Comaroff,2008-04-15 Of Revelation and Revolution is at once a highly imaginative richly detailed history of colonialism Christianity and consciousness in South Africa and a theoretically challenging consideration of the most difficult questions posed by the nature of social experience Although primarily concerned with the nineteenth and early twentieth centuries Of Revelation and Revolution also looks forward to the age of apartheid and beyond Witchcraft, Power and Politics Isak Niehaus,Eliazaar Mohlala,Kally Shokaneo,2001-05-20 This is an extraordinary account of witchcraft and witch hunting in the modern world A powerful ethnographic study of witch hunting in 1980s South Africa a period of rapid social change this book demonstrates the extent to which witchcraft must be seen not as a residue of traditional culture but as part of a complex social drama which is deeply embedded in contemporary political and economic processes Isak Niehaus provides the context for this fascinating study of witchcraft practices He shows how witchcraft was politicised against the backdrop of the apartheid state the liberation struggle and the establishment of the first post apartheid regime which all affected conceptions of witchcraft Niehaus demonstrates how the ANC and other political groups used witchcraft beliefs to further their own agenda He explores the increasingly conservative role of the chiefs and the Christian church In the process he reveals the fraught nature of intergenerational and gender relations The result is a truly insightful and theoretically engaged account of a much studied but frequently misunderstood practice **The Origins of the New Churches Movement in Southern Ethiopia, 1927-1944** Brian L. Fargher,2023-09-20 This study describes the beginnings of a movement which has created another face for Ethiopian Christianity The expatriate missionary evangelists who in 1927 were encouraged by Emperor Haile Selassie to work in southern Ethiopia intentionally by passed the Orthodox model and made a fresh start Three of the many facets of the movement comprise the body of the book There is the religious backdrop of Orthodox Christianity and the expatriates fundamentalist traditions then the praxis and polity of their work finally the post Occupation outcome which confirmed their choices Since its beginning in 1932 the New Churches Movement has impacted every part of Ethiopian society religious political and socio economic It demonstrates that a fresh start can be complementary rather than competitive The movement s success encourages missionary evangelists to continue making new beginnings

Whiteman, 2002-05-10 In *Melanesians and Missionaries* one of the best of the younger generation of missionary anthropologists demonstrates that a commitment to the missionary enterprise on the part of a solid scholar facilitates rather than hinders the anthropological study of a missionary topic This is better anthropology because Dr Whiteman is able to probe more deeply into his topic and demonstrates that he understands and appreciates both Melanesians and missionaries Charles H Kraft Professor of Anthropology School of World Mission Fuller Theological Seminary Pasadena

Syncretism/Anti-Syncretism Rosalind Shaw, Charles Stewart, 2003-12-16 Syncretism the synthesis of different religious is a contentious word Some regard it as a pejorative term referring to local versions of notionally standard world religions which are deemed inauthentic because saturated with indigenous content Syncretic versions of Christianity do not conform to official read European models In other contexts however the syncretic amalgamation of religions may be validated as a mode of resistance to colonial hegemony a sign of cultural survival or as a means of authorising political dominance in a multicultural state In *Syncretism Anti Syncretism* the contributors explore the issues of agency and power which are integral to the very process of syncretism and to the competing discourses surrounding the term
