Old orthodoxies and a
political perspective

Reorganization Of British Local Government

I. M. Barlow

Reorganization Of British Local Government:

The Reorganisation of British Local Government John Dearlove, 1979-09-20 This volume was first published in 1979 just a few years after the Local Government Act of 1972 redrew the map of British local government Local authorities were also encouraged to change their organization and methods of work anxiety was expressed about finance councillor calibre and the credibility of the whole system itself and neighbourhood councils and public participation in planning were introduced John Dearlove's aim is to make sense of these changes and the discussion they generated He does this by showing that both the official case for reorganization and the academic discussion of it have hindered their own understanding by uncritically accepting superficial traditional wisdoms which fail to reveal the concealed ideological positions behind reorganization Thus he aims to develop a truly political perspective on reorganisation which is rounded out and given greater depth by the insertion at appropriate points of comparative material drawn from American experience and studies *The Reorganization of Local Government in England, 1972-1977* John Melvin DeGrove, 1978-01-01

Local Government in Britain Since Reorganisation Alan Alexander, 2024-10-01 Originally published in 1982 this book was the first comprehensive critical assessment of the outcome of the controversial reorganisation of British local government outside London which took place between 1973 and 1975 The book deals with the new systems in England Wales and Scotland drawing upon the results of almost 100 in depth interviews with leading members and officers from Shetland to Cornwall from major cities to rural districts Liaison between the tiers the effects of corporate management the spread of the office of chief executive the increasing levels of partisanship and the changing face of central local relations are examined on the basis of close observation and practical experience rather than theoretical preconceptions **Remaking the Union** Howard Elcock, Dr Michael Keating, 2013-01-11 This volume addresses the issues arising from the recent devolution referenda by exploring the historical development of the proposals the importance of national and regional identities the changing policies of the political parties and the approaches of business and other major groups towards devolution It also looks at the impact on electoral reform coming from the proposal that proportional representation be used to elect the regional assemblies and how the new assemblies are to be financed Finally the book discusses the implications of a devolved British state where different countries and regions achieve different levels of autonomy at different paces **Metropolitan Government** I. M. Barlow, 2025-09-01 First published in 1991 Metropolitan Government provides an in depth study of metropolitan government and outlines the need for a unit of government at the metropolitan level It discusses relevant theoretical aspects of local government reorganization Developments in metropolitan government in London Manchester Melbourne Toronto and San Francisco are explored documenting approximately 100 years of progress By examining cities in Australia Britain Canada and the United States the volume provides a good basis for international comparative studies in the field This book is intended for students and researchers in political geography political science policy studies public administration and urban

studies *Governing the London Region: Reorganization and Planning in the 1960's* Donald L. Foley, 1972-01-01 **British Dogmatism and French Pragmatism** Douglas E. Ashford, 2023-06-09 First published in 1982 British Dogmatism and French Pragmatism presents an inquiry into how national political and administrative constraints affect the formulation and implementation of local government reform This comparative study between British and French local politics and policymaking discusses themes like local reorganization in the welfare state two paths from monarchy to democracy decisions and non decisions can national politics make local policy fiscal policy and local spending capital spending and land use and central local politics in the welfare state The author argues that the influence of local government systems cannot be assessed apart from the national political and administrative structures in which they are embedded This book is a must read for scholars and researchers of political science public administration and policy making *Beyond Westminster & Whitehall* R. A. Rhodes, 2002-09-11 Beyond Westminster and Whitehall provides the first comprehensive account of the range of sub central government institutions that are responsible for the delivery of services to citizens These bodies are the warp and weft of the British system of government and yet are all too frequently ignored For a full understanding of British government the study of sub central government is of equivalent importance to that of the Prime Minister the Cabinet and Parliament Westminster and Whitehall do not always get what they want There are a great many restraints upon the actions of the centre and central policies all too often have unintended consequences This book demonstrating that Britain is not a unitary state but a differentiated polity in which sub central governments play a key role will be essential reading for teachers and students of British politics [Merger Mania](#) Andrew Sancton, Westmount (Québec), 2000 The idea that merging municipalities will improve local services and economic competitiveness has its roots deep in the nineteenth century Municipalities in the US were first merged as early as 1848 However despite being merged at the turn of the twentieth the city of New York was effectively bankrupt by 1975 In contrast metropolitan Boston often seen as a recent success story in global competition comprises 282 distinct municipalities Outside the United States forced municipal mergers were a popular policy in many European countries and Canadian provinces during the 1960s and 1970s The city of Laval just north of Montreal and the unicity of Winnipeg owe their origins to this period both amalgamations failed to meet their original objectives Despite the emergence of public choice theory which justifies municipal fragmentation on market principles some politicians and public servants in the 1990s have continued to advocate municipal amalgamations as a means of reducing public expenditure particularly in Ontario In Merger Mania Andrew Sancton demonstrates that this approach has generally not saved money He examines the history of amalgamation as well as studying recent forced municipal mergers in Halifax Toronto Ottawa Hamilton and Sudbury In the concluding chapter he examines the case for municipal amalgamation on the Island of Montreal and argues that those who would abolish locally elected municipal councils are obligated to explain very carefully especially in light of evidence to the contrary exactly why they think such drastic measures are necessary A

compelling examination of a timely issue Merger Mania is a must read for anyone interested in the politics of city governments Andrew Sancton is professor of political science at University of Western Ontario and the author of several books on city politics

