Rebels Reds Radicals Rethinking Canadas Left History:

Rebels, Reds, Radicals Ian McKay, 2005-04-28 In this brilliant and thoroughly engaging work Ian McKay sets out to revamp the history of Canadian socialism Drawing on models of left politics in Marx and Gramsci he outlines a fresh agenda for exploration of the Canadian left In rejecting the usual paths of sectarian or sentimental histories McKay draws on contemporary cultural theory to argue for an inventive strategy of reconnaissance This important groundbreaking work combines the highest standards of scholarship and a broad knowledge of current debates in the field *Rebels Reds Radicals* is the introduction to McKay s definitive multi volume work on the history of Canadian socialism volume one Reasoning

Otherwise Leftists and the People s Enlightenment in Canada 1890 1920 is now available **Canada Since 1960: A People's History** Cy Gonick, 2016-04-18 When Winnipeg s Cy Gonick started the magazine *Canadian Dimension* in 1963 to provide a home for the thinking and analysis of mostly young leftists engaged in Canadian economic social cultural artistic and political issues he had no grand plan But *Canadian Dimension* was welcomed by intellectuals scholars and students and it proved enduring Hundreds of Canada s leading figures of the left have contributed to its pages over the years writing about every major topic in Canadian public life This book offers an account of the most important developments in Canadian history from the sixties until today as seen and interpreted by scholars and writers on the pages of *Dimension* Each chapter reviews a major theme such as Canada s relationship to the U S the development of our health care system the dynamics of Aboriginal non Aboriginal relations and the role of Canadian cultural work in shaping Canadian society Taken together the book provides a unique and broad perspective on virtually every significant event and development in recent Canadian history Readers who know the magazine will find this book a compelling summary of how Canada changed in the past five decades and how the Left saw those changes and challenged them Readers who discover *Canadian Dimension* through this book will find a multitude of compelling voices who challenge the dominant neoliberal thinking of mainstream Canadian intellectual life The twenty seven contributors from every part of the country are Greg Albo Brenda Austin Smith Chris Bailey Evan Bowness Mordecai Briemburg Elizabeth Comack Angela Day Bryan Evans Alvin Finkel Peter Graefe Judy Haiven Larry Haiven Trevor Harrison Henry Heller David Hugill Peter Kulchyski Andrea Levy James McCorrie James Naylor Bryan Palmer Denis Pilon Joe Roberts Stephanie Ross Arthur Schafer Frank Tester John Warnock and Chris Webb *Building Sanctuary* Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada s relationship with the United States they had to overcome

state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s **Fear of a Black Nation** David Austin,2023-04-18 In the 1960s Montreal was a hotbed of radical politics that attracted Black and Caribbean figures such as C L R James Walter Rodney Mariam Makeba Stokely Carmichael Rocky Jones and douard Glissant It was also a place where the ideas of Frantz Fanon Aim C saire and Malcolm X circulated alongside those of Karl Marx Jean Paul Sartre and Simone de Beauvoir During this period of global upheaval and heightened Canadian and Quebec nationalism Montreal became a central site of Black and Caribbean radical politics Situating Canada within the Black radical tradition and its Caribbean radical counterpart Fear of a Black Nation paints a history of Montreal and the Black activists who lived sojourned in or visited the city and agitated for change Drawing on Saidiya Hartman s conception of slavery s afterlife and what David Austin describes as biosexuality a deeply embedded fear of Black self organization and interracial solidarity Fear of a Black Nation argues that the policing and surveillance of Black lives today is tied to the racial including sexual codes and practices and the discipline and punishment associated with slavery As meditation on Black radical politics and state security surveillance and repression Fear of a Black Nation combines theoretical and philosophical inquiry with literary oral and archival sources to reflect on Black political organizing In reflecting on Black self organization and historic events such as the Congress of Black Writers and the Sir George Williams Affair the book ultimately poses the question what can past freedom struggles teach us about the struggle for freedom today Featuring two new interviews with the author and a new preface this expanded second edition enriches the political and theoretical conversation on Black organising and movement building in Canada and internationally As the Black Lives Matter and abolition movements today popularize calls to disarm and defund the police and to abolish prisons Fear of a Black Nation provides an invaluable reflection on the policing of Black activism and a compelling political analysis of social movements and freedom struggles that is more relevant now than ever **Marxism and Historical Practice (Vol. II)** Bryan D.

Palmer,2015-09-01 The two volumes of Marxism and Historical Practice bring together a wide range of essays written by one of the major Marxist historians of the last fifty years Collected in Volume II Interventions and Appreciations are articles and reviews capturing the breadth of Palmer s interests as a radical historian Cultural forms and representational productions are analysed political readings of historiography and pioneering historical practice provided Themes as diverse as the analytic and political contributions of Eric Hobsbawm and E P Thompson the conflicted legacies of American Trotskyism and the representation of class politics in Scorsese s Gangs of New York are covered *Labour at the Lakehead* Michel S. Beaulieu,2011-05-07 In the early twentieth century the Canadian Lakehead was known as a breeding ground for revolution a place where harsh conditions in dockyards lumber mills and railway yards drove immigrants into radical labour politics This intensely engaging history reasserts Northwestern Ontario s rightful reputation as a birthplace of leftism in Canada by

exposing the conditions that gave rise to an array of left wing organizations including the Communist Party the One Big Union and the Industrial Workers of the World Yet as Michel Beaulieu shows the circumstances and actions of Lakehead labour especially those related to ideology ethnicity and personality were complex they simultaneously empowered and fettered workers in their struggles against the shackles of capitalism Cultural ties helped bring left wing ideas to Canada but as each group developed a distinctive vocabulary of socialism Anglo Celtic workers defended their privileges against Finns Ukrainians and Italians At the Lakehead ethnic difference often outweighed class solidarity at the cost of a stronger labour movement for Canada

