René Magritte Patricia Allmer, 2019-11-15 The Belgian surrealist artist Ren Magritte redefined the way we think about art Famous for his men in bowler hats he inspired generations of later artists from Andy Warhol to Jasper Johns with his witty and provocative work In this illuminating new biography Patricia Allmer radically repositions Magritte's work in relation to its historical and cultural circumstances Allmer explores the significant influence of events and experiences in Magritte's early childhood and youth that are recorded in his letters and essays including his memories of visiting fairs and circuses of magical shows and performances of the cinema and in particular of his first encounter with his future partner Georgette on a carousel Allmer's analyses of these events and their influence on both well known and less familiar images give new insights into Magritte's art The book will appeal to those who wish to know more about Magritte's life and work as well as to the wide audience for surrealism