Local Government Reorganisation Steve Leach, 2013-07-23 The Local Government Review raised issues of political process and decision making theories The interest lies in the insights provided by academic analysis and the highlighting of the lessons to be learned This volume attempts to respond to both these perspectives

British Planning Policy Mark Tewdwr-Jones, 2003-09-02 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company

Municipal Amalgamation Reforms António Tavares, 2024-04-23 This book provides a comprehensive analysis of municipal amalgamation reforms in Europe Adopting the analytical and methodological tools of comparative historical analysis it examines how the history of local government systems has conditioned the adoption of municipal amalgamation reforms across time and space Beginning with Sweden's early amalgamation reforms during the late 1940s and early 1950s it assesses how the evolution of the Welfare State decentralization urbanization and economic growth have all impacted amalgamation reforms in ten other European countries The book challenges the prevailing theory that amalgamations are implemented by rational design to improve the efficiency and capacity of local governments Instead it argues that state sovereignty regime changes centralization of authority and diffusion effects are more likely causes of the adoption of municipal amalgamation reforms It will appeal to all those interested in public administration public policy European politics and local governance studies

LOCAL GOVERNMENT IN WESTERN NIGERIA: ABEOKUTA, 1830-1952. Dr. Akinniyi Savage, 2010-05-25 The purpose of this book Local Government in Western Nigeria Abeokuta 1830 1952 A case study of exemplary institutional change is to delineate the democratization process of governmental institutions in the city of Abeokuta western Nigeria during the 1940s and 1950s The Egba at Abeokuta were chosen because they are an important ethnicity within the Yoruba the then third most populous ethnic group in Nigeria The period from 1939 to 1952 marks the time when western Nigeria was ruled via the native administration system the local governmental structure instituted by the British However the historiography of the Egba is elongated to include the formation of Abeokuta in 1830 By 1952 government was nominally extended to every constituency in Abeokuta This presaged the comprehensive democratization movement in Nigeria

Law, Localism, and the Constitution John Stanton, 2023-03-24 Local government affects us all Wherever we live in towns cities villages or the smallest of communities there are locally elected councils tasked with representing people's interests in the running of the local area This involves inter alia providing public services maintaining local spaces and acting as a level of democratic governance within the broader constitutional and executive structure of the state To fulfil these responsibilities though local government must be democratically legitimate it must have at its disposal reasonable means and resources to function and it must enjoy a healthy and balanced relationship with centralised government This book explores and analyses the extent to which local government in the different parts of the United

Kingdom is able to function effectively and democratically It draws from local councillors views in analysing the state of local government under the current constitutional and governmental arrangements discussing issues such as councils relationships with central government citizen engagement finance and public services and the impact of recent reforms It contrasts and compares the different approaches adopted in England Scotland Wales and Northern Ireland also setting out and discussing possible reforms of local government across the United Kingdom While the focus is on the United Kingdom the work includes a comparison with other relevant jurisdictions

Structural Reform of British Local Government

Michael Chisholm,2000 The book reviews the reasons for the reforms the processes and outcomes in the three countries and the nature of the evidence that was available for the advantages and disadvantages of reorganisation Two chapters compare the prior assessments of the financial costs and benefits with the actuality and the final chapter discusses some important lessons for national governance Jacket

Decentralized Democratic Governance in New Millennium U. B. Singh,2009

The Political Culture of Planning J Barry Cullingworth,J. Barry Cullingworth,2002-09-26 First published in 1993

Routledge is an imprint of Taylor Francis an informa company *Reform as Reorganization* Royce Hanson,Julius Margolis,Melvin R. Levin,William Letwin,2017-02-17 As the fourth report in a series on the Governance of Metropolitan Areas Reform as Reorganization explores the welfare and development of metropolitan America in terms of political reorganization Originally published in 1974 this study reflects on metropolitan problems and governmental structure to provide some new options for policy makers and an overview of what political action can be taken This title will be of interest to students of Environmental Studies as well as professionals *The Limits of Consensus* Douglas Elliott Ashford,1976

British Medical Journal ,1929

Reorganization Of British Local Government Introduction

In today's digital age, the availability of Reorganization Of British Local Government books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Reorganization Of British Local Government books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Reorganization Of British Local Government books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Reorganization Of British Local Government versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Reorganization Of British Local Government books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Reorganization Of British Local Government books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Reorganization Of British Local Government books and manuals is Open Library. Open Library is an initiative of the Internet

Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Reorganization Of British Local Government books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Reorganization Of British Local Government books and manuals for download and embark on your journey of knowledge?
