this study looks at the village of Taitou in the Shantung Province *A Century of Change in a Chinese Village* Lin Juren,Xie
Yuxi,2018-05-04 Over the last half century China has evolved from a poor rural country to a geopolitical powerhouse Rapid
urbanization has been at the heart of that transformation and as migrant laborers have left their villages what has become of
the rural communities that were once the center of economic social and cultural life And how do contemporary Chinese
scholars understand those changes These are the questions that this compelling book answers Lengshuigou village located
near the Shandong provincial capital of Jinan was first studied by Japanese social scientists in the early 1940s and then again
in the 1980s and 1990s Building on these rich surveys this book traces changes from the early twentieth century to the
present day in family and lineage social stratification personal networks annual and life cycle rituals village politics and elite
formation Drawing on their own large scale survey of contemporary village households the authors analyze the physical and
institutional changes that have altered the community as well as the shifts in interpersonal relations and attitudes that have
upended centuries old systems of patriarchy and generational order This important book presents for the first time in English
analysis by Chinese sociologists on the radical transformation of Chinese rural society *Chinese Village, Socialist State*
Edward Friedman,Paul Pickowicz,Mark Selden,Kay Ann Johnson,1991-01-01 This portrait of social change in the North China
plain depicts how the world of the Chinese peasant evolved during an era of war and how it in turn shaped the revolutionary
process The book is based on evidence gathered from archives and interviews with villagers and rural officials
