Renneslechaateau Et La Nigme De Lor Maudit Histoire De La France Secra Te:

Rennes-le-Château Jean Markale, 1991 **Histoire de la France secrète** Jean Markale, 1999 *Rennes le Château*, 2021-04 *L'Or de Rennes, Signe* Gérard de Sède, 2007-07-17 Il est incontestable que l'attrait du lieu a consisté chez Gérard de Sède une motivation importante et ceux qui ont connu le village de Rennes le Château avant qu'il ne devienne ce qu'il est comprendront la fascination qu'il pouvait susciter Une part non négligeable de L'Or de Rennes est consacrée à l'exposé de l'arrière plan historique d'une région oubliée des livres de référence Les grands ancêtres Wisigoths sont tout de suite évoqués et ce n'est pas fortuit il y a chez Gérard de Sède comme une volonté de réveiller une belle endormie de faire surgir la splendeur des ruines de l'Histoire d'affirmer à demi mots l'originalité d'une terre et d'un peuple Cette passion fait la qualité de son style Si le charme opère si bien c'est que tout lecteur est sensible à la phrase captivante d'un auteur guidé par des sentiments issus du tréfonds de son âme En peignant les paysages du Razès en contant son histoire Gérard de Sède nous parle de lui-même de ses souvenirs d'enfance de la condition d'Occitan déraciné qu'il pensait être la sienne Cet ouvrage reprend la version la plus complète de l'Or de Rennes connue aussi sous le nom Le Trésor Maudit publiée sous le titre de Signe Rose Croix Les modifications apportées à la version originale sont répertoriées tant au niveau du texte que des illustrations Ont été ajoutés plusieurs documents originaux provenant des archives de l'auteur The Paradise Co-ordinates John R. Pollard, 2002 Ever since Berenger Sauniere arrived as cure of the tiny church in Rennes le Château in the south west of France and unearthed its mystery nothing but more mystery has surrounded it Sauniere began his career there in 1885 and although himself poor and impoverished did manage to raise sufficient funds to begin much needed restoration work on the church In the course of that work it was discovered that one of the altar pillars was hollow Inside the pillar were several wooden scrolls and inside the scrolls were parchments Two of these parchments turned out to be encrypted messages which when decoded pointed to Rennes le Château as the repository of secret treasures With help Sauniere decoded these messages and as a result acquired vast wealth almost overnight There has been a great deal of speculation delivered in the form of TV documentaries a great many books and even these days various websites as to exactly what Sauniere's discovery was One theory suggests that Rennes le Château inherited the treasures of Jerusalem plundered by the Romans in AD 70 then plundered again by the Visigoths when they sacked Rome Thereafter the Visigoths spread their kingdoms into what is now France Whatever this treasure was with his newly found wealth Sauniere embarked on a wide range of private and civic building projects in Rennes le Château He lived out the remainder of his life there until 1917 in comfort and well being Precisely how he found these riches has stimulated much interest since with most who have studied the subject believing the treasure still remains in Rennes le Château and awaits re-discovery So far all scholarship and writing surrounding it has failed to offer even the slightest insight as to where the treasure is located However it is now the case that John R Pollard's Paradise Co ordinates can and does reveal the point in Rennes le Château where the author determines the treasure is buried

