape current discussion of war and peace In addition to the editor the contributors are Joseph Boyle Michael G Cartwright Jean Bethke Elshtain John Finnis Sohail H Hashmi Theodore J Koontz David R Mapel Jeff McMahan Richard B Miller Aviezer Ravitzky Bassam Tibi Sarah Tobias and Michael Walzer

A Theory of Security Strategy for Our Time S. Tang, 2010-03-15 This book advances a coherent statement of defensive realism as a theory of strategy for our time and adds to our understanding of defensive realism as a grand theory of IR in particular and our understanding of IR in general and contributes to the ongoing debates among major paradigms of international relations

War and Literary Studies Anders Engberg-Pedersen, Neil Ramsey, 2023-01-05 War and Literary Studies poses two main questions First how has war shaped the field of literary studies And second when scholars today study the literature of war what are the key concepts in play Seeking to complement the extant scholarship this volume adopts a wider and more systematic approach as it directs our attention to the relation between warfare and literary studies as a field of knowledge What are the key characteristics of the language of war Of gender in war Which questions are central to the way we engage with war and trauma or war and sensation In which ways were prominent 20th century theories such as critical theory French postwar theory postcolonial theory shaped by war How might emergent concepts such as revolution the anthropocene or capitalism inflect the study of war and literature

Hopeful Realism Jesse Covington, Bryan T. McGraw, Micah Watson, 2025-01-07 Natural law as a rich tradition of Christian thought has often been neglected by evangelicals But in this time of deep polarization this generous guide brings together robust natural law theory and practical cases for the evangelical concerned with bringing together their theological commitments to bear on their political judgments

Italy and the War Jacques Bainville, 1916

The Realist Tradition in

International Relations Barry Scott Zellen, 2011-08-19 This comprehensive foundation for the study of realism will introduce students in disciplines as varied as philosophy international relations and strategic studies to the majestic breadth of the realist tradition that unifies them all *The Realist Tradition in International Relations: The Foundations of Western Order* introduces the principal theorists who have shaped and defined the realist tradition This once dominant theory of international politics has reemerged to provide a shared foundation for understanding political theory international relations theory and strategic studies The work is comprised of four volumes each focusing upon a distinct period and the pivotal contributors writing in that era Volume 1 *State of Hope* looks at the classical era when chaos reigned supreme Volume 2 *State of Fear* goes through the early modern period and the emergence of the modern state Volume 3 *State of Awe* explores the age of total war with its unprecedented dangers Volume 4 *State of Siege* examines the present era of insurgency and asymmetrical conflict A truly monumental work this sweeping study will surely foster a new appreciation of the rich tapestry of realist thought and its continuing relevance to the study of world politics **From Warism to Pacifism** Duane Cady, 2010-09-03 Illuminating the moral views on violence from the moral restraint of the just war tradition through pragmatic nonviolence to principled variations of pacifism **War and American Literature** Jennifer Haytock, 2021-02-04 This book examines representations of war throughout American literary history providing a firm grounding in established criticism and opening up new lines of inquiry Readers will find accessible yet sophisticated essays that lay out key questions and scholarship in the field *War and American Literature* provides a comprehensive synthesis of the literature and scholarship of US war writing illuminates how themes texts and authors resonate across time and wars and provides multiple contexts in which texts and a war's literature can be framed By focusing on American war writing from the wars with the Native Americans and the Revolutionary War to the recent wars in Iraq and Afghanistan this volume illuminates the unique role representations of war have in the US imagination **Allegories of Violence** Lidia Yuknavitch, 2013-12-16 *Allegories of Violence* demilitarizes the concept of war and asks what would happen if we understood war as discursive via late 20th Century novels of war **Just War in Religion and Politics** Jacob Neusner, Bruce D. Chilton, R. E. Tully, 2013-04-18 The basis of this collection of essays is the reading of a common topic from different perspectives Half of the book is devoted to the comparative study of religions and the courses are offered by religion professors The other half is shaped by social science approaches and the seminars are given mainly by social science professors We aim to compare and contrast not only positions but also methods of learning We examine theories of the just war in diverse cultural contexts and their disciplinary settings Space is devoted to the study of papers prepared for this project by specialists in various disciplines mainly but not exclusively faculty of Bard College and the United States Military Academy at West Point *Repression and Realism in Post-War American Literature* E. Mercer, 2011-05-09 This study of fiction produced in America in the decade following 1945 examines literature by writers such as Kerouac and Bellow It examines how though such fiction seemed to resolutely avoid

the events and implications of World War II it was still suffused with dread and suggestions of war in imagery and language

Weapons Proliferation and War in the Greater Middle East Richard L. Russell, 2007-05-07 This important new book explores the strategic reasons behind the proliferation of nuclear biological and chemical weapons as well as ballistic missile delivery systems in the Greater Middle East It examines the uses and limitations of chemical weapons in regional combat ballistic missile warfare and defenses as well as Iran's drive for nuclear weapons and the likely regional reactions should Tehran acquire a nuclear weapons inventory This book also discusses Chinese assistance to WMD and ballistic programs in the Greater Middle East Finally this book recommends policy options for American diplomacy to counter the challenges posed by WMD proliferation This essential study prepares the ground for the challenges facing the international community Richard Russell is a professor at the National Defense University's Near East South Asia Center for Strategic Studies in Washington DC He also teaches at the Security Studies Program at Georgetown University He previously served as a political military analyst at the CIA

Political Realism, Freud, and Human Nature in International Relations R.

Schuett, 2010-05-24 This book provides an important reappraisal of the concept of human nature in contemporary realist international political theory Developing a Freudian philosophical anthropology for political realism he argues for the careful resurrection of the concept of human nature in the wider study of international relations