Liberalism and Hegemony Michel Ducharme, Jean-François Constant, 2009-01-01 The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in various contexts

Progressive Education Theodore Michael Christou, 2012-01-01

Over the course of the twentieth century North American public school curricula moved away from the classics and the humanities and towards progressive subjects such as health and social studies This book delves into how progressivist thinking transformed the rhetoric and the structure of schooling during the first half of the twentieth century with echoes that reverberate strongly today and investigates historical meanings of progressive education Theodore Michael Christou closely examines the case of interwar Ontario where the entire landscape of public education including curricula and avenues to post secondary study were radically transformed over just twenty years Christou contextualizes this reformist thinking in light of a social political and economic climate of change which seemed to demand schools that could actively relate learning to the real world Through its examination of educational journals published throughout the interwar period and previously unexplored archival sources this book illuminates how the present structure of curricula and schooling were achieved

Why Did We Choose to Industrialize? Robert C.H. Sweeny, 2015-07-01 A new analysis of the factors and human choice at the heart of industrialization and social change

Propaganda and Persuasion Jennifer Anderson, 2017-05-10 During the early Cold War thousands of Canadians attended events organized by the Canadian Soviet Friendship Society CSFS and subscribed to its publications The CSFS aimed its message at progressive Canadians hoping to convince them that the USSR

was an egalitarian and enlightened state Attempting to soften define and redirect the antagonistic narratives of the day the CSFS story is one of propaganda and persuasion in Cold War Canada The CSFS was linked to other groups on the Canadian political left and was consistently lead by Canadian communists For many years its leader and best known member was the enigmatic Dyson Carter Raised in a religious family and educated as a scientist Carter was a prolific author of both popular scientific and pro Soviet books and for many years was the editor of the CSFS s magazine Northern Neighbours Subtitled Canada s Authoritative Independent Magazine Reporting on the U S S R the magazine featured glossy photo spreads of life in the Soviet Union and upbeat articles on science medicine cultural life and visits to the USSR by Canadians At the height of the Cold War Carter claimed the magazine reached 10 000 subscribers across Canada Using previously unavailable archival sources and oral histories Propaganda and Persuasion looks at the CSFS as a blend of social and political activism where gender class and ethnicity linked communities and ideology had significance

Becoming Native in a Foreign Land

Gillian Poulter,2010-01-01 How did British colonists in Victorian Montreal come to think of themselves as native Canadian This richly illustrated work reveals that colonists adopted then appropriated Aboriginal and French Canadian activities such as hunting lacrosse snowshoeing and tobogganing In the process they constructed visual icons that were recognized at home and abroad as distinctly Canadian This new Canadian nationality mimicked indigenous characteristics but ultimately rejected indigenous players and championed the interests of white middle class Protestant males who used their newly acquired identity to dominate the political realm English Canadian identity was not formed solely by emulating what was British this book shows that it gained ground by usurping what was indigenous in a foreign land

Able to Lead

Ravi Malhotra,Benjamin Isitt,2021-05-15 Eugene T Kingsley led an extraordinary life Born in mid nineteenth century New York y 1890 he was a railway brakeman in Montana An accident left him a double amputee and politically radicalized and his socialist activism that followed took him north of the border where he eventually was considered by the government to be one of the most dangerous men in Canada Able to Lead traces Kingsley s political journey from soapbox speaker in San Francisco to prominence in the Socialist Party of Canada Ravi Malhotra and Benjamin Isitt illuminate a figure who shaped a generation of Canadian leftists during a time when it was uncommon for disabled men to lead They examine Kingsley s endeavours for justice against the Northern Pacific Railway and how Kingsley s life intersected with immigration law and free speech rights Able to Lead brings a turbulent period in North American history to life highlighting Kingsley s profound legacy for the twenty first century political left

Civilization E.A. Heaman,2022-08-15 Colonial Canada changed enormously between the 1760s and the 1860s the Conquest and Confederation but the idea of civilization seen to guide those transformations changed still more A cosmopolitan and optimistic theory of history was written into the founding Canadian constitution as a check on state violence only to be reversed and undone over the next century Civilization was hegemony a contradictory theory of unrestrained power and restraints on that power Occupying a middle ground between British and

American hegemonies all the different peoples living in Canada felt those contradictions very sharply Both Britain and America came to despair of bending Canada violently to their will and new forms of hegemony a greater reckoning with soft power emerged in the wake of those failures E A Heaman shows that the view from colonial Canada matters for intellectual and political history Canada posed serious challenges to the Scottish Enlightenment the Pax Britannica American manifest destiny and the emerging model of the nation state David Hume's theory of history shaped the Canadian imaginary in constitutional documents much thumbed histories and a certain liberal conservative political and financial orientation But as settlers flooded across the continent cosmopolitanism became chauvinism and the idea of civilization was put to accomplishing plunder and predation on a transcontinental scale Case studies show crucial moments of conceptual reversal some broadly representative and some unique to Canada Dissecting the Seven Years War domestic relations the fiscal military state liberal reform social statistics democracy constitutionalism and scholarly history Heaman shows how key British and Canadian public figures grappled with the growing gap between theory and practice By historicizing the concept of civilization this book connects Enlightenment ideals and anti colonialism shown in contest with colonialism in Canada before Confederation