through a reasoned working out of just those same clues and codes that were available to Sauniere This is a subject that recurrently surfaces in the national press has been featured in TV documentaries and whose related websites receive an enormous number of visitors First intimation that treasure was at some point secreted at Rennes le Chateau occurred during the seventeenth century when a shepherd called Ignace Paris went looking for a lost sheep Ignace stumbled on the entrance to a cave and went inside to look He found himself in a crypt The crypt was littered with coffers under the dead gaze of several skeletons Amazingly the coffers were filled with gold coins Naturally Ignace helped himself and with his pockets full of gold returned to his village where he was quizzed When he refused to tell anyone where the vault was he was accused of theft and executed Much later in 1885 the church of Rennes le Chateau received a new curate Berenger Sauniere who fared a good deal better than Ignace Initially Sauniere was taken in and looked after by a family more impoverished than he Their name was Denarnaud Somehow Sauniere was granted church permission to move the Denarnaud family into the presbytery and he arranged also for Marie the Denarnaud daughter still then a teenager to help him run the church Thereafter he and Marie became lifelong companions In 1891 Sauniere raised funds to carry out restoration work to the church in the course of which it was found that the altar pillars were hollow Inside one pillar were four or five sealed wooden rolls one of which contained a parchment This parchment bore an inscription its text a mix of French and Latin which at first glance appeared to be a passage from the Gospels The mayor got to hear of it and was soon asking Sauniere all about it Satisfied that the mayor would never on his own interpret the text Sauniere showed it him and offered the view that the parchments were to do with the Revolution but were without real value That temporarily kept the mayor quiet though Sauniere called a halt to his restoration project In February 1892 it is believed that Sauniere went to Paris Here he sought the help of church paleographers who examined the parchment text At this time Sauniere also made a few social calls notably on Emma Calve world famous opera star and friend to Claude Debussy He and Emma entered a relationship that was destined to endure Probably as a result of the paleographers findings Sauniere next headed off to the Louvre where he acquired a copy of Poussin s *Shepherds of Arcadia* Poussin was a Renaissance painter born near Paris in 1594 and who died in Rome in 1665 where he had spent most of his working life He is known today principally for his scenes from the Bible and from Greco Roman antiquity of which *Shepherds of Arcadia* might be said to be an example With his print and his paleographers report Sauniere returned to Rennes le Chateau having assembled sufficient information to locate whatever treasure was hidden in or around or beneath his church Evidently one of the parchments yielded a measurement from the church altar to a position outside called the castle The documents also drew attention to a specific tomb in the churchyard that of Marie de Negri D Ables Dame d Hautpoul de Blanchefort whose grave and headstone bore slightly eccentric inscriptions These turned out to provide a key to the encrypted text of his parchments which Sauniere was now able to decode When he and Marie dug it was at the entrance to a vault whose treasures were intact Inevitably Sauniere may have sold certain pieces and thereby amassed

his fortune Whatever was the case he returned to his restoration work now conceiving it on a far larger scale than before The presbytery was repaired and a new wall put up round the churchyard New works included a summer house a rock garden fountains The five kilometre cart track that led to the village Sauniere remade nearby as a modern highway He purchased houses and land He and Marie kept open house for the local gentry and persons such as Emma Calve were known to visit Generally both he and Marie lived high with Sauniere careful enough to cover his tracks Title deeds were put in Marie s name and the inscriptions on the Blanchefort grave and headstone he obliterated not knowing that a written copy had previously been made The mayor called round again superficially angered at Sauniere s treatment of the tomb but in truth curious as to his new found wealth Sauniere fobbed him off with food wine and cash as was also the case with the bishop of Carcassonne who himself came snooping Undeterred Sauniere went on with his projects He built a villa with ramparts and a tower where he installed an extensive library Soon after that the then bishop of Carcassonne retired His successor a Monsignor de Beausejour was a little more forceful and demanded to know the source of Sauniere s wealth Sauniere prevaricated The bishop had him summoned to the court of Rome and suspended A new priest came to Rennes le Chateau but was given the cold shoulder not only by Sauniere but by the villagers whose loyalties hadn t changed Eventually the bishop accepted defeat In January 1917 Sauniere arranged for a new water supply to the entire village work that he himself didn t live to see carried out He died on 22nd January of cirrhosis of the liver all that high living leaving Marie as his sole beneficiary That left Marie as the only person who knew his secret which meant Marie was richly provided for throughout the remainder of her life She shut herself away and for many years lived as a recluse In 1946 a M Corbu and his wife came to live with her To M Corbu she related her fantastic story She promised him her house and told him his future was certain to be secure while not exactly saying how The bad news for Corbu
