Repetitive Beat Generation:

Repetitive Beat Generation Steve Redhead, 2000 A collection of interviews with some of the most popular and influential writers to emerge in the 1990s revealing the deep influence that music has had on many of these writers

Ethically Speaking James McGonigal, Kirsten Stirling, 2006 As politics and cultures interact within an increasingly diverse Scotland and differences in values become more evident across generations the need for clear understanding and cooperation within and between communities becomes a pressing issue This relates both to local and larger concerns language violence morality gender and sexuality education ethnicity truth and lies The chapters gathered here focus on significant Scottish writers of the late twentieth and early twenty first centuries Edwin Morgan A L Kennedy Liz Lochhead John Burnside Jackie Kay Robin Jenkins Muriel Spark William McIlvanney Ali Smith James Kelman and others and the communities described are certainly Scottish but the issues raised are universal Questions are asked about the relationship of the individual to others and therefore on a larger scale about the means through which any community is both constructed and sustained linguistically spiritually ethically If their multiple voices evoke a zigzag of contradictions it is at any rate a creative zigzag which discovers or uncovers many contradictory aspects of life in modern Scotland that should particularly be brought to light in a re emergent nation Ethically speaking Scottish writers point out the need to attend to many different narratives and retellings in order that Scots might live more honestly and clear sightedly with themselves and with the wider world

Dancefloor-Driven Literature Simon A. Morrison, 2020-05-14 Almost as soon as club culture took hold during the UK's Second Summer of Love in 1988 its sociopolitical impact became clear with journalists filmmakers and authors all keen to use this cultural context as source material for their texts This book uses that electronic music subculture as a route into an analysis of these principally literary representations of a music culture why such secondary artefacts appear and what function they serve The book conceives of a new literary genre to accommodate these stories born of the dancefloor dancefloor driven literature Using interviews with Irvine Welsh author of *Trainspotting* 1994 alongside other dancefloor driven authors Nicholas Blincoe and Jeff Noon as case studies the book analyzes three separate ways writers draw on electronic dance music in their fictions interrogating that very particular intermedial intersection between the sonic and the linguistic It explores how such authors write about something so subterranean as the nightclub scene and analyses what specific literary techniques they deploy to write lucidly and fluidly about the metronomic beat of electronic music and the chemical accelerant that further alters that relationship

The University of Google Tara Brabazon, 2016-02-17 Looking at schools and universities it is difficult to pinpoint when education teaching and learning started to haemorrhage purpose aspiration and function Libraries and librarians have been starved of funding Teachers cram their curriculum with skill development and generic competencies because knowledge creativity and originality are too expensive to provide to unmotivated students and parents obsessed with league tables not learning Meanwhile the internet offers a glut of information on everything under the sun a mere mouse click away Bored surfers fill their cursors and minds with irrelevancies We lose the capacity to sift discard and judge Information is no longer for social good but for sale Tara Brabazon argues that this information fetish has been profoundly damaging to our learning institutions and to the ambitions of our students and educators In The University of Google she projects a defiant and passionate vision of education as a pathway to renewal where research is based on searching and students are on a journey through knowledge rather than consumers in the shopping centre of cheap ideas Angry humorous and practical in equal measure The University of Google is based on real teaching experience and on years of engaged and

sometimes exasperated reflection on it It is far from a luddite critique of the information age Tara Brabazon celebrates the possibilities of digital platforms in education but deplores the consequences of placing funding on technology and not teachers In doing so she opens a new debate on how to make our educational system both productive and provocative in the post information age The Routledge Handbook of International Beat Literature A. Welsh Aaron Kelly, 2024-07-30 Irvine Welsh's fiction has defined an era and this first full length study provides a sustained textual and contextual analysis of all his work from *Trainspotting* and *The Acid House* to *Glue* and *Porno*. A detailed chronological survey also considers the appropriateness of cultural postmodern and postcolonial theories to Welsh's incendiary fiction. Kelly gives a fascinating insight into the writer's formal and political ambitions placing him in the context of the brat pack which exploded onto the Scottish literary scene in the 1990s. He explores the social class and political conditioning of Welsh's early life and its impact on his motivations for writing. Clearly written and accessible this will be a key resource for students and academics alike. Choose Irvine Welsh

The end-of-the-century party Steve Redhead, 2019-07-04 Madchester may have been born at the Hacienda in the summer of 1988 but the city had been in creative ferment for almost a decade prior to the rise of acid house. *The end of the century party* is the definitive account of a generational shift in popular music and youth culture: what it meant and what it led to. First published right after the *Second Summer of Love* it tells the story of the transition from new pop to the political pop of the mid 1980s and its deviant offspring post political pop. Resisting contemporary proclamations about the end of youth culture and the rise of a new right leaning conformism the book draws on interviews with DJs, record company bosses, musicians, producers and fans to outline a clear transition in pop thinking: a move from an obsession with style packaging and synthetic sounds to content, socially conscious lyrics and a new authenticity. This edition is framed by a prologue by Tara Brabazon asking how we can reclaim the spirit, energy and authenticity of Madchester for a post youth, post pop generation. It is illustrated with iconic photographs by Kevin Cummins

Beyond Subculture Rupa Huq, 2007-01-24 Using case studies and first hand interviews with consumers and producers including Noel Gallagher and Talvin Singh, Rupa Huq investigates a series of musically centred global youth cultures and re-examines the link between music and subcultures

Over and Over Olivier Julien, Christophe Levaux, 2018-02-22 From the Tin Pan Alley 32 bar form through the cyclical forms of modal jazz to the more recent accumulation of digital layers, beats and breaks in Electronic Dance Music, repetition as both an aesthetic disposition and a formal property has stimulated a diverse range of genres and techniques. From the angles of musicology, psychology, sociology and science and technology *Over and Over* reassesses the complexity connected to notions of repetition in a variety of musical genres. The first edited volume on repetition in 20th and 21st century popular music, *Over and Over* explores the wide ranging forms and use of repetition from large repetitive structures to micro repetitions in relation to both specific and large scale issues and contexts. The book brings together a selection of original texts by leading authors in a field that is as yet little explored. Aimed at both specialists

and neophytes it sheds important new light on one of the fundamental phenomena of music of our times *Football Hooliganism, Fan Behaviour and Crime* M. Hopkins,J. Treadwell,2014-05-13 Focusing on a number of contemporary research themes and placing them within the context of palpable changes that have occurred within football in recent years this timely collection brings together essays about football crime and fan behaviour from leading experts in the fields of criminology law sociology psychology and cultural studies *Contemporary Scottish Literature* Matt McGuire,2008-11-24 This Guide examines the critical construction of the genre of contemporary Scottish literature and assesses the critical responses to a wide range of contemporary Scottish fiction poetry and drama The Guide is structured thematically with each chapter addressing a specific area of debate within the field of contemporary Scottish Studies **We Have Never Been Postmodern** Steve Redhead,2011-06-29 Is it possible that various disciplines theorists and cultural commentators have been hurtling down a blind alley in the last thirty years searching for the holy grail of the postmodern What if after all we have never have been postmodern Or what if we are instead now living after postmodernity As global culture rushes off the cliff of catastrophe with its neo liberal neo conservative ideologies mangled in the process this book provides theory at the speed of light designed to capture the fast flickering images of the real gone before you can blink in today s accelerated culture
