Reproduccion Salud Y Sexualidad En America Latina:

Reproducción, salud y sexualidad en América Latina Edith A. Pantelides,Sarah Bott,2000 **Reproduccion, Salud Y Sexualidad en America Latina** E. A. Pantelides,S. Bott,2000 **Laicidad, derechos humanos y sexualidad en América Latina** Pauline Capdevielle,2024-06-13 En América Latina las disputas en torno a lo secular y lo religioso se han polarizado en las cuestiones sexuales y reproductivas en el marco de una fuerte movilización política y jurídica de los sectores conservadores. Ante este escenario regional marcado por un proceso de secularización fragmentado, la laicidad puede resultar una herramienta útil para contrarrestar la influencia de lo confesional en la esfera pública y argumentar en favor de la autonomía de las personas para tomar decisiones trascendentales en sus vidas. Esta veta argumentativa ha sido utilizada en el Sistema Interamericano de Derechos Humanos que ha desarrollado en los últimos años una lectura laica y garantista de los derechos de las personas y de los grupos especialmente los que se encuentran en situación de desventaja. El objetivo de este libro es mostrar cómo laicidad y derechos sexuales y derechos reproductivos se conjugan hoy en América Latina a partir de una mirada sociojurídica y crítica que argumenta en favor de un modelo incluyente de derechos y libertades. Tras una reflexión analítica en torno a los conceptos de laicidad y derechos humanos anclados en el complejo panorama sociopolítico regional, se finalmente ofrece un aterrizaje jurídico de la problemática mediante el estudio de la labor del Sistema Interamericano de Derechos Humanos. The Oxford Handbook of Latin American History Jose C. Moya,2011 This Oxford Handbook comprehensively examines the field of Latin American history **Rethinking Development in Latin America** Charles H. Wood,Bryan R. Roberts,2010-11-01 *La fecundidad en América Latina* ,2004 **Between Sex and Power** Göran Therborn,2004-07-31 The institution of the family changed hugely during the course of the twentieth century. In this major new work, Göran Therborn provides a global history and sociology of the family as an institution and of politics within the family focusing on three dimensions of family relations: on the rights and powers of fathers and husbands; on marriage, cohabitation and extra marital sexuality; and on population policy. Therborn's empirical analysis uses a multi-disciplinary approach to show how the major family systems of the world have been formed and developed. Therborn concludes by assessing what changes the family might see during the next century. This book will be essential reading for anybody with an interest in either the sociology or the history of the family. **Sexualidad y reproducción en clave de equidad** Miguel, Sánchez, María, Mercedes Lafourie,2018-02-09 En la presente entrega, investigadores de Colombia y México se dan cita para disertar en torno a temas en que interactúan la salud sexual y reproductiva y las inequidades sociales y de género. La maestría en Salud Sexual y Reproductiva de la facultad de Enfermería de la Universidad El Bosque se complace en presentar a los lectores esta compilación con la cual se ha buscado que quienes se interesan en este tema encuentren aportes conceptuales novedosos y voces comprometidas con la construcción de nuevas culturas para cerrar las brechas sociales y de género que crean desigualdad en estos ámbitos voces que resuenan en clave de equidad. Matters of Choice Iris Lopez,2008-12-10

Sterilization remains one of the most popular forms of fertility control in the world but it has received little acknowledgment for decreasing birthrates on account of its dubious use as a means of population control especially in developing countries In Matters of Choice Iris Lopez presents a comprehensive analysis of the dichotomous views that have portrayed sterilization either as part of a coercive program of population control or as a means of voluntary even liberating fertility control by individual women Drawing upon her twenty five years of research on sterilized Puerto Rican women from five different families in Brooklyn Lopez untangles the interplay between how women make fertility decisions and their social economic cultural and historical constraints Weaving together the voices of these women she covers the history of sterilization and eugenics societal pressures to have fewer children a lack of adequate health care patterns of gender inequality and misinformation provided by doctors and family members Lopez makes a stirring case for a model of reproductive freedom taking readers beyond victim agent debates to consider a broader definition of reproductive rights within a feminist anthropological context

La educación terapéutica: Programa Cubano de educación en diabetes , El "problema" del embarazo en la adolescencia. Contribuciones a un debate Claudio Stern,2012 El embarazo en la adolescencia es considerado como un riesgo para la salud materna e infantil as como un factor que contribuye al desmesurado crecimiento de la poblaci n a la deserci n escolar y a la perpetuaci n de la pobreza al coartar las posibilidades de desarrollo familiar Sus causas se atribuyen principalmente a la sexualidad precoz y a la falta de informaci n y de acceso a los m todos anticonceptivos Esta publicaci n pone en cuesti n los supuestos antes mencionados destacando dos factores realmente subyacentes a esta problem tica la pobreza y la desigualdad que dejan pocas oportunidades alternativas de desarrollo a una gran cantidad de nuestros j venes y la falta de una verdadera educaci n para el ejercicio de la sexualidad que les permita enfrentarse con responsabilidad a este aspecto tan central para su vida *Fixing Men* Matthew C.
