James McSherry, 2011-10-01 This work represents a novel treatment of the mission of the Church fathers the early Christian ascetics and their disciples during the turbulent centuries that followed the passing of the apostles Approaching a normally arcane subject largely through the interplay of character and incident Outreach and Renewal provides a stirring account of the various ways in which spiritual leaders of the time promoted the Gospel message Readers experience these leaders as they illuminate strengthen restore or defend the faith through their words and actions of fellow Christians Facilitating fresh insights and thought provoking conclusions the theme proceeds through the interaction of a varied cast of vital individuals engaged in lively and sometimes acerbic discourse which is always aimed at the glory of God With the careful attention the author gives to the early Irish church and its singular representatives this work is a unique and valuable contribution to the study of the patristic era The City of God Volumes I & II Revised

A Pentecostal Political Theology for American Renewal Steven M. Studebaker, 2016-10-26 This book argues that Christians have a stake in the sustainability and success of core cultural values of the West in general and America in particular Steven M Studebaker considers Western and American decline from a theological and specifically Pentecostal perspective The volume proposes and develops a Pentecostal political theology that can be used to address and reframe Christian political identity in the United States Studebaker asserts that American Christians are currently not properly engaged in preventing America s decline or halting the shifts in its core values The problem he suggests is that American Christianity not only gives little thought to the state of the nation beyond a handful of moral issues like abortion but its popular political theologies lead Christians to think of themselves more as aliens than as citizens This book posits that the proposed Pentecostal political theology would help American Christians view themselves as citizens and better recognize their stake in the renewal of their nation The foundation of this proposed political theology is a pneumatological narrative of

renewal a biblical narrative of the Spirit that begins with creation proceeds through Incarnation and Pentecost and culminates in the new creation and everlasting kingdom of God This narrative provides the foundation for a political theology that speaks to the issues of Christian political identity and encourages Christian political participation

A New Vision, a New Heart, a Renewed Call David Claydon,2005 *The City of God: A translation into English* by John Healey Saint Augustine (of Hippo),1909 *The Fairy Tales of Oscar Wilde* Dr Jarlath Killeen,2013-04-28

Oscar Wilde's two collections of children's literature The Happy Prince and Other Stories 1888 and A House of Pomegranates 1891 have often been marginalised in critical accounts as their apparently conservative didacticism appears at odds with the characterisation of Wilde as an amoral aesthete In this the first full length study of Wilde's fairy tales for children Jarlath Killeen argues that Wilde's stories are neither uniformly conservative nor subversive but a blend of both Killeen contends that while they should be read in relation to a literary tradition of fairy tales that emerged in nineteenth century Europe Irish issues heavily influenced the work These issues were powerfully shaped by the folk Catholicism Wilde encountered in the west of Ireland By resituating the fairy tales in a complex nexus of theological political social and national concerns Killeen restores the tales to their proper place in the Wilde canon
